## THE PRINTING TRADES IN CANADA, 1947.

Products of the printing trades in 1947 were valued at \$263,632,152, an increase of more than forty one million dollars, or 18.5 per cent over 1946.

The present report combines in one publication statistics relating to printing, publishing, bookbinding, lithographing, engraving, stereotyping, electrotyping, trade composition and blueprinting. It covers the greater part of the work done in Canada by the printing trades and allied graphic arts, with the exception of that done as a side line in connection with the manufacture of paper bags and boxes and other miscellaneous paper goods which is shown in separate reports on those industries.

Altogether, 2,458 establishments were classed in the printing trades in 1947, in comparison with 2,404 the previous year. The average number of employees rose from 48,950 in 1946 to 52,096 in 1947. Salaries and wages paid in 1947 amounted to \$101,611,652, an increase of 17.6 per cent over the previous year (\$86,433,880). Expenditures for fuel and electricity totalled \$2,379,635 in 1947, as compared with \$2,095,207 in 1946. The net value of products, obtained by subtracting the cost of materials, fuel and electricity from the gross value of products, amounted to \$178,667,051, as compared with \$154,951,731 in 1946.

With 1,049 plants, Ontario accounted for 54.8 per cent of the total production in 1947. The 596 establishments in Quebec produced 24.4 per cent. In British Columbia and the Yukon, 221 plants produced 6.7 per cent, followed by Manitoba's 170 establishments with 5.9 per cent. There were 150 plants in Alberta, 74 in Nova Scotia, 142 in Saskatchewan, 48 in New-Brunswick and 8 in Prince Edward Island, accounting for 3.0 per cent, 2.0 per cent, 1.9 per cent, 1.1 per cent and 0.2 per cent, respectively.

Raw materials used and services received by the printing trades in 1947 cost \$82,585,466, an increase of 26.1 per cent. Of this amount, \$24,444,651, or 29.6 per cent represent the cost of newsprint paper; \$21,804,717 or 26.4 per cent, the cost of book, bond and writing paper; \$12,903,271, or 15.6 per cent, the cost of paper board, cover and fancy paper, blueprint, photostat and other sensitized paper, etc., etc. Other materials and supplies used were valued at \$14,480,695. Trade work and other services received are reported at \$8,916,132.

## LES METIERS DE L'IMPRIMERIE AU CANADA, 1947.

La production des métiers de l'imprimerie en 1947 atteint une valeur de \$263,632,152, augmentation de plus de 41 millions ou de 18.5 p. 100 sur 1946.

Le présent rapport réunit en une seule publication la statistique de l'impression, l'édition, la reliure, la lithographie, la gravure, la stéréotypie, l'électrotypie, la composition commerciale et les bleus-prussiates. Il renferme la plus grande partie du travail fait au Canada dans les imprimeries et industries connexes mais ne comprend pas les impressions faites comme entreprise secondaire dans les établissements qui fabriquent des boîtes et sacs en papier et dans l'industrie des objets divers en papier, qui font l'objet de rapports distincts.

Dans l'ensemble, 2,458 établissements appartiennent aux métiers de l'imprimerie en 1947, au regard de 2,404 l'année précédente. Le nombre moyen d'employés passe de 48,950 en 1946 à 52,096 en 1947. Les salaires et gages en 1947 s'élèvent à \$101,611,652, augmentation de 17.6 p. 100 sur le total de \$86,433,880 l'année précédente. Les dépenses pour combustible sont de \$2,379,635 en 1947, contre \$2,095,207 en 1946. La valeur nette des produits, obtenue en soustrayant le coût des matières premières, du combustible et de l'électricité, de la valeur brute des produits, s'élève à \$178,667,051, contre \$154,951,731 en 1946.

Les 1,049 établissements de l'Ontario contribuent 54.8 p. 100 de la production totale en 1947. Les 596 établissements du Québec en fournissent 24.4 p. 100. Dans la Colombie-Britannique et le Yukon, 221 ateliers produisent 6.7 p. 100, puis viennent les 170 de Manitoba avec 5.9 p. 100. L'on compte 150 établissements en Alberta, 74 en Nouvelle-Ecosse, 142 en Saskatchewan, 48 au Nouveau-Brunswick et 8 dans l'île du Prince-Édouard, contribuant respectivement 3.0 p. 100, 2.0 p. 100, 1.9 p. 100, 1.1 p. 100 et 0.2 p. 100.

