Vol. -28 - No. 5

\$1.00 a year

Sales of Canadian wholesalers for the month of May, at \$946,223,000, were 12.8 per cent greater than the \$839,142,000 reported for the same month in 1961. Those sales cover wholesalers proper and do not include the business transactions of manufacturers sales branches or agents and brokers. They are not adjusted for price changes, seasonal variations or number of business days in the respective months.

All but two of the eighteen specified trade groups reported increased sales. Increases ranged from 27.3 per cent for Farm Machinery to 1.9 per cent for Fresh Fruits and Vegetables. The All Other Trades group showed an increase of 20.1 per cent. The Coal and Coke and the Hardware groups showed decreases of 6.0 per cent and 1.3 per cent, respectively.

For the first five months of the year, sales are estimated at \$3,989,657,-000, an increase of 12.7 per cent over the same period of 1961. With the exception of Coal and Coke, all of the specified trade groups showed increases ranging from 16.5 per cent for Other Construction Materials and Supplies, including Lumber, to 2.8 per cent for Farm Machinery and also for Hardware. The residual group of trades showed an increase of 23.2 per cent for the first five months of 1962.

Further detail on the sales of the various trade groups will be found on the reverse of this page.
