FIELD CROPS AND LIVE STOCK OF CANADA, 1934.

Ottawa, December 4, 1934. The Dominion Bureau of Statistics issued today a bulletin giving for the year 1934 as compared with 1933 estimates of (1) the areas sown to the principal field crops and (2) the numbers of farm live stock. In June last, the Dominion Bureau of Statistics, in co-operation with the provincial Departments of Agriculture, undertook the collection of agricultural statistics for 1934 upon the same general lines as in previous years. For all the provinces, except Alberta, British Columbia and Nova Scotia, returns were collected from individual farmers upon cardboard schedules issued through the rural schools. In these three provinces, the returns were issued to and collected from the farmers through the mails. Cards were returned by about one in every five farms throughout Canada.

AREAS SOWN TO PRINCIPAL FIELD CROPS, 1934.

The total area estimated as sown to the principal field crops for 1934 is 55,035,420 acres, as compared with 56,584,450 acres reported for the same crops in 1933. Wheat occupied 23,985,000 acres, as compared with 25,991,100 acres in 1933. For fall wheat, the area harvested was 425,600 acres, as compared with 559,000 acres in 1933. The area under spring wheat was 23,559,400 acres as against 25,432,100 acres in 1933. Oats occupied 13,730,800 acres, as against 13,528,900 acres in 1933; barley 3,612,500 acres, as against 3,658,000 acres; rye 734,900 acres, as against 583,100 acres, and flaxseed 226,900 acres, as against 243,600 acres. For the remaining crops, the acreages for 1934 are estimated as follows, with the figures for 1933 given within brackets: Peas 94,960 (84,600); beans 56,760 (59,100); buckwheat 407,200 (398,300); mixed grains 1,159,200 (1,167,300); corn for husking 161,100 (136,600); potatoes 569,200 (527,700); turnips, mangolds, etc. 187,400 (183,900); hay and clover 8,881,400 (8,875,900); alfalfa 678,900 (721,600); fodder corn 497,100 (378,750); sugar beets 52,100 (46,000). The figures as published in our press letter of January 24, will be increased by the inclusion of grain hay. The areas by provinces are given in Table 1.

NUMBERS OF FARM LIVE STOCK, 1934.

The total numbers of farm live stock in Canada as in June last are estimated as follows, with the corresponding numbers for 1933 within brackets: Horses 2,933,492 (2,984,095); total cattle 8,951,900 (8,876,000); sheep, 3,421,100 (3,385,800); swine 3,654,000 (3,800,700); hens and chickens 55,429,500 (54,943,400); turkeys 2,643,900 (2,580,200); geese 943,600 (962,900); ducks 781,700 (837,900); total poultry 59,798,700 (59,324,400).

As compared with 1933, horses on farms decreased by 50,603, while total cattle show an increase of 75,900. Sheep in 1934 increased by 35,300 and swine decreased by 146,700. Turkeys show an increase of 63,700, while geese and ducks show decreases of 19,300 and 56,200 respectively; hens and chickens on farms increased by 486,100, making a net increase for all poultry of 474,300.

By provinces, horses show decreases in all the provinces except Nova Scotia where a slight increase is shown. Total cattle have declined in all the provinces, with the exception of Saskatchewan, Alberta and British Columbia. Sheep have increased in all the western provinces. Swine have decreased everywhere except in Quebec where an increase is indicated. Total poultry show increases in Nova Scotia, Saskatchewan, Alberta and British Columbia, and decreases in Prince Edward Island, New Brunswick, Quebec, Ontario and Manitoba.

Agricultural Statistics of the Indian Reserves, 1934.

For the twelfth successive year, returns of the areas sown to field crops and the number of farm live stock in June on the Indian Reserves have been collected from the Indian Agents in co-operation with the Department of Indian Affairs. Subject to final correction for the year 1934, the total results for the principal crops and the numbers of live stock for the whole of the Indian reserves of Canada are as follows:

1. - Areas under Field Crops on Indian Reserves, 1931 - 1934.

Crops	1931	1932	1933	1934
	acres	acres	acres	acres
Wheat	42,847	44,621	40,060	35,817
Oats	45,894	47,518	44,728	41,904
Barley	6,203	5,938	5,490	5,604
Rye	1,326	1,110	531	267
Peas	591	518	820	737
Beans	867	529	902	861
Buckwheat	851	869	1,009	854
Mixed grains	1,497	1,265	1,606	1,270
Corn for husking	1,148	1,077	1,007	1,362
Potatoes	5,240	6,093	5,872	6,419
Turnips, etc.	929	1,171	1,119	1,208
Land for hay	30,490	33,137	27,562	28,152
Alfalfa	2,546	3,628	6,495	4,698
Grain hay	1,223	...	2,346	2,005
Pasture	39,913	45,981	49,207	42,225
Fodder corn	449	218	486	712

11. - Numbers of Farm Live Stock on Indian Reserves, 1931 - 1934.

	No.	No.	No.	No.
Horses	40,734	38,095	35,368	30,990
Cattle	45,836	44,949	46,047	47,192
Sheep	3,577	2,707	2,752	2,851
Swine	8,312	13,204	8,762	7,035
Poultry	142,817	135,608	138,597	134,183
