FRUIT STATISTICS OF CANADA, 1920

This report, which is compiled, as was that of last year, from data collected jointly by the Dominion Bureau of Statistics and the Fruit Branch of the Department of Agriculture, shows for the year 1920 (1) the quantities and values of commercial apples produced in Canada; and (2) the varieties and values of fruit trees, bushes and plants sold by Canadian nurserymen. As far as practicable the data for 1920 are compared with those of 1919. A preliminary bulletin of the results obtained was issued by the Dominion Bureau of Statistics on August 16, 1921.

COMMERCIAL PRODUCTION AND VALUE OF APPLES

According to the information collected, the commercial production of apples in Canada was 3,404,340 barrels of the value of \$29,849,149 in 1920, as compared with 3,334,660 barrels, of the value of \$24,396,210 in 1919, representing for 1920 an increase of 69,680 barrels in production and of \$5,452,939 in value. By provinces, the production and value were as follows: Nova Scotia 1,160,000 barrels, value \$10,931,420, in 1920, as compared with 1,600,000 barrels, value \$9,989,680, in 1919; New Brunswick 30,000 barrels, value \$167,371, in 1920, 40,000 barrels, value \$307,400, in 1919; Quebec 88,000 barrels, value \$569,688, in 1920, 70,500 barrels, value \$527,950, in 1919; Ontario 1,621,800 barrels, value \$13,073,765, in 1920, 878,860 barrels, value \$7,030,880, in 1919; British Columbia 504,540 barrels, value \$5,106,905, in 1920, 745,300 barrels, value \$6,540,300, in 1919. The average value per barrel for Canada was \$8.77 in 1920, as compared with \$7.31 in 1919. By provinces, the average values were: Nova Scotia \$9.42 in 1920, as against \$6.24 in 1919; New Brunswick \$5.78, against \$7.68; Quebec \$6.47, against \$7.50; Ontario \$8.06, against \$8; British Columbia \$10.12, against \$8.78.

These figures are set out in Table I, and in Table II the estimated distribution of commercial apples into early, fall and winter varieties is given for all the provinces for the year 1920. Table III shows the apple production in Ontario by the 15 fruit inspection districts of the Fruit Branch of the Department of Agriculture for the year 1920, as compared with 1919.

I. Production and Value of Commercial Apples in Canada, 1919 and 1920

Province	1919			1920		
	Quantity	Total Value	Value per Barrel	Quantity	Total Value	Value per Barrel
	barrels	\$	\$ c.	barrels	\$	\$ c.
Nova Scotia.....	1,600,000	9,989,680	6 24	1,160,000	10,931,420	9 42
New Brunswick.....	40,000	307,400	7 68	30,000	167,371	5 78
Quebec.....	70,500	527,950	7 50	88,000	569,688	6 47
Ontario.....	878,860	7,030,880	8 00	1,621,800	13,073,765	8 06
British Columbia.....	745,300	6,540,300	8 78	504,540	5,106,905	10 12
Total	3,334,660	24,396,210	7 31	3,404,340	29,849,149	8 77

NOTE.—Included in the above table are total export sales amounting to 1,127,400 barrels of the value, at par rate of exchange, of \$12,470,444, an average price per barrel of \$11.06. The province of Nova Scotia exported almost two-thirds of its total crop of 1920 at an average wholesale price of \$10.60 per barrel. The average wholesale price on the domestic market was \$6.25 per barrel. For the province of British Columbia boxes are expressed as barrels at the rate of three boxes to the barrel.

11. Estimated Distribution of Commercial Apples by Early, Fall and Winter Varieties, 1920

NURSERY TREES, BUSHES AND PLANTS

With a view to ascertaining as accurately as possible the quantities and values of nursery fruit trees, bushes and plants sold in Canada during the year ended September 30, 1920, schedules were issued to all fruit nurserymen in Canada. The replies received showed that

the total value of all nursery fruit stock sold in Canada during the year 1920 amounted to \$500,167.52, as compared with \$270,817.75 in 1919. Of apple trees 453,609 were sold to the value of \$206,286.48, as compared with 306,419 of the value of \$85,560.76 in 1919. For 1920 the apples were divided into early apples 66,088, value \$31,313.28; fall apples 65,597, value \$29,529.85; winter apples 308,860, value \$139,487.45 and crab apples 13,064, value \$5,955.90. The number and value of other descriptions in 1920 were as follows: Pears 64,383, value \$37,870.70; plums 79,451, value \$51,599.49; peaches 38,763, value \$18,135.13; cherries 53,521, value \$36,345.66; apricots 9,691, value \$6,403.20; quinces 382, value \$152.80; blackberries 1,735, value \$158.15; currants 223,040, value \$37,465.81; grapes 71,906, value \$12,207.83; gooseberries 87,664, value \$18,657.43; raspberries 589,999, value \$32,157.31; mulberries 32, value \$27.45; loganberries 28,057, value \$6,111.40; strawberries 2,788,333, value \$36,588.68. The average wholesale price per tree, bush or plant works out as follows: Apples 45 cents against 28 cents last year; pears 59 cents against 35 cents; plums 65 cents against 33 cents; peaches 46 cents against 17 cents; cherries 68 cents against 34 cents; apricots 66 cents; quinces 40 cents; blackberries 11 cents against 4 cents; currants 17 cents against 16 cents; grapes 17 cents against 10 cents; gooseberries 21 cents against 23 cents; raspberries 5 cents against 6 cents; mulberries 85 cents; loganberries 22 cents against 10 cents; strawberries \$1.29 per 100 against \$1.43 per 100.

