REFINED PETROLEUM PRODUCTS
1952

(Special supplement with revised monthly figures on refinery shipments, imports, exports, marketing inventories and domestic consumption; also cumulative figures for the entire year on refinery operations)

Published by
Authority of the Rt. Hon. C. D. Howe
Minister of Trade and Commerce

Prepared in the Mining, Metallurgical and Chemical Section
Industry and Merchandising Division
Dominion Bureau of Statistics, Ottawa

P R E F A C E

During the year it has been necessary to make frequent revisions in the monthly figures on refinery shipments, imports and domestic consumption of liquid petroleum fuels. Substantial inter-provincial shipments and inter-company transactions were not accounted for in the original compilations, and later information on these movements necessitated changes which were embodied in the cumulative figures from month to month. This supplement gives in detail the revised figures for each month of the year and for the entire year. It also gives data for the entire year on crude oil receipts by refineries and on refinery operations.
