REPORT ON CONCENTRATED MILK PRODUCTS, CANADA,
AUGUST, 1929.

The report on the production of condensed and evaporated milk, milk powder, etc. for the month of August, is based on returns from the 27 firms which manufactured these products during the month.

Production for the month was greater than in the preceding month for condensed milk, evaporated skim milk, milk powder, cream powder and buttermilk powder, while decreases are recorded for the other items. The quantity of condensed milk exported was more than double that of the preceding month, and there is a decrease in the quantity in storage on September 1st. Exports of evaporated milk decreased, while the quantity held in storage shows an increase.

The following tables give statistics of production, imports and exports, and storage holdings for the month of August with comparative statistics for July.
