MANUFACTURES OF THE NON-METALLIC MINERALS

THE AERATED WATERS INDUSTRY, 1934.

Production from the aerated waters industry in Canada was valued at \$11,586,140 in 1934. This output compares with a value of \$10,465,745 for 1933 and \$11,067,886 for 1932.

In 1934 there were 386 plants in Canada which were engaged chiefly in making non-alcoholic carbonated beverages. Of these, 153 were in Ontario, 118 in Quebec, 27 in Nova Scotia, 22 in British Columbia, 19 in New Brunswick, 16 in Saskatchewan, 15 in Manitoba, 12 in Alberta, and 4 in Prince Edward Island. Works in Quebec and Ontario accounted for 81.8 per cent of the total production and 75.6 per cent of the employees. In addition, 12 breweries made some carbonated beverages as secondary products; 7 of these were in Ontario, 1 in Manitoba, 2 in Alberta and 2 in British Columbia.

Capital employed in the industry was reported at \$11,583,339 including \$7,674,704 as the value of lands, buildings and equipment, \$1,529,576 as the value of materials on hand and in process, \$211,174 as the value of finished products on hand, and \$2,167,885 as operating capital.

Employees numbered 2,354 including 649 on salaries and 1,705 on wages. Salaries amounted to \$889,107 and wages to \$1,601,451.

Production included carbonated beverages worth \$10,419,806 at the works, syrups and fruit juices at \$1,040,908, natural mineral waters at \$52,113, and miscellaneous products at \$73,313.

In addition to the production of carbonated beverages in this industry, there was an output worth \$551,474 by concerns in the Brewing Industry. Thus the total Canadian output of carbonated beverages amounted to \$10,971,280 including \$4,764,905 for Quebec, \$3,991,470 for Ontario, \$703,450 for Manitoba, \$453,896 for Alberta, \$277,593 for New Brunswick, \$260,393 for British Columbia, \$237,793 for Saskatchewan, \$263,154 for Nova Scotia and \$18,626 for Prince Edward Island.

Imports into Canada of mineral and aerated waters were valued at \$87,618 during 1934 and exports for the same period amounted to \$5,322.
