MEN'S FACTORY CLOTHING INDUSTRY IN CANADA, 1928.

Ottawa, January, 1930.- A report on men's ready-to-wear clothing made in factories in Canada during the calendar year 1928 is presented herewith. Reports were received from 218 establishments in 25 of which the clothing was made by outside contractors from materials furnished by the firm reporting,-in consequence of which the number of employees, wages paid and the number of days the factories were in operation were omitted. A comparative summary for the years 1927 and 1928 showing the location of the factories by provinces is given in the following table:

	1927	1928
CANADA	204	218
Nova Scotia	2	2
New Brunswick	2	2
Quebec	137	142
Ontario	55	61
Manitoba	4	6
Alberta	3	3
British Columbia	1	2

In order that no information may be divulged concerning individual establishments, statistics for New Brunswick and Nova Scotia have been combined and are shown throughout this report under the head of Maritime Provinces. Similar procedure has been adopted in the case of Alberta and British Columbia which are shown under the head of Western Provinces.

MEN'S FACTORY CLOTHING INDUSTRY IN CANADA, 1928.

A threefold measure of the size of establishments is presented in the following series of tables. Table (a) affords a measure of establishments from the standpoint of employment, table (b) from the amount of Capital investment and table (c) the gross value of production.

From a study of these tables it will be noted that 27 establishments in a total of 204 employed 56.69 per cent of the total number at work in 1927 as compared with 27 establishments in a total of 218 employing 56.58 per cent in 1928. Similarly in capital investment 30 establishments had 65.94 per cent of the total investment in 1927 whilst in 31 establishments in 1928 the percentage to the total capital was 55.91. Again in gross value of production 58 establishments in 1927 produced 74.84 per cent of the total, whereas in 1928 with 64 establishments the percentage was 75.02 of the total gross value of production.