Le coût des matières premières consommées et des travaux confiés à d'autres ateliers par les métiers de l'imprimerie en 1947 s'élève à \$82,585,466 augmentation de 26.1 p. 100. Sur ce montant, \$24,444,651 ou 29.6 p. 100, ont été dépensés pour papier-journal; \$21,804,717 ou 26.4 p. 100, pour papier à livres, papier registre et papier à écrire; \$12,903,271 ou 15.6 p. 100, pour carton, papier de couvertures et de fantaisie, papier pour bleus, photostats et autre papier sensible, etc. Les autres matières et fournitures utilisées ont une valeur de \$14,480,695. Les travaux donnés en sous-contrat sont évalués à \$8,916,132.

Of the \$263,632,152 total production of the printing trades in 1947, \$239,980,190, or 91 per cent, consisted of printed matter and other products produced, and the remaining \$23,651,962 consisted of trade work, sub-contracts, and other services rendered. Both of these items showed substantial gains over the corresponding figures for 1946, the increases amounting to 18.4 and 19.4 per cent, respectively.

Periodicals, valued at \$106,656,740 accounted for 44.4 per cent of the value of printed matter and other products; daily newspapers, alone, contributing \$82,251,322. The value of periodicals is made up of \$71,443,221 received for advertising, which is 67 per cent of the total, and \$35,213,519 received for subscriptions and sales of publications. Only periodicals printed in the publishers' own plants are included in these figures.

Other printed matter and other products were valued at \$133,323,450, comprising \$14,798,709 for printed and bound books, \$22,414,904 for other printed advertising, \$5,640,306 for bound blank books, \$84,079,064 for miscellaneous printed goods and printed stationery 1/, and \$6,390,467 for other products.

The following tables give the principal statistics of the industry for 1946 and 1947.

---

1/ Including \$13,612,157 for printing periodicals for other publishers, whose revenue from advertising amounted to \$15,467,844 and from subscriptions and sales of publications to \$7,971,647.

NOTE: Production figures as given in this report do not necessarily represent the total output in Canada of the commodities listed, and there may be a considerable production in other industrial groups. For complete information, this report must be read with the rest of the series on paper-using industries and other publications of the Census of Industry.

La production totale des industries de l'imprimerie s'établit à \$263,632,152 en 1947. Sur ce chiffre, \$239,980,190 ou 91 p. 100, représentent la valeur d'imprimés et autres produits, et le reste, soit \$23,651,962, la valeur des travaux spécialisés de travaux en sous-contrat et autres services rendus. Ces deux montants marquent des augmentations sensibles, de 18.4 p. 100 et 19.4 p. 100 respectivement, sur les chiffres correspondant de 1946.

Les périodiques, évalués à \$106,656,740, forment 44.4 p. 100 de la valeur des imprimés et autres produits; les journaux quotidiens seuls en contribuent \$82,251,322. La valeur des périodiques représente la somme de \$71,443,221 reçus pour l'annonce, soit 67 p. 100 du total, et \$35,213,519 provenant des abonnements et de la vente des publications. Seuls les périodiques imprimés dans les propres ateliers des éditeurs sont compris dans ces chiffres.

Les autres imprimés et les autres produits sont évalués à \$133,323,450, dont \$14,798,709 pour livres imprimés et reliés ou brochés; \$22,414,904 pour autres annonces imprimées, \$5,640,306 pour livres en blanc reliés ou brochés, \$84,079,064 pour impressions diverses et papeterie imprimée 1/ et \$6,390,467 pour les autres produits.

Les tableaux qui suivent renferment les principales statistiques de l'industrie pour 1946 et 1947.

---

1/ Y compris \$13,612,157 pour l'impression de périodiques pour d'autres éditeurs, dont le revenu provenant des annonces s'élève à \$15,467,844 et le revenu provenant des abonnements et de la vente des publications, à \$7,971,647.

NOTA: Les chiffres de la production, tels qu'ils sont donnés dans le présent rapport, ne représentent pas nécessairement la production canadienne totale sous chaque en-tête, parce que ces produits peuvent être fabriqués en quantité considérable dans d'autres groupes industriels. Pour compléter ces renseignements il faut lire les autres rapports de la série des industries utilisant le papier et les autres publications du recensement de l'industrie.
