Quarterly Production of Processed Foods

All manufacturers of the main processed food items are asked to report their production quarterly, and the present release contains data, by quarters, for the years 1946, 1947 and 1948.

Although exact agreement between the Quarterly, and the Annual Census of Industry data is not possible, coverage in both series is now correlated, and the Quarterly may be considered as a useful indication of production, available considerably in advance of the more detailed Annual. To bring the historical quarterly data into line the 1946 Quarterly series shown in the present report has been revised to agree in total with the Annual. Although 1947 Annual totals are not yet available, it is thought that coverage in both series was approximately the same and that the 1947 quarterly figures, as well as those for 1948, will not be subject to important revisions at a later date.

This quarterly series does not include the pack of fresh fruits and vegetables, figures for which were collected at the end of each pack season and released separately.

Production Trimestrielle D'aliments Conditionnés

Tous les manufacturiers des principales variétés de denrées conditionnées doivent chaque trimestre, faire rapport de leur production, et la présente publication renferme des renseignements, par trimestre, pour les années 1946, 1947 et 1948.

Bien qu'il ne soit pas possible d'établir la concordance parfaite entre les données trimestrielles et celles du recensement annuel de l'industrie, la matière des deux séries a été mise en corrélation et les données trimestrielles peuvent être considérées comme étant une indication utile de la production paraissant sensiblement plus tôt que les données plus détaillées annuelles. Pour que les données trimestrielles historiques soient conformes, la série trimestrielle de 1946 donnée dans le présent rapport, a été révisée et mise en harmonie avec les totaux annuels. Bien que les totaux annuels de 1947 ne soient pas encore disponibles, on croit que la matière des deux séries est à peu près la même et que les chiffres trimestriels de 1947, aussi bien que ceux de 1948, ne seront pas sujets à des changements considérables plus tard.

Cette série trimestrielle ne renferme pas l'emballage des fruits et légumes frais, dont les renseignements ont été recueillis à la fin de chaque saison d'emballage et publiés séparément.

Note: All 1947 and 1948 data are preliminary, subject to revision.

Nota: Tous les chiffres de 1947 et 1948 sont provisoires et sujets à revision.
