THE PRINTING TRADES, 1948.

Products of the printing trades in 1948 were valued at \$307,345,914, an increase of more than forty three million dollars, or 16.6 per cent over 1947.

The present report combines in one publication statistics relating to printing, publishing, bookbinding, lithographing, engraving, stereotyping, electrotyping and trade composition. It covers the greater part of the work done in Canada by the printing trades and allied graphic arts with the exception of that done as a side line in connection with the manufacture of paper bags and boxes and other miscellaneous paper goods which is shown in separate reports on those industries.

Altogether, 2,496 establishments were classed in the printing trades in 1948, in comparison with 2,458 the previous year. The average number of employees rose from 52,096 in 1947 to 54,541 in 1948. Salaries and wages paid in 1948 amounted to \$119,087,977, an increase of 17.2 per cent over the previous year (\$101,611,652). Expenditures for fuel and electricity totalled \$2,753,240 in 1948, as compared with \$2,379,635 in 1947. The net value of products, obtained by subtracting the cost of materials, fuel and electricity from the gross value of products, amounted to \$208,208,175, as compared with \$178,667,051 in 1947.

With 1,073 plants, Ontario accounted for 55.2 per cent of the total production in 1948. The 613 establishments in Quebec produced 24.4 per cent. In British Columbia and the Yukon, 217 plants produced 6.9 per cent, followed by Manitoba's 167 establishments with 5.6 per cent. There were 153 plants in Alberta, 74 in Nova Scotia, 143 in Saskatchewan, 48 in New-Brunswick and 8 in Prince Edward Island, accounting for 3.0 per cent, 2.0 per cent, 1.9 per cent, 1.1 per cent and 0.2 per cent, respectively.

Raw materials used and services received by the printing trades in 1948 cost \$96,384,499, an increase of 16.7 per cent. Of this amount, \$30,680,119, or 31.8 per cent represent the cost of newsprint paper; \$24,856,722 or 25.8 per cent, the cost of book, bond and writing paper; \$14,071,949, or 14.6 per cent, the cost of paper board, cover and fancy paper blueprint, photostat and other sensitized paper, etc., etc. Other materials and supplies used were valued at \$16,272,063. Trade work and other services received are reported at \$10,503,646.

LES MÉTIERS DE L'IMPRIMERIE, 1948.

La production des métiers de l'imprimerie en 1948 atteint une valeur de \$307,345,914, augmentation de plus de 43 millions ou de 16.6 p.100 sur 1947.

Le présent rapport réunit en une seule publication la statistique de l'impression, l'édition, la reliure, la lithographie, la gravure, la stéréotypie, l'électrotypie et la composition commerciale. Il renferme la plus grande partie du travail fait au Canada dans les imprimeries et industries connexes mais ne comprend pas les impressions faites comme entreprise secondaire dans les établissements qui fabriquent des boîtes et sacs en papier et dans l'industrie des objets divers en papier, qui font l'objet de rapports distincts.

Dans l'ensemble, 2,496 établissements appartiennent aux métiers de l'imprimerie en 1948, au regard de 2,458 l'année précédente. Le nombre moyen d'employés passe de 52,096 en 1947 à 54,541 en 1948. Les salaires et gages en 1948 s'élevèrent à \$119,087,977, augmentation de 17.2 p.100 sur le total de \$101,611,652 l'année précédente. Les dépenses pour combustible sont de \$2,753,240 en 1948, contre \$2,379,635 en 1947. La valeur nette des produits, obtenue en soustrayant le coût des matières premières, du combustible et de l'électricité, de la valeur brute des produits, s'élève à \$208,208,175, contre \$178,667,051 en 1947.

Les 1,073 établissements de l'Ontario contribuent 55.2 p.100 de la production totale en 1948. Les 613 établissements du Québec en fournissent 24.4 p. 100. Dans la Colombie-Britannique et le Yukon, 217 ateliers produisent 6.9 p. 100, puis, viennent les 167 de Manitoba avec 5.6 p.100. L'en compte 153 établissements en Alberta, 74 en Nouvelle-Ecosse, 143 en Saskatchewan, 48 au Nouveau-Brunswick et 8 dans l'île du Prince-Édouard, contribuant respectivement 3.0 p.100, 2.0 p.100, 1.9 p.100, 1.1 p.100 et 0.2 p.100.

