Statistician - Metal and Chemical Products: H. McLeod, B.Sc.

ANNUAL INDUSTRY REPORT

CHEMICALS AND ALLIED PRODUCTS GROUP

THE TOILET PREPARATIONS INDUSTRY, 1937.

Production from the Toilet Preparations Industry was valued at \$6,842,937 in 1937 compared with \$6,544,377 in 1936, a gain of 4.6 per cent.

In the annual census of manufacturing establishments in Canada the operating firms are arranged in a number of industrial groups to which the various factories are classified in accordance with the nature of their main products. Under this arrangement the Toilet Preparations Industry includes all establishments which were occupied chiefly in making perfumes, toilet waters, face creams, tooth pastes, etc., but this industry accounts for only about 70 per cent of the Canadian output of toilet preparations as a number of concerns in other industries make this class of goods as a minor or secondary part of their business. In Tables 1 to 11 of this report the data are for the Toilet Preparations Industry as defined for census purposes, but Tables 11 to 14 have been added to show the total output of toilet preparations regardless of the industry in which produced.

In 1937 a total of 82 establishments were included in this industry, 50 being located in Ontario, 24 in Quebec, 3 in Manitoba, 4 in British Columbia, and 1 in Saskatchewan. Output from these concerns totalled \$6,842,937, including \$5,711,874 for toilet preparations and \$1,131,063 for other products. Capital employed in manufacturing operations amounted to \$5,962,591, employees numbered 1,207, and salaries and wages amounted to \$1,269,340.

Imports of toilet preparations into Canada were valued at \$466,457 in 1937 compared with \$430,740 in 1936. Approximately 49 per cent of the imports came from the United States, 36 per cent from the United Kingdom, 13 per cent from France, and 2 per cent from other countries.

The total production of toilet preparations in Canada, from all industries, amounted to \$8,063,798 at factory prices in 1937. In 1936 the comparative value was \$7,415,522 and in 1935 it was \$7,120,316.
