THE BROOM, BRUSH AND MOP INDUSTRY IN CANADA, 1938

A report of the broom, brush and mop industry in Canada during the calendar year 1938 is presented herewith.

In that year there were seventy-nine establishments in operation which were located by provinces as follows: New Brunswick 1, Quebec 27, Ontario 38, Manitoba 4, Saskatchewan 2, Alberta 1, and British Columbia 6. To avoid divulging information concerning individual establishments, it has been necessary to combine statistics for the provinces of New Brunswick, Manitoba, Saskatchewan and Alberta which are shown throughout the report as "Other Provinces".

These seventy-nine factories had a total capital investment of \$4,244,039, provided employment to 1,384 persons who received \$1,280,862 in salaries and wages. The sum of \$1,863,857 was expended for materials used, whilst the total output was valued at \$4,121,310.

The principal items of production in order of importance as represented by the total selling value at the factory were: corn brooms \$930,746, paint brushes \$848,825, brushes for household use \$448,627 and mops, all kinds, \$403,258.

Compared with the previous year there were decreases of \$107,613 in the capital invested, \$58,128 in the salaries and wages paid, \$68,067 in the cost of materials used and \$213,683 in the gross value of the products.

The value of the imports of brooms and brushes and principal materials used by the industry was \$1,096,701 in 1938 as compared with \$1,602,883 in 1937. Tooth brushes and toilet brushes together formed the greatest item and were valued at \$215,271 in 1938. Broom corn and bristles valued at \$537,521 were the chief raw materials imported.

Exports of this industry in 1938 were valued at \$185,991 of which \$170,401 represented the value of the brushes of all kinds.

Detailed statistics of production, materials used, capital, employment, power and fuel consumption, imports and exports are given in the tables following.
