THE STONE INDUSTRY IN CANADA, 1927.

Quarrying Industry, including quarries and dressing works operated in conjunction with quarries; and (b) The Momumental and Ornamental Stone Industry, comprising the operations of firms which have no quarries, but who operate dressing works where stone for building and momumental purposes is cut, polished or otherwise finished.

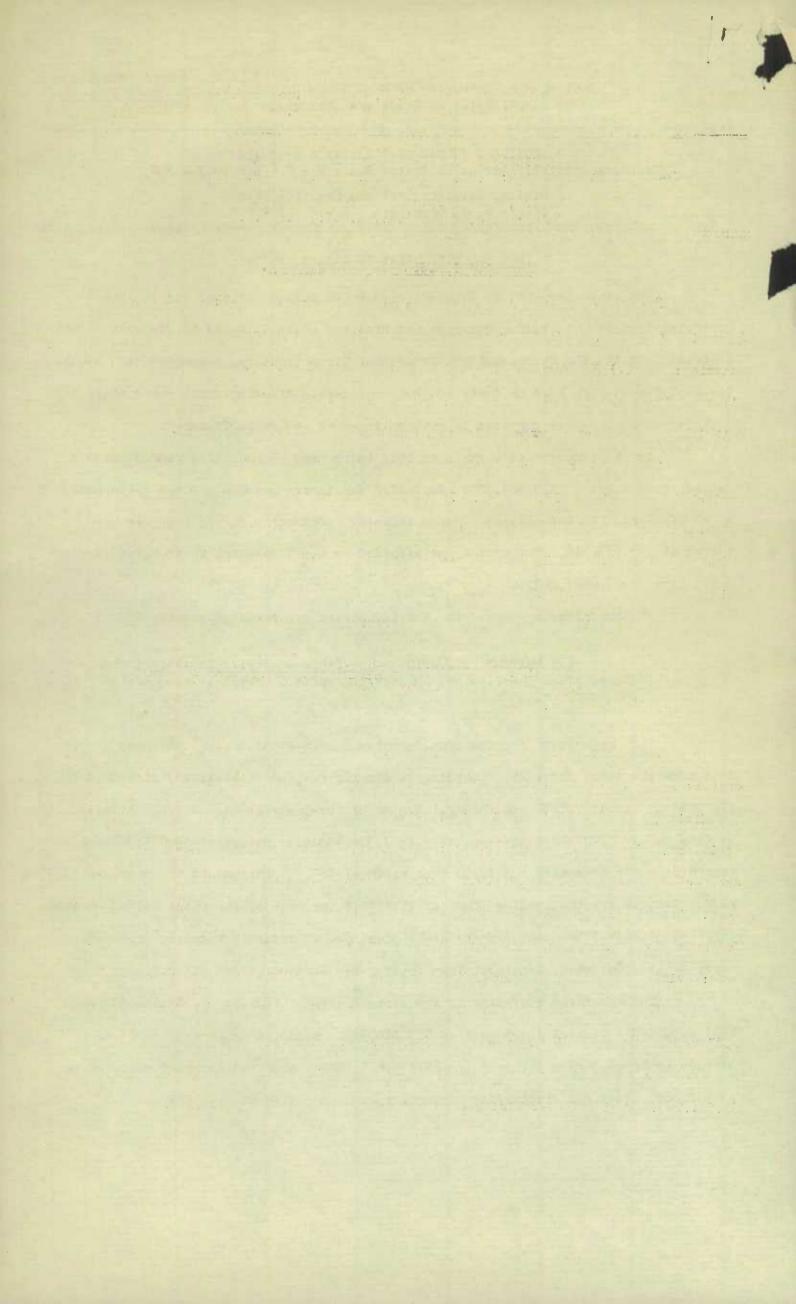

In the industry as a whole in 1927 there were 450 concerns representing a capital investment of \$19,569,790. Including the quarry outputs and the value added by manufacturing in the secondary stone industry, production during the year was valued at \$13,073,616. Employment was afforded to 6,585 persons, their total cernines being given as \$6,827,243.

In the following pages, the two industries are reviewed severately.

