SYMBOLS

The following standard symbols are used in Statistics Canada publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- P preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

SIGNES CONVENTIONNELS

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- P nombres provisoires.
- r nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sur la statistique relatives au secret.

18. Résidents du Canada revenant de pays autres que les États-Unis, par bureau de rentrée .....	186
Année Civile .....	188

Preliminary estimates for the year 1973 showed that Canada recorded a deficit of \$290 million on travel account with all countries as compared to a deficit of \$230 million in the previous year. Total receipts of \$1,394 million from international travel were more than offset by spending of \$1,684 million abroad. These estimates include transportation costs paid to Canadian carriers by non-residents entering Canada and fares paid to foreign carriers by residents of Canada.

Receipts on travel account comprise \$1,124 million earned from United States travellers entering Canada and \$270 million earned from non-resident travellers from other countries. Travel receipts from the United States increased at an annual rate of 9.9%, while the number of travellers increased by only 3%. However, receipts from countries other than the United States increased 30.4%, paralleling the growth in numbers of travellers from these countries.

Payments on travel account to the United States in 1973 totalled \$1,047 million, up 13.9% from the previous year. The growth in travel payments to all other countries increased 16.9% to \$637 million resulting primarily from numbers of Canadian travellers to these countries.

In 1973, international travellers entering Canada numbered 73.9 million, an increase of 2.8% from a year earlier. This aggregate comprises 38.3 million non-resident travellers, 32.1 million returning Canadian residents, and 3.5 million in the "other travellers" category which includes immigrants, military personnel and crews.

#### Non-resident travellers entering Canada:

In 1973, total non-resident travellers from the United States entering Canada, excluding crews, numbered 37.2 million, up 2.6% from last year. The growth in United States travellers in 1973 primarily occurred in the first half of the year.

United States travellers entering Canada by automobile in 1973 numbered 32.7 million, up 1.6% from a year earlier, and accounted for 88% of all United States resident entries. Of the automobile travellers, United States residents entering and leaving Canada on the same day accounted for 66%, similar to last year. A disaggregation of United States automobile travellers shows that those travellers remaining two or more nights in Canada during the October to December period increased 7.1% over the year as compared to a decrease of 1.6% in the third quarter. Growth in the same day automobile category was marginal in the fourth quarter as compared to 1.5% in the third quarter.

Non-resident travellers from the United States entering by plane in 1973 numbered 1.4 million, up 20.3% from the previous year and accounting for 3.8% of total United States traveller entries. In the bus category, 1.5 million United States travellers or 4.0% of the aggregate were recorded, with an even split between same day and one or more nights travel; this represented an increase of 6.7% from the previous year. The fourth quarter growth on a year-to-year basis in both United States plane and bus travellers was significantly less than the preceding quarters of 1973.

Les estimations provisoires pour l'année 1973 révèlent que le Canada a enregistré un déficit de 290 millions de dollars au compte des voyages avec tous les pays comparativement à un déficit de 230 millions l'année précédente. Les recettes totales des voyages internationaux ont été de 1,394 millions de dollars et elles ont été plus que contrebalancées par les dépenses à l'étranger (1,684 millions de dollars). Ces estimations incluent les frais de transport versés à des transporteurs canadiens par des non-résidents entrant au Canada et les montants versés à des transporteurs étrangers par les résidents du Canada.

Les recettes au compte des voyages comprennent 1,124 millions de dollars fournis par les voyageurs des États-Unis entrant au Canada et 270 millions de dollars provenant de voyageurs non résidents des autres pays. Les recettes des voyages en provenance des États-Unis ont augmenté à un taux annuel de 9.9 % alors que le nombre de voyageurs s'est accru seulement de 3 %. Toutefois, les recettes provenant de pays autres que les États-Unis ont progressé de 30.4 %, tout comme le nombre de voyageurs en provenance de ces pays.

Les dépenses au compte des voyages aux États-Unis en 1973 ont totalisé 1,047 millions de dollars, soit 13.9 % de plus que l'année précédente. Les dépenses au compte des voyages dans tous les autres pays ont progressé de 16.9 % pour atteindre 637 millions de dollars surtout à cause du nombre de voyageurs canadiens dans ces pays.

En 1973, les voyageurs internationaux entrant au Canada ont été au nombre de 73.9 millions, ce qui représente une augmentation de 2.8 % par rapport à il y a un an. Cet agrégat se compose de 38.3 millions de voyageurs non résidents, de 32.1 millions de résidents canadiens revenant au pays et de 3.5 millions d'"autres voyageurs", catégorie qui comprend les immigrants, les militaires et les équipages.

#### Voyageurs non résidents entrant au Canada:

En 1973, le total des voyageurs non résidents entrant au Canada en provenance de États-Unis, sans les équipages, représentait 37.2 millions de personnes, soit 2.6 % de plus que l'année d'avant. L'accroissement du nombre des voyageurs américains en 1973 s'est effectué surtout au cours de premier semestre de l'année.

Les voyageurs des États-Unis entrant au Canada par automobile en 1973 ont été au nombre de 32.7 millions, soit 1.6 % de plus que l'année précédente et représentaient 88 % de toutes les entrées de résidents américains. Dans la catégorie "voyageurs par automobile", les résidents des États-Unis arrivant au Canada et repartant le même jour représentaient 66 % du total, tout comme l'année dernière. Une ventilation des voyageurs américains par automobile révèle que le nombre de voyageurs qui sont demeurés deux nuits ou plus au Canada entre octobre et décembre a progressé de 7.1 % depuis un an comparativement à une diminution de 1.6 % au troisième trimestre. L'accroissement dans la catégorie par automobile le même jour a été faible au quatrième trimestre alors qu'il avait été de 1.5 % au troisième trimestre.

