STOCKS OF CANNED FOODS
(as at the end of the specified month)

JUNE 1967

(SUPPLEMENT)

The June issue of this publication usually included an extended list of items. In order to save time, the 21 main items of canned fruits and vegetables has been published as the regular June issue. The remaining items normally included in the June report are included in this supplementary issue. Therefore the regular June 1967 publication plus this supplement is the equivalent of the former June publication.
