Chief, Dairy Factory Statistics Section: Florence A. BrownREPORT ON CONCENTRATED MILK PRODUCTS, CANADA,
OCTOBER, 1929.

Statistics of the production of condensed and evaporated milk, milk powder, etc. for the month of October, 1929, are based on the returns of the 27 firms which manufactured these products during the month.

The combined total of production of items under the head of concentrated milk for the month of October shows a decrease from the preceding month of about two million pounds. A considerable increase is shown in the total exports for the month, while a decrease is recorded in the quantity held in storage at date of November 1.

Statistics of production, imports and exports and storage holdings, by items, for the month of October, with comparative figures for September, are given in the following tables.
