THE HAT AND CAP INDUSTRY

1948

DOMINION BUREAU OF STATISTICS
DEPARTMENT OF TRADE AND COMMERCE

Published by Authority of the Rt. Hon. C. D. Howe
Minister of Trade and Commerce

This report is a part of the annual Census of Industry and Merchandising,
prepared in the General Manufactures Section,
Dominion Bureau of Statistics, Ottawa

THE HAT AND CAP INDUSTRY IN CANADA, 1948.

In 1948 reports were received from 164 establishments whose principal output consisted of hats, caps and hat and cap maker's materials. These establishments had a production valued at \$24,955,361. They employed 4,714 persons, paid out in salaries and wages the sum of \$8,358,871, and expended \$11,142,545 for materials.

The Hat and Cap Industry is mainly centered in Quebec and Ontario. Quebec, with 72 establishments in 1948, accounted for 46 per cent of the persons employed, 46 per cent of the salaries and wages paid and 45 per cent of the gross value of production. Ontario, with 72 establishments in the same year, reported 44 per cent of the persons given employment, 46 per cent of the amount paid out in salaries and wages and 47 per cent of the gross value of all production in the industry.

The industry operated at a level somewhat reduced from that of 1947. The gross value of production decreased by \$1,858,168 or 6.9 per cent. Employment was provided for 463 or 8.8 per cent fewer persons, which decline in employment was accompanied by an increase in salary and wage payments amounting to \$72,270 or .9 per cent. The amount expended for materials was lower by \$1,603,677, a decrease of 12.6 per cent, and the value added by manufacture fell by \$255,570.

In the Hat and Cap Industry as a whole "men's fur felt hats" with a value of \$5,809,078 was the most important item of production in 1948. This was followed by "women's wool felt hats" with \$4,028,856, "woman's straw hats", \$3,280,043, "women's fur felt hats", \$2,903,524, and "cloth caps", \$1,599,161. These items represented over 70 per cent of the total production for the industry. For details of production see Table 4.

Statistics covering materials used in the industry are not collected in detail. Therefore, only the total cost is shown.

Of the 3,999 wage-earners employed by the Hat and Cap Industry in 1948, males numbered 1,780 and females 2,219. Maximum employment was reached in March with 4,313 employed while the minimum number was 3,741 in July.
