THE AERATED WATERS INDUSTRY, 1937

Manufacturers of carbonated beverages in Canada reported a gain of 31 per cent in the value of products in 1937 as compared with 1936. Output from these factories in 1937 was worth \$22,383,113 at factory selling prices compared with \$17,047,481 in 1936.

In 1937 there were 436 plants in Canada which were engaged chiefly in making non-alcoholic carbonated beverages. Of these, 163 were in Ontario, 142 in Quebec, 33 in Nova Scotia, 25 in British Columbia, 18 in New Brunswick, 19 in Saskatchewan, 17 in Manitoba, 14 in Alberta, and 5 in Prince Edward Island. Works in Quebec and Ontario accounted for 79 per cent of the total production and 75 per cent of the employees. In addition, 9 breweries made some carbonated beverages as secondary products; 4 of these were in Ontario, 1 in Manitoba, 2 in Alberta and 2 in British Columbia.

Capital employed in the industry was reported at \$15,432,234 including \$9,826,276 as the value of lands, buildings and equipment, \$2,332,602 as the value of materials on hand and in process and finished products on hand, and \$3,273,356 as operating capital.

Employees numbered 3,968 including 1,043 on salaries and 2,925 on wages. Salaries amounted to \$1,675,624 and wages to \$2,800,194.

Production included carbonated beverages worth \$20,018,879 at the works, syrups and concentrates at \$2,153,818, natural mineral waters at \$102,648 and miscellaneous products at \$107,768.

In addition to the production of carbonated beverages in this industry, there was an output worth \$532,616 by firms in the Brewing Industry. Thus the total Canadian output of carbonated beverages amounted to \$20,551,495 including \$8,340,463 for Quebec, \$7,698,617 for Ontario, \$1,464,015 for Manitoba, \$358,038 for Alberta, \$475,830 for New Brunswick, \$543,452 for British Columbia, \$535,315 for Saskatchewan, \$595,418 for Nova Scotia and \$40,347 for Prince Edward Island.

Imports into Canada of mineral and aerated waters were valued at \$89,962 during 1937 and exports for the same period amounted to \$5,097.