Le coût des matières premières consommées et des travaux confiés à d'autres ateliers par les métiers de l'imprimerie en 1948 s'élève à \$96,384,499 augmentation de 16.7 p. 100. Sur ce montant, \$30,680,119 ou 31.8 p.100, ont été dépensés pour papier journal; \$24,856,722 ou 25.8 p. 100, pour papier à livres, papier registre et papier à écrire; \$14,071,949 ou 14.6 p.100, pour carton, papier de couvertures et de fantaisie, papier pour bleus, photostats et autre papier sensible, etc. Les autres matières et fournitures utilisées ont une valeur de \$16,272,063. Les travaux donnés en sous-contrat sont évalués à \$10,503,646.

Of the \$307,345,914 total production of the printing trades in 1948, \$279,325,930, or 91 per cent, consisted of printed matter and other products produced, and the remaining \$28,019,984 consisted of trade work, sub-contracts, and other services rendered. Both of these items showed substantial gains over the corresponding figures for 1947, the increases amounting to 16.4 and 18.5 per cent, respectively.

Periodicals, valued at \$121,352,100 accounted for 43.4 per cent of the value of printed matter and other products; daily newspapers, alone, contributing \$94,103,227. The value of periodicals is made up of \$82,357,211 received for advertising, which is 68 per cent of the total, and \$38,994,889 received for subscriptions and sales of publications. Only periodicals printed in the publishers' own plants are included in these figures.

Other printed matter and other products were valued at \$157,973,830, comprising \$18,370,477 for printed and bound books, \$26,713,361 for other printed advertising, \$6,085,179 for bound blank books, \$99,631,776 for miscellaneous printed goods and printed stationery 1/, and \$7,173,037 for other products.

The following tables give the principal statistics of the industry for 1947 and 1948.

La production totale des industries de l'imprimerie s'établit à \$307,345,914 en 1948. Sur ce chiffre, \$279,325,930 ou 91 p. 100, représentent la valeur d'imprimés et autres produits, et le reste, soit \$28,019,984, la valeur des travaux spécialisés de travaux en sous-contrat et autres services rendus. Ces deux montants marquent des augmentations sensibles, de 16.4 p. 100 et 18.5 p. 100 respectivement, sur les chiffres correspondant de 1947.

Les périodiques, évalués à \$121,352,100, forment 43.4 p. 100 de la valeur des imprimés et autres produits; les journaux quotidiens seuls en contribuent \$94,103,227. La valeur des périodiques représente la somme de \$82,357,211 reçus pour l'annonce, soit 68 p. 100 du total, et \$38,994,889 provenant des abonnements et de la vente des publications. Seuls les périodiques imprimés dans les propres ateliers des éditeurs sont compris dans ces chiffres.

Les autres imprimés et les autres produits sont évalués à \$157,973,830, dont \$18,370,477 pour livres imprimés et reliés ou brochés; \$26,713,361 pour autres annonces imprimées, \$6,085,179 pour livres en blanc reliés ou brochés, \$99,631,776 pour impressions diverses et papeterie imprimée 1/ et \$7,173,037 pour les autres produits.

Les tableaux qui suivent renferment les principales statistiques de l'industrie pour 1947 et 1948.

1/ Including \$17,519,952 for printing periodicals for other publishers, whose revenue from advertising amounted to \$17,677,771 and from subscriptions and sales of publications to \$9,770,666.

NOTE: Production figures as given in this report do not necessarily represent the total output in Canada of the commodities listed, and there may be a considerable production in other industrial groups. For complete information, this report must be read with the rest of the series on paper-using industries and other publications of the Census of Industry.

1/ Y compris \$17,519,952 pour l'impression de périodiques pour d'autres éditeurs, dont le revenu provenant des annonces s'élève à \$17,677,771 et le revenu provenant des abonnements et de la vente des publications, à \$9,770,666.

NOTA: Les chiffres de la production, tels qu'ils sont donnés dans le présent rapport, ne représentent pas nécessairement la production canadienne totale sous chaque en-tête, parce que ces produits peuvent être fabriqués en quantité considérable dans d'autres groupes industriels. Pour compléter ces renseignements il faut lire les autres rapports de la série des industries utilisant le papier et les autres publications du recensement de l'industrie.