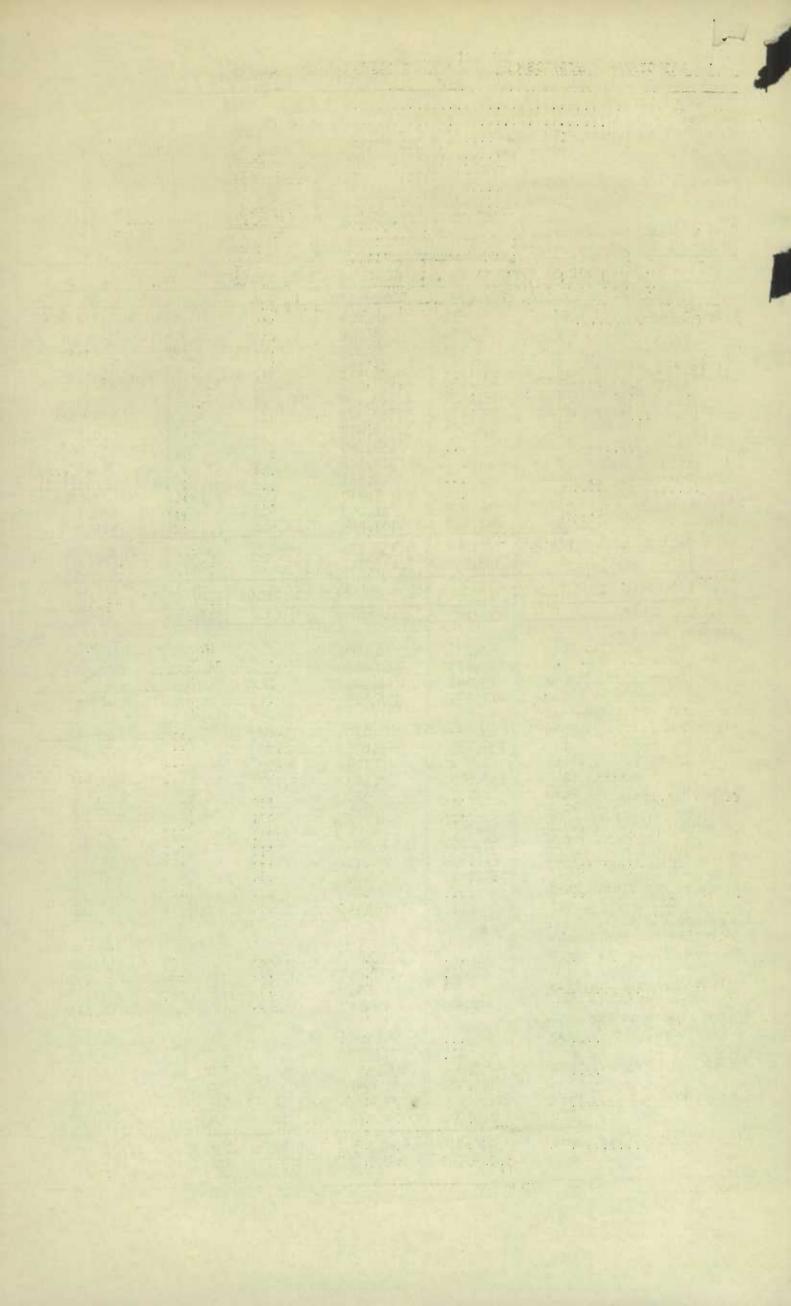

(1) PRIMARY PRODUCTION - The Stone quarrying Industry includes data on stone quarries and on dressing works operated in conjunction with quarries.

The roduction of stone from Canadian quarries during 1927 advanced 14 per cent over the total for 1926, according to finally revised statistics just issued by the Mining, Cotallurgical and Chemical Branch of the Dominion Bureau of Statistics at Ottawa. In 1927 shipments amounting to 7,306,436 tons valued at \$9,265,304 were recorded as compared with 6,397,590 tons worth \$7,865,874 shipped in the previous year. Ontario was the leading producer with 58.2 per cent of the total out ut, Quebec followed with 34.7 per cent and the other provinces in order of tonnages produced, were: British Columbia, Manitoba, Nova Scotia, New Brunswick, and Alberta.

The 222 firms operating in the stone quarrying industry in Canada during 1927 reported a capital investment of \$13,810,984. Salaried employees and we emarners amployed during the year totalled 5,071; their combined earnings amounted to \$4,571,605. Fuel and electricity consumed caused an outlay of \$496,603.

(2) SECONDARY PRODUCTION - The Nomumental and Ornamental Stone Industry includes the cutting, polishing or other finishing of stone in plants not operated in conjunction with quarries.

Stone-dressing works in Canada in 1927 reported a production of cut and polished stone for ornamental, monumental and building purposes amounting in value to \$5,606,984, as compared with a corresponding figure of \$5,799,690 in 1926. Reports in this industry were received by the Dominion Bureau of Statistics from 228 plants located as follows: 119 in Ontario, 49 in Quebec, 14 in Manitoba, 11 in each of New Brunswick and Tova Scotia, 9 in British Columbia, 8 in Saskatchewan, 5 in Alberta, and 2 in Prince Edward Island. These plants represented a capital investment in Canada of \$5,758,806 and employed a monthly average of 1,514 people throughout the year.

Payments in salaries and wages amounted to \$2,255,638 and \$1,798,672 was expended for stone.
