THE CORDAGE, ROPE AND TWINE INDUSTRY
1951

Published by

Authority of the Rt. Hon. C. D. Howe Minister of Trade and Commerce

Prepared in the General Manufactures Section Industry and Merchandising Division Dominion Bureau of Statistics Ottawa

34-203

NOTICE

The annual reports prepared by the Industry and Merchandising Division of the Bureau of Statistics are divided into 4 volumes, as follows: Volume I—The Primary Industries, including mining, forestry and fisheries; Volume II—Manufacturing; Volume III—Construction; Volume IV—Merchandising and Services. The volumes are made up of parts, and the parts in turn are subdivided according to the industries which they comprise.

Volume II consists of the following parts, the first two of which deal with manufacturing as a whole and the balance with the major manufacturing groups.

I-General Review of the Manufacturing Industries, \$1.50.

II - The Manufacturing Industries, by Provinces

Section 1. Principal Statistics of Major Industrial Groups

and Leading Industries, 50¢. Section 2. Principal Statistics of Individual Industries, 75¢.

Section 3. Principal Statistics by Regional Distribution, 75¢.

III - Foods and Beverages

IV - Tobacco and Tobacco Products

V - Rubber Products

VI-Leather Products

VII - Textiles

VIII - Wood and Paper Products

IX-Printing Trades

X-Iron and Steel Products

XI - Transportation Equipment

XII - Non-ferrous Metal Products

XIII - Electrical Apparatus and Supplies

XIV - Non-metallic Mineral Products

XV-Products of Petroleum and Coal

XVI-Chemicals and Allied Products

XVII - Miscellaneous Manufactures

The present report belongs in Part VII, Textiles. It is punched to permit of filing in a ring binder along with others of the group. The reports in this group are:

A-General Review of All Textiles, 25¢.

Textiles, Except Clothing

B-General Review, 25¢.

C-The Cotton Textile Industries, 25¢.

D-The Wool Textile Industries, 25¢.

E-The Synthetic Textiles and Silk Industry, 25¢.

F-The Narrow Fabrics Industry, 25¢.

G-The Dyeing and Finishing of Textile Goods Industry, 25¢.

Miscellaneous Textile Products

H-The Awning, Tent and Sail Industry, 25¢.

I-The Cordage, Rope and Twine Industry, 25¢.

J-The Cotton and Jute Bag Industry, 25%.

K-The Miscellaneous Textiles Industries, 25¢.

Clothing

L-General Review, 25¢.

M-The Men's Factory Clothing Industry, 25¢.

N-The Women's and Children's Factory Clothing Industries, 25¢.

O-The Hosiery, Knitted Goods and Fabric Glove and Mitten Industries, 25¢.

P-The Corset Industry, 25¢.

Q-The Fur Goods and Fur Dressing Industries, 25¢.

R-The Hat and Cap Industry, 25¢.

S-The Miscellaneous Clothing Industries, 25¢.

THE CORDAGE, ROPE AND TWINE INDUSTRY 1951

The cordage, rope and twine industry operated at significantly higher levels in 1951 than in 1950. There was an increase in output from \$17,459,571 in 1950 to \$29,709,244 in the year under review. Much of this increase, however, was due to higher valuation; the wholesale price of binder twine, for example, rose from \$21.399 per cwt. in 1950 to \$27.628 in 1951. In addition to a much larger quantity of binder twine being available for Canadian consumption, exports rose from 174,936 cwt. in 1950 to 260,659 cwt. in 1951.

Of the eleven establishments listed in the cordage, rope and twine industry, six are located in Ontario, two in Quebec, one in Nova Scotia, one in British Columbia and one in Newfoundland. The plants in Ontario dominated the industry in 1951 accounting for 85 per cent of production and 84 per cent of employment.

The industry's gross value of production of \$29,709,244 in 1951 was accompanied by a cost of materials of \$19,736,188. These figures compared with a production of \$17,459,571 and cost of materials of \$10,989,236 in the previous year. There was an increase of one establishment in 1951 and employment rose from 1,370 to 1,774 over the two years while salaries and wages recorded a gain from \$3,030,188 to \$4,576,300.

From the standpoint of both volume and value, binder twine is the principal product manufactured by the industry. The production of binder twine rose from 39,126,566 pounds valued at \$6,468,269 in 1950 to 65,934,456 pounds valued at \$13,710,121 in 1951. The value of production of binder twine in 1951 represented 46 per cent of the total value of production of the industry. Baler twine increased from 7,523,080 pounds valued at \$1,599,152 in 1950 to 16,232,020 pounds valued at \$4,232,450 in 1951.

The output of rope totalled 14,282,710 pounds valued at \$6,678,788 in 1951 compared with 12,567,214 pounds worth \$4,617,895 the previous year. Manilla rope was valued at \$3,446,503 in 1951 compared with \$2,574,492 the previous year. The value of production of sisal rope showed a gain from \$1,790,603 to \$2,754,913 over the two years.

Hard fibres, such as Manilla hemp, African sisal, Brazilan, Haitian and Mexican, constitute the principal materials used by the industry. The quantity consumed in 1951 was valued at \$16,727,459 or 85 per cent of the total cost of materials used. Full details of production and materials consumed are given in Tables 3 and 5 of this Report.

^{1.} Includes one establishment in Newfoundland, one in Nova Scotia, two in Quebec and one in British Columbia.

Profits or losses cannot be estimated from the figures published in this report as no data are collected for overhead expenses, such as interest, rent, depreciation, taxes, insurance, advertising, etc.

The statistics published in this report include only the statistics of manufacturing establishments whose principal products are cordage, rope and twine. Statistics relating to specific products, such as twines, are not to be regarded as the total for Canada since some of these products are also produced in cotton fextiles establishments.

^{1.} Selling value at factory in this case dows not represent sales at a definite level as it includes sales to wholesalers at whole-sale prices along with sales to dealer organizations at manufacturer's cost of production. As a guide to selling prices of binder twine, reference may be had to the whole-sale prices as published by Prices Statistics Branch of the Bureau of Statistics which for the years 1950 and 1951 were \$21.399 and \$27.628 per cwt., respectively.