In Table IV is given for Canada, and for each of the provinces, a summary of the number and value of each description of fruit stock sold during 1920, as compared with 1919. Table V gives the same information with the names of the varieties, but for the year 1920 only.

IV. Total Quantities and Values of Fruit Trees, Bushes and Plants sold by Nurserymen in Canada, by provinces, during the years ended September 30, 1919 and 1920.

Comparison of Table V in this report with the similar Table IV of last year¹ shows great differences in the number of the varieties sold. This is due in part to the conditions of the trade, but also in certain cases to variation of the returns. Thus, stocks which last year were grouped amongst the "odd" or "assorted" varieties may this year receive separate classification, whilst others separately listed last year may this year be included in the miscellaneous category. But the comparison will hold fairly true in respect of all the more numerous represented varieties. This year the names of the stocks have been carefully scrutinized with a view to placing under one proper description those variously named in the returns received. As new varieties are being constantly introduced it is possible that a few may have escaped recognition and proper classification. Of early apples there were sold, in 1920, according to Tables IV and V, 13, of fall apples 14, of winter apples 41, and of crabs 8, making the total for all 76. Of other fruits the number of varieties was as follows: Pears 14, plums 44, peaches 14, cherries 22, apricots 4, quinces 1, blackberries 4, currants 19, grapes 16, gooseberries 8, raspberries

¹See M.B., 1920, Vol. 13, No. 144, p. 214. The figures given therein for 1919 have been corrected in the present report by the addition of one return not included last year. One return for 1920 relates to the year ended March 1, instead of September 30, 1920.

22, mulberries 1, loganberries 1, strawberries 34. These quantities are exclusive of miscellaneous assortments, the names of which were not furnished. The varieties of which most numbers were sold were as follows, the corresponding number for 1919 being given within brackets: Early apples: Duchess of Oldenburg 33,066 (18,633); Yellow Transparent 19,138 (12,793); Fall apples: Wealthy 27,798 (23,938); Winter apples: McIntosh Red 77,933 (42,832); Fameuse (Snow) 29,137 (7,743); Delicious 26,566 (13,252); Northern Spy 20,604 (13,599); Wagener 15,830 (6,298); Jonathan 14,279 (4,501). Pears: Bartlett 28,304 (8,143); Flemish Beauty 8,070; Anjou (Beurre d'Anjou) 5,005 (1,110); Clapp 4,961 (3,002). Plums: Lombard 8,429 (2,498); Reine Claude 8,181 (2,864); Italian Prune 8,074 (270); Burbank 8,051 (2,610). Peaches: Elberta 12,302 (4,330); St. John 6,047 (3,145); Early Crawford 5,462 (3,852). Cherries: Montmorency 18,005 (6,344); Early Richmond 6,310 (295); Bing 4,513 (253); Windsor 3,320 (1,079); Black Tartarian 3,256 (150). Currants: Fay 35,777 (8,743); Champion 29,319 (20,372); Cherry 17,643 (5,098); Naples 14,957 (10,680); White Grape 14,641 (4,125); Boskoop Giant 12,524 (5,671); Lee 12,395 (6,348); Perfection 11,881 (6,705); Victoria 10,814 (528). Grapes: Concord 33,628 (15,946); Worden 10,909 (3,955); Niagara 10,559 (4,093). Gooseberries: Oregon Champion 43,195 (528); Downing 13,713 (5,483); Carrie 6,727 (6,789); Houghton 6,241 (4,489). Raspberries: Cuthbert 259,043 (54,530); Ranere 51,156; Herbert 38,976 (16,824); King 38,711 (8,574); Plum Farmer 27,275; Cumberland 15,514 (3,153); Turner 10,000; Marlboro 8,165 (1,375). Apricots: Moorpark 5,291; Strawberries: Senator Dunlap 1,358,754 (965,980); Magoun 658,700; Everbearing 172,843 (183,351); Paxton 107,000 (2,000); Marshall 90,300; Glen Mary 74,056 (17,460); Williams 51,900 (41,000); Progressive 26,075 (5,000); Belt 24,000 (2,515).
