Chief, Dairy Factory Statistics Branch:	Florence A. Brown

PRODUCTION OF CONCENTRATED MILK, CANADA, DECEMBER, 1935.

Statistics of the production of concentrated milk in Canada in December, 1935, are based on returns from the 32 companies whose factories manufactured during the month any of the various items classified as "concentrated milk", i.e., condensed milk, evaporated milk, milk powder, etc.

Production.- The total production in December of all items combined was 5,182,377 pounds, a decrease from the preceding month of 613,225 pounds, or 11 per cent, but an increase over December, 1934, of 582,063 pounds, or 13 per cent. The principal item contributing to the increase over December, 1934, is evaporated milk. Skim milk powder records a decrease, as does also condensed milk. In every month of the present year, excepting January and October, total production has exceeded that of the corresponding month in 1934.

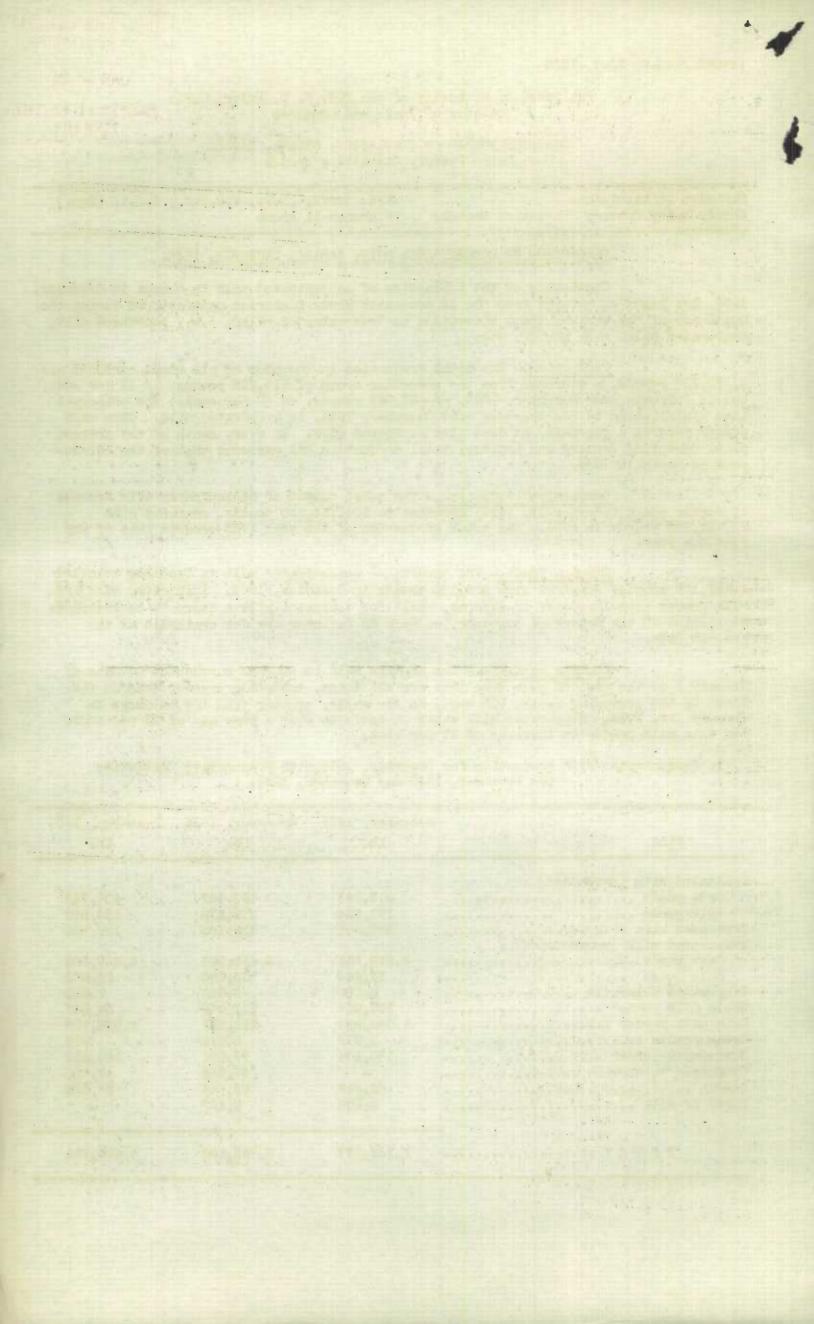

Cumulative Production. - The total output of concentrated milk for the 12 months ended December 31, 1935, amounted to 104,752,550 pounds, compared with 93,592,856 pounds in 1934. The total production of the year 1935 exceeds that of any previous year.

Foreign Trade.- The exports of concentrated milk in December totalled 1,131,100 pounds, compared with 888,100 pounds in December, 1934. Evaporated milk and milk powder show increases in exports, while for condensed milk a decroase is recorded. Statistics of the import of concentrated milk in December are not available at the present date.

Storage Holdings.- The amounts held in storage warehouses at date of January 1 of the present year were less for all items, excepting casein, than at the first of the preceding month, but were, on the whole, greater than the holdings on January 1st, 1935. Evaporated milk shows an increase over a year ago of 23 per cent, and skim milk powder an increase of 19 per cent.

1. Concentrated Milk Production for December, 1935, with Comparative Statistics for November, 1935 and December, 1934.

Kind	December, 1935 Lb.	November, 1935 Lb.	December, 1934 Lb.
