QUARTERLY STOCKS OF CANNED FOODS

(formerly Quarterly Stocks of Canned Fruits and Vegetables on Hand)

DECEMBER 31, 1959

Published by Authority of
The Honourable Gordon Churchill, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Industry and Merchandising Division

PREFACE

In the past year, the Bureau has necessarily had to reconsider the data which was being collected from fruit and vegetable processing firms as well as wholesalers. In order to determine whether or not collection of all the detail with respect to the inventories of canned foods was essential, correspondence was conducted with the processing firms and with the Canada Department of Agriculture. As a result, it was decided that the detail of inventories in this survey would be lessened and the appropriate changes made.

As a result of the above-mentioned contacts, the following changes in policy will become effective with this release:

a) March 31 Quarter and September 30 Quarter: Releases of this bulletin in these quarters will contain inventory of 20 main fruit and vegetable commodities only in the hands of canners as of the respective date. No survey of wholesalers on these two occasions will be required.

b) June 30 Quarter: This release will contain inventories of all original commodities held by canners plus the inventories of 20 fruit and vegetable commodities in the hands of wholesalers.

c) December 31 Quarter: This release will include inventories in the hands of canners and wholesalers for all original commodities formerly under survey.

It should be recognized that data now presented in this series will be reported in 'cases' (where applicable) and 'pounds'. Provincial or geographic inventories as well as inventories by size of container in the hands of both canners and wholesalers will be included in the December 31st issue only.
