ANNUAL INDUSTRY REPORT

MANUFACTURES OF THE NON-METALLIC MINERALS GROUP

THE AERATED WATERS INDUSTRY, 1935

Manufacturers of carbonated beverages in Canada reported a gain of 20 per cent in production value in 1935 as compared with 1934. Output in 1935 was worth \$13,851,785 at factory selling prices compared with \$11,586,140 in 1934, \$10,465,745 in 1933 and \$11,067,886 in 1932. The 1935 value was the highest on record for the industry.

In 1935 there were 401 plants in Canada which were engaged chiefly in making non-alcoholic carbonated beverages. Of these, 156 were in Ontario, 122 in Quebec, 30 in Nova Scotia, 26 in British Columbia, 18 in New Brunswick, 16 in Saskatchewan, 16 in Manitoba, 13 in Alberta, and 4 in Prince Edward Island. Works in Quebec and Ontario accounted for 80 per cent of the total production and 77 per cent of the employees. In addition, 8 breweries made some carbonated beverages as secondary products; 4 of these were in Ontario, 1 in Manitoba, 2 in Alberta and 1 in British Columbia.

Capital employed in the industry was reported at \$12,495,396, including \$8,160,791 as the value of lands, buildings and equipment, \$1,831,465 as the value of materials on hand and in process and finished products on hand, and \$2,503,140 as operating capital.

Employees numbered 2,870, including 881 on salaries and 1,989 on wages. Salaries amounted to \$1,197,658 and wages to \$1,708,913.

Production included carbonated beverages worth \$12,480,177 at the works, syrups and fruit juices at \$1,208,067, natural mineral waters at \$45,100, and miscellaneous products at \$118,441.

In addition to the production of carbonated beverages in this industry, there was an output worth \$302,338 by concerns in the Brewing Industry. Thus the total Canadian output of carbonated beverages amounted to \$12,782,515 including \$5,343,676 for Quebec, \$4,639,314 for Ontario, \$925,904 for Manitoba, \$549,809 for Alberta, \$315,729 for New Brunswick, \$350,015 for British Columbia, \$261,091 for Saskatchewan, \$325,881 for Nova Scotia and \$21,096 for Prince Edward Island.

Imports into Canada of mineral and aerated waters were valued at \$85,514 during 1935 and exports for the same period amounted to \$4,627.
