## PRODUCTION, SHIPMENTS AND STOCKS ON HAND OF SAWMILLS

## IN BRITISH COLUMBIA

MAY, 1953

Production of sawn lumber and ties in British Columbia totalled 305,621 M ft. in May, 1953 as compared with 349,542 M ft. in May, 1952 a decrease of 12.6 p.c. from the previous year but an increase of 7.1 p.c. over the previous month. Production of Coast mills, which account for 70.0 p.c. of the total, showed a decrease of 12.5 p.c. from the same month of the previous year, and the Interior mills, which produced the remaining 30.0 p.c. showed a decrease of 12.7 p.c. Shipments in May, 1953 totalled 318,802 M ft., as compared with 327,787 M ft. the previous year, a decrease of 2.7 p.c. with Coast mills registering a decrease of 6.0 p.c. but Interior mills an increase of 6.9 p.c. Total shipments for May increased by 5.3 p.c. over the April figure of 302,738 M ft. Stocks on hand at the end of May, 1953 amounted to 416,302 M ft., as compared with 385,779 M ft. at the end of May the previous year and 424,926 M ft. at the end of April of this year. Coast mills reported stocks totalling 238,298 M ft., while Interior mills showed 178,004 M ft.

Summary Figures

Table 1 gives a comparative summary of production, shipments and stocks of sawn lumber and ties for all British Columbia sawmills for April and May, 1952 and 1953. Details by species are given for production and stocks while shipments are shown by destination. Total production increased from 289,228 M ft. in April, 1952 to 349,542 M ft. in May, 1952 and from 285,296 M ft. in April to 305,621 M ft. in May, 1953. Shipments totalled 302,738 M ft. in April, 1953 and 318,802 M ft. in May, 1953 as compared with 296,037 M ft. in April and 327,787 M ft. in May of 1952. Stocks on hand at sawmills decreased from 400,712 M ft. in April, 1952 to 385,779 M ft. in May and decreased from 424,926 M ft. in April, 1953 to 416,302 M ft. in May of this year.

Production

Table 2 gives particulars of lumber and tie production for Coast mills and Interior mills separately, and also shows separately the production of lumber and ties, by species. Production of sawn lumber in Coast mills amounted to 210,040 M ft. in May, 1953 as compared with 89,508 M ft. reported by Interior mills. Sawn tie production of Coast mills was 3,781 M ft. in May as compared with 2,292 M ft. for Interior mills. Coast mills accounted for 70.0 p.c. of the total production of sawn lumber and ties in May, 1953 as compared with 69.9 p.c. the previous year. The percentages of Coast mills during April, 1953 and 1952 respectively, were 74.5 and 76.6 p.c.

Shipments

Table 3 gives details of lumber and tie shipments, by months, for Coast mills and Interior mills separately. Shipments by truck, by rail and waterborne are shown for each Canadian province, to points in the United States, to United Kingdom and to other countries, for all mills reporting. Total estimated shipments of non-reporting mills are also given. It is to be noted, however, that some lumber originally reported as having been shipped to points in British Columbia may have been re-shipped to other provinces or exported by the purchasers and reported by them also, thereby causing a certain amount of duplication.

Shipments of Coast mills amounted to 230,076 M ft. in May of 1953 and 224,882 M ft. in April, 1953 as compared with 244,764 M ft. in May, 1952 and 228,064 M ft. in the previous month, while the Interior mills shipped 88,726 M ft. and 83,023 M ft. in May, 1953 and 1952 and 77,856 M ft. and 67,973 M ft. in April, 1953 and 1952. Of all shipments actually reported for May, 35.9 p.c. went to points in Canada, 40.7 p.c. to points in United States, 12.6 p.c. to the United Kingdom and 10.8 p.c. to other countries. Waterborne shipments accounted for 43.9 p.c. of the total, while 38.8 p.c. went by rail, and 17.3 p.c. by truck.

Stocks

Table 4 gives particulars of stocks of lumber and ties at sawmills by months. It distinguishes between stocks sold but not shipped and stocks unsold, and between stocks at Coast and Interior mills, by species. Total stocks at Coast mills in April and May, 1953 amounted to 260,427 M ft. and 238,298 M ft. as compared with 247,620 M ft. and 238,725 M ft. in April and May of 1952. Interior mills stocks decreased from 153,092 M ft. in April to 147,054 M ft. in May, 1952 but increased from 164,499 M ft. in April to 178,004 M ft. in May 1953. Unsold stocks accounted for approximately 28.5 p.c. of the total in May, 1953 as compared with 36.6 p.c. in May, 1952 for Coast mills, while for the Interior mills the percentages were, respectively, 82.8 and 77.6.

Orders on Hand

Table 5 shows the distribution of orders on hand at the end of the months of April and May, 1952 and 1953 for Coast mills only. Similar information is not collected from Interior mills and no attempt has been made to estimate orders on hand of non-reporting mills on the Coast. Destination and mode of shipments are shown in this table, which also gives total lumber purchases reported by some mills. Total orders on hand at the end of May, 1953 amounted to 269,054 M ft. as compared with 317,476 M ft. in May, 1952. Orders on hand at the end of April, 1953 and 1952 amounted to 320,506 M ft. and 397,887 M ft., respectively. Purchases of lumber from other mills amounted to 5,408 M ft. in May, 1953 and 7,920 M ft. in May, 1952 as compared with 5,596 M ft. in April, 1953 and 4,939 M ft. in April, 1952.

Active Mills Reporting

Table 6 gives the number of active mills reporting each month for the Coast and Interior of British Columbia. The mills reporting for May accounted for 84.6 p.c. of the total production on the basis of the annual returns from 1951 compared with 78.3 p.c. for the previous year. The percentages for April, 1952 and 1953 were 79.8 and 88.2 respectively. It is hoped that the compilation will eventually include all mills in the 500,000 feet and over classification.

The co-operation of the British Columbia Lumber Manufacturers' Association, Interior Lumber Manufacturers' Association and Northern Interior Lumberman's Association in the collection of these statistics is gratefully acknowledged.
