ANNUAL INDUSTRY REPORT

MANUFACTURES OF THE NON-METALLIC MINERALS GROUP

THE AERATED WATERS INDUSTRY, 1936.

Manufacturers of carbonated beverages in Canada reported a gain of 23 per cent in production value in 1936 as compared with 1935. Output from these factories in 1936 was worth \$17,047,481 at factory selling prices compared with \$13,851,785 in 1935, \$11,586,140 in 1934 and \$10,435,745 in 1933. The 1936 value was the highest on record for the industry.

In 1936 there were 406 plants in Canada which were engaged chiefly in making non-alcoholic carbonated beverages. Of these, 155 were in Ontario, 128 in Quebec, 28 in Nova Scotia, 25 in British Columbia, 18 in New Brunswick, 18 in Saskatchewan, 17 in Manitoba, 13 in Alberta, and 4 in Prince Edward Island. Works in Quebec and Ontario accounted for 79 per cent of the total production and 77 per cent of the employees. In addition, 9 breweries made some carbonated beverages as secondary products; 4 of these were in Ontario, 1 in Manitoba, 2 in Alberta and 2 in British Columbia.

Capital employed in the industry was reported at \$13,323,302, including \$8,669,691 as the value of lands, buildings and equipment, \$2,097,797 as the value of materials on hand and in process and finished products on hand, and \$2,559,214 as operating capital.

Employees numbered 3,293, including 931 on salaries and 2,362 on wages. Salaries amounted to \$1,388,456 and wages to \$2,214,570.

Production included carbonated beverages worth \$15,324,649 at the works, syrups and concentrates at \$1,553,811, natural mineral waters at \$63,687 and miscellaneous products at \$105,334.

In addition to the production of carbonated beverages in this industry, there was an output worth \$392,554 by concerns in the Brewing Industry. Thus the total Canadian output of carbonated beverages amounted to \$15,717,203, including \$6,337,140 for Quebec, \$5,847,804 for Ontario, \$1,243,274 for Manitoba, \$731,942 for Alberta, \$320,105 for New Brunswick, \$415,560 for British Columbia, \$419,160 for Saskatchewan, \$349,652 for Nova Scotia and \$26,566 for Prince Edward Island.

Imports into Canada of mineral and aerated waters were valued at \$91,078 during 1936 and exports for the same period amounted to \$4,057.
