CONCENTRATED MILK PRODUCTION, CANADA, SEPTEMBER, 1932.

Statistics of the production of concentrated milk in Canada in September, 1932, are based on returns furnished by the 28 firms whose factories manufactured during the month any of the various items listed under the general classification of "concentrated milk", i.e., condensed milk, evaporated milk, milk powder, etc.

Production.- The combined total production of all items of concentrated milk in September, 1932, shows a decrease from the preceding month, but an increase over September, 1931, of a million pounds. The principal item in September, 1932, was evaporated milk with a total of 3,958,799 pounds. The production of condensed milk amounted to 1,418,787 pounds and of skim milk powder to 1,175,683 pounds.

Cumulative Production.- The total production of all items during the nine months ended September 30, 1932, was 67,418,976 pounds, compared with 71,645,417 pounds in the corresponding period of 1931.

Foreign Trade.- The export trade in these products continues to expand, each of the several items in September, 1932, showing an increase over the preceding month, as well as an increase over September, 1931. Only small quantities of concentrated milk products are imported into Canada, the total for the three items classified in the trade tables, amounting in September, 1932, to only 10,511 pounds.

Storage Warehouse Holdings.- Quantities of concentrated milk products held in storage warehouses were less at date of October 1, 1932, than at the same date in 1931, for all of the principal items.

1. Concentrated Milk Production, September, 1932, with Comparative Statistics for August, 1932 and September, 1931.

Kind	: September, 1932	: August, 1932	: September, 1931
	: Lb.	: Lb.	: Lb.
Condensed milk.....	: 1,418,787	: 1,666,489	: 1,500,041
