SUPPLEMENTARY REPORT - BUTTER STOCKS

In the November 10th, 1949 issue of "Stocks of Dairy and Poultry Products", this Bureau published a revised figure of butter stocks for October 1. This revision was made because it was found that a few firms had not been including holdings for the Dairy Products Board in their stocks reported to the Bureau. Similar revisions for months prior to October 1 are given below. Details of these revisions will be published in the Annual Report at the end of the year, when final figures are available.
