SYMBOLS

The following standard symbols are used in Statistics Canada publications:

- ... figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- P preliminary figures.
- R revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

A NOTE ON CANSIM

Some current historical statistics on Department Store Sales and Stocks (Matrix No. 112), as well as many other series, are available to the public from Statistics Canada's computerized data bank CANSIM (Canadian Socio-Economic Information Management System) via terminal, on computer printouts, or in machine readable form. For further information contact the CANSIM staff, Current Economic Analysis Division, Statistics Canada, Ottawa, K1A 0Z8 (telephone 613-995-7406), or the regional advisors at the Statistics Canada offices located across Canada.

SIGNES CONVENTIONNELS

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- ... nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- P nombres provisoires.
- R nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sur la statistique relatives au secret.

NOTE AU SUJET DE CANSIM

La banque de données informatisées de Statistique Canada CANSIM (Système canadien d'information socio-économique) fournit au public certaines statistiques actuelles et historiques sur les Ventes et stocks des grands magazins (matrice n° 112) et sur de nombreuses autres séries, par le biais d'un terminal, d'imprimés d'ordinateur ou de supports ordinolingués. Pour plus de renseignements, s'adresser au personnel de CANSIM, Division de l'analyse de conjoncture, Statistique Canada, Ottawa, K1A 0Z8 (téléphone 613-995-7406), ou aux conseillers régionaux des bureaux de Statistique Canada situés à travers le Canada.

INTRODUCTION

For the purpose of this report, only sales of actual department store locations are included; all other activities such as mail order and catalogue sales offices and other types of stores, have been classified to the kind of business category that is most appropriate in view of their respective commodity mixes. Sales of concessions are generally included in the total business of department stores in which they are situated (see Department Store Definition).

The sales data (with the exception of Table I) on the following pages have not been adjusted for seasonal variations, price changes or differences in number of shopping days. In Table I the sales data have been seasonally adjusted. The seasonal adjustment method applied to this series is the computerized ratio-to-moving-average method. The standard computer program used is the United States Bureau of the Census Method II, X-11 version.

The stock-sales ratios (Table 9) are derived by dividing the dollar volume of inventories at selling value at the end of the month, by the dollar volume of sales for the month.

The sales-stocks ratios (Table 10) are derived by dividing the dollar volume of sales for the month by the average of the beginning and ending inventories at selling value for the month.

The commodity reference list, which describes in detail the commodities comprising each of the 40 departments noted within, is published in the December issue of this report.

The number of shopping days that this report is based on, varies from month to month. See Text Table I for the number of shopping days the current report is based on.

The metropolitan areas of Montréal, Toronto, Winnipeg and Vancouver are census metropolitan areas as defined by the 1971 Census.

INTRODUCTION

Aux fins de ce bulletin, seules les ventes des locaux d'affaires réels des grands magasins sont incluses; toutes les autres activités telles que celles des bureaux de vente par correspondance et par catalogue et celles d'autres genres de magasins ont été attribuées à la catégorie commerciale qui convient le mieux aux diverses marchandises offertes. Les ventes des concessions sont généralement prises en compte dans l'activité commerciale globale des grands magasins dans lesquels elles sont situées (voir la Définition d'un grand magasin).

Les données sur les ventes (sauf celles qui figurent au tableau I) présentées dans les pages qui suivent n'ont pas été ajustées en fonction des variations saisonnières, des mouvements des prix et de la variation du nombre de jours commerciaux. Dans le tableau I les données sur les ventes sont désaisonnalisées. La méthode de désaisonnalisation appliquée à cette série est celle, électronisée, du rapport aux moyennes mobiles. Le programme informatique normalisé utilisé est la Méthode II, version X-II du United States Bureau of the Census.

On obtient les ratios stocks-ventes (tableau 9) en divisant le volume (dollars) des stocks au prix de vente à la fin du mois par le volume des ventes du mois en dollars.

On obtient les ratios ventes-stocks (tableau 10) en divisant le volume (dollars) des ventes du mois par la moyenne des stocks de début et de fin de mois à la valeur de vente pour le mois.

La liste de référence des marchandises, qui décrit en détail les produits de chacun des 40 rayons présentés dans ce bulletin, est publiée dans le numéro de décembre.

Le nombre de jours commerciaux sur lesquels sont basées les données présentées ici varie d'un mois à l'autre. Voir au tableau explicatif I le nombre de jours commerciaux sur lesquels sont basées les données.

Les régions métropolitaines de Montréal, de Toronto, de Winnipeg et de Vancouver correspondent aux régions métropolitaines du recensement de 1971.

