Creamery butter reported in cold storage warehouses and creameries at February 1, 1937 amounted to 27,990,771 pounds. Making an estimate to cover the holdings of firms that failed to report, this figure is increased by 677,040 pounds giving a grand total of 28,667,811 pounds. Of this amount 20,083,813 pounds were held in cold storage warehouses and 8,583,998 pounds in creameries. Estimated stocks shown in the Canada totals are not included in the figures by provinces. Comparing the grand total as at February 1, 1937 with stocks reported at the same date of the previous year, an increase of nearly 4 million pounds or 14.8 per cent is shown, and compared with the holdings at the first of the previous month, there was a decrease of 7 million pounds or 19.7 per cent.
