THE BROOM, BRUSH AND MOP INDUSTRY IN CANADA, 1947.

A report on the broom, brush and mop industry in Canada during the year 1947 is presented herewith.

In that year there were 89 establishments in operation which were located by provinces as follows: Nova Scotia 1, New Brunswick 1, Quebec 34, Ontario 39, Manitoba 6, Saskatchewan 2, Alberta 1 and British Columbia 5. To avoid divulging information concerning individual establishments, it has been necessary to combine statistics for the provinces of Nova Scotia, New Brunswick, Saskatchewan and Alberta which are shown throughout the report as "Other Provinces".

These 89 factories provided employment to 2,645 persons who received \$4,053,617 in salaries and wages. The sum of \$6,863,514 was expended for materials used, whilst the total output was valued at \$15,181,136.

The industry operated at an increased scale during 1947. Compared with the previous year there were increases of 73 in the number of persons employed, \$577,758 in the salaries and wages paid, and \$1,451,023 in the gross value of production. There was a decrease of 70,944 dozen in the output of brooms of all kinds, and an increase of 221,186 dozen in brushes of all kinds produced. All told there was an increase of about 13 per cent in the total number of units produced.

Paint brushes numbering 617,584 dozen and valued at \$4,779,669 was the main item of production in 1947 followed by corn brooms with 263,810 dozen valued at \$2,323,842. Brushes for household use valued at \$1,361,419 ranked third and hair brushes at \$1,182,262 came fourth. For complete details of products made see Table 3.

Detailed statistics of production, materials used, employment, power and fuel consumption are given in the tables following.

THE BROOM, BRUSH AND MOP INDUSTRY IN CANADA, 1947