DEPARTMENT STORE DEFINITION

A retail outlet is defined as a department store if it possesses the following characteristics:

It must sell the following general lines of merchandise:

Family clothing and apparel. This commodity group is composed of some or all of the following lines: women's and misses' dresses, housedresses, aprons and uniforms; women's and misses' coats and suits; women's and misses' sportswear; furs; infants' and children's wear; girls' and teenage wear; lingerie and women's sleepwear; intimate apparel; millinery; women's and girls' hosiery; women's and girls' gloves, mitts and accessories; women's, misses' and children's footwear; men's clothing; men's furnishings; boys' clothing and furnishings; men's and boys' footwear.

Note

The outlet must sell at least six of the commodity lines listed above, with at least one of the commodities being men's and boys' clothing or furnishings. At least 20% of the outlet's total sales must be derived from the family clothing and apparel group.

Furniture, appliances and home furnishings. This commodity group is composed of some or all of the following lines: linens and domestics; china and glassware; home furnishings; furniture, wooden and upholstered goods for living room and dining room and bedroom; major appliances; television, radio and music; hardware and housewares.

Note

The outlet must sell at least four of the commodity lines listed above, with at least one of the commodities being furniture (wooden and upholstered goods for dining room and/or living room and/or bedroom). At least 10% of the outlet's total sales must be derived from the furniture, appliance and home furnishings group.

DÉFINITION D'UN GRAND MAGASIN

Un magasin de détail est un grand magasin, s'il possède les caractéristiques suivantes:

Il doit vendre les grandes séries d'articles suivantes:

Vêtements pour la famille. Ce groupe comprend les articles suivants: robes pour dames et jeunes filles, robes de ménage, tabliers et uniformes; manteaux et tailleur pour dames et jeunes filles; vêtements de sport pour dames et jeunes filles; fourrures; vêtements de bébés et d'enfants; vêtements de fillettes et d'adolescentes; lingerie et vêtements de nuit pour dames; sous-vêtements, chapeaux; bas pour dames et fillettes; gants, moufles et articles de parure pour dames et fillettes; chaussures pour dames, jeunes filles et enfants; vêtements pour hommes; articles d'habillement pour hommes; vêtements et articles d'habillement pour garçons; chaussures pour hommes et garçons.

Nota

Le magasin doit tenir au moins six des séries mentionnées ci-dessus, dont au moins une doit être les vêtements ou articles d'habillement pour hommes et garçons. Au moins 20 % des ventes globales du magasin doivent se faire dans le groupe de vêtements pour la famille.

Meubles, appareils et articles d'ameublement ménager. Ce groupe comprend les articles suivants: literie et linge de maison; porcelaine et verrerie; articles d'ameublement ménager; meubles, de bois ou rembourrés, pour salle de séjour, salle à manger ou chambre à coucher; gros appareils; télévision, radio et musique; quincaillerie et articles de ménage.

Nota

Le magasin doit tenir au moins quatre des séries mentionnées ci-dessus, dont au moins une doit être des meubles (de bois ou rembourrés pour salle à manger et (ou) salle de séjour et (ou) chambre à coucher). Au moins 10 % des ventes globales du magasin doivent provenir du groupe des meubles, appareils et articles d'ameublement ménager.

All other (miscellaneous). This category includes all commodities sold by the outlet but not shown above, such as: toiletries, cosmetics and drugs; photographic equipment and supplies; piece goods; notions and smallwares; jewellery; sporting goods and luggage; stationery, books and magazines; and food.

Note

The outlet must sell at least three different commodity lines with not one of these lines representing more than 50% of the total store sales. At least 10% of the outlet's total sales must be derived from the all other or miscellaneous groups.

For the purposes of this definition, the business done by concessions located in department store outlets will be considered as part of the overall business of the outlet in which they are located. However, sales of an associated food department (or store) should be included only if it is an integral part of the overall department store operation and is not identified to the public by any name which differs from that of the department store with which it is associated.

Tous autres articles (divers). Cette catégorie comprend toutes les marchandises que tient le magasin mais qui ne figurent pas ci-dessus, telles que: articles de toilette, cosmétiques et médicaments; appareils et fournitures photographiques; tissus à la pièce; mercerie et menus articles; bijouterie; articles de sport et valises; papeterie, livres et revues; et aliments.

Nota

Le magasin doit tenir au moins trois des séries mentionnées ci-dessus, dont aucune ne doit représenter plus de 50 % des ventes globales du magasin. Au moins 10 % des ventes globales du magasin doivent provenir des groupes tous autres articles ou divers.

Aux fins de la présente définition, les affaires réalisées par les concessions établies dans les grands magasins seront considérées comme partie des affaires globales du magasin où sont établies les concessions. Toutefois, les ventes d'un rayon (ou magasin) d'alimentation associé ne seront incluses que si le rayon ou magasin fait partie intégrante de l'exploitation générale du grand magasin et n'est pas connu du public sous un nom différent de celui du grand magasin auquel il est associé.
