REPORT ON THE STOCKS OF CANNED FRUITS AND VEGETABLES

(including Stocks of HONEY.)

APRIL 1, 1949.

The Dominion Bureau of Statistics presents their report on the stocks of canned fruits and vegetables held by canners, wholesale dealers and chain store warehouses at April 1, 1949. Table 1, of each Section includes the inventory of each important item in the present quarter together with data for 1947 and 1948 by quarterly periods.

Canned fruits stocks decreased from 4,166,726 dozen containers at January 1, 1949 to 3,072,791 dozen containers at April 1, 1949, approximately 150,000 dozen containers less than the 3,164,536 dozen containers held one year previous at April 1, 1948. Of the inventories held at the end of the present period, Canners stocked 1,789,811 dozen containers while wholesalers held 1,282,980 dozen containers.

The stocks of canned vegetables decreased to 14,226,619 dozen containers in this quarter from the January 1st, 1949 total of 18,466,731 dozen containers. This present figure is still nearly 5,000,000 dozen containers more than was held at April 1, 1948 when 9,414,464 dozen containers were reported. The inventory of all items decreased in this quarter except Baked Beans, etc. which increased 46,803 dozen containers to 1,618,503 dozen containers. Major decreases appear as follows: Peas, 1,934,344; Corn, 992,846; Tomatoes, 448,409; Beans, green or wax, 369,823; all decreases in dozens of containers.

Subsequent reports will follow this same form, sectionalized into (A) Canned fruits, (B) Canned Vegetables (C) Other Canned Products and (D) Honey. It may be noted that the reporting firms are required to show only the number of dozens of cans or other containers, specified according to sizes. This is done to expedite reporting and the conversion of the different sizes to net weight of contents is carried out in the Bureau. See Tables 5, 6, 7, of each respective section for the weights of products reported in Tables 1, 2 and 3.

Section A: Canned Fruits.

REPORT ON THE STOCKS OF CANNED FRUITS AND VEGETABLES

Table 1. - Stocks of Canned Fruits Held by Cannery, Wholesalers and Chain Store Warehouses at April 1, 1949, Showing Quantities of Major Items, by Dozen Units, Together with Comparable Data For 1947 and 1948.
