Definition of Industry

In terms of the 1970 Standard Industrial Classification, this industry is defined as including those establishments primarily engaged in manufacturing suits, coats, trousers, overcoats, shirts, underwear, work clothing, sheepskin-lined coats, sportswear and men's furnishings and leather clothing.

Review of 1974

The value of shipments of goods of own manufacture increased 12.2% over 1973 in a year marked by little real change in overall performance or commodity shipment characteristics. Men's suits continued to represent about 19% of total men's wear shipments by value, while men's jeans increased their share of the value of men's garment shipments to 7.3% from 6.9% in 1973.

Shipments of women's, girls', children's and infants' wear are not shown in detail in this publication. More detailed information is available from our publication entitled "Women's and Children's Clothing Industries" Catalogue 34-217.

General Trends

There has been very little movement in selected manufacturing ratios over the last five years:

Définition de l'industrie

En fonction de la Classification des activités économiques de 1970 cette industrie comprend les établissements qui s'occupent principalement de la confection des complets, manteaux, pantalons, pardessus, chemises, sous-vêtements, vêtements de travail, vêtements doublés de peau de mouton, vêtements de sport, lingerie et vêtements de cuir.

Revue de 1974

De 1973 à 1974, la valeur des livraisons de produits de propre fabrication a augmenté de 12.2%. Au cours de cette année, le rendement global et les caractéristiques des livraisons de produits n'ont que peu varié. Les complets pour hommes sont encore intervenus pour environ 19% de la valeur des livraisons totales de vêtements pour hommes, tandis que la part des "jeans" pour hommes passait de 6.9% en 1973 à 7.3% en 1974.

Les livraisons de vêtements pour femmes, fillettes, enfants, bébé et poupons ne figurent pas en détail dans la présente publication. Pour plus de détails, veuillez consulter notre publication intitulée "Industries des vêtements pour dames et enfants", n° 34-217 au catalogue.

Tendances générales

Les ratios des industries choisies sont demeurés assez stables au cours des cinq dernières années:
