LIME PRODUCTION IN CANADA, SEPTEMBER, 1931.

Canadian lime production recorded a 5.7 per cent increase in September. According to the Dominion Bureau of Statistics at Ottawa, shipments during the month totalled 30,668 tons while in August 29,010 tons were produced and in September last year 39,526 tons. The current month's lime production in Quebec showed an appreciable advance over the August total. Ontario's production continued at practically the same level as in the previous four months. Manitoba and British Columbia operators reported increased shipments during the month. The total Canadian production in the first nine months of 1931 was 279,131 tons or 26.3 per cent below the shipments of 378,497 tons for the corresponding period of 1930.

Canada exported 1,182 tons of lime in September as against 876 tons in August. Total lime importations during the month consisted of 6 tons from the United States; in the previous month 87 tons were imported.

PRODUCTION OF LIME IN CANADA

September, 1931	30,668 tons
August, 1931	29,010 tons
September, 1930	39,526 tons
Nine months ending September, 1931	279,131 tons
" " " September, 1930	378,497 tons
" " " September, 1929	504,848 tons