Les voyageurs non résidents en provenance des États-Unis entrant par avion en 1973 ont été au nombre de 1.4 million, soit 20.3 % de plus que l'année précédente et représentent 3.8 % de toutes les entrées de voyageurs américains. Dans la catégorie autocar, on a enregistré 1.5 million de voyageurs américains ou 4.0 % de l'agrégat et une répartition égale entre les voyages du même jour et ceux d'une nuit ou plus; c'est là un accroissement de 6.7 % par rapport à l'année précédente. L'accroissement du quatrième semestre d'une année à l'autre, chez les voyageurs américains par avion et par autocar, a été beaucoup moindre qu'aux trimestres précédents de 1973.

In 1973, non-resident travellers from countries other than the United States numbered 1.1 million, an increase of 22.5% over 1972. An area breakdown indicates that 71% came from Europe, of which United Kingdom travellers numbered 342,100 or 43% of the European total. Following the United Kingdom, the largest traveller flows from Europe were from Germany, 120,700; France, 74,000; the Netherlands, 56,000; and Italy, 46,300. Travellers from Asia accounted for about 12% of the aggregate. Non-resident travellers from Japan numbered 71,100 persons, representing more than one half of the Asia total. The currency realignments since 1971 accompanied by relatively lower inflation rates in Canada than in certain important tourist generating areas have no doubt contributed to the large percentage increases in travellers from Germany (36.3%), Japan (35.6%), the Netherlands (28.8%) and the United Kingdom (27.6%).

#### Resident travellers returning to Canada:

In 1973, residents of Canada re-entering from the United States (excluding crews) numbered 30.8 million travellers, 1.0% above the previous year. On a quarterly basis, only the January to March period showed significant growth at 8.8%. The other quarters showed only small percentage changes on a year-to-year basis, with a drop of 2.5% during the peak travelling months of July to September.

Canadian resident travellers re-entering from the United States by automobile in 1973 numbered 27.3 million or 88.6% of the aggregate, up 0.6% from last year. The majority of automobile re-entries were same day, accounting for 75% of total automobile re-entries in 1973, similar to a year earlier.

Percentage increases were recorded in Canadian traveller re-entries by automobile on a quarterly basis in 1973 for the first six months, in both the same day and two or more nights categories. However, the final two quarters recorded decreases year over year in the above categories, with the percentage decrease in the third exceeding that in the fourth quarter. This may in part reflect some influence of the fuel shortage. On a monthly basis the effects of the energy problem are more difficult to assess although December statistics show a significant decrease (17%) in automobile traffic to the United States staying two or more nights. A clearer picture may emerge when statistics become available for the first part of 1974.

In the non-automobile category, Canadian residents re-entering from the United States by plane in 1973 numbered 1.3 million travellers, up 20.9% from the previous year and representing 4.4% of aggregate re-entries. Canadian resident travellers re-entering by bus numbered 1.4 million or 4.6% of the aggregate, a decrease of 3.8% from last year. Same day bus re-entries represented almost two thirds of all bus re-entries.

In 1973, Canadian resident travellers re-entering from countries other than the United States numbered 1.4 million, up 19.0% from a year earlier. By type of transportation, 97% re-entered by plane, a similar proportion to the previous year. The positive effects of a buoyant Canadian economy in 1973 appear to have outweighed the negative effects of currency realignments and higher price inflation in some overseas countries. The Canadian Pacific airline strike in August and September does not appear to have dampened the increase in Canadian travel to countries other than the United States.

En 1973, les voyageurs non résidents en provenance de pays autres que les États-Unis ont été au nombre de 1.1 million, ce qui représente une augmentation de 22.5 % comparativement à 1972. Une répartition par région indique que 71 % venaient d'Europe dont 342,100 voyageurs du Royaume-Uni (ou 43 % du total européen). Après le Royaume-Uni, les principaux pays d'origine des voyageurs européens étaient l'Allemagne (120,700), la France (74,000), les Pays-Bas (56,600) et l'Italie (46,300). Les voyageurs de l'Asie représentaient environ 12 % de l'agrégat. Les voyageurs non résidents en provenance du Japon étaient au nombre 71,100 soit plus de la moitié du total de l'Asie. Les réalignements monétaires survenus depuis 1971 ainsi que des taux d'inflation relativement plus faibles au Canada que dans certains pays qui fournissent un grand nombre de touristes, ont certainement contribué aux fortes augmentations en pourcentage du nombre de voyageurs en provenance de l'Allemagne (36.3 %), du Japon (35.6 %), des Pays-Bas (28.8 %) et du Royaume-Uni (27.6 %).

#### Voyageurs résidents revenant au Canada:

En 1973, 30.8 millions de résidents canadiens sont rentrés de voyages aux États-Unis (sans les équipages), soit 1.0 % de plus que l'année précédente. Trimestriellement, seule la période de janvier à mars a enregistré un important accroissement, soit 8.8 %. Les autres trimestres n'ont connu qu'une faible variation en pourcentage d'une année à l'autre avec une baisse de 2.5 % au cours des mois de pointe, c'est-à-dire de juillet à septembre.

Les résidents canadiens revenant des États-Unis par automobile en 1973 ont été au nombre de 27.3 millions (88.6 % de l'agrégat), soit 0.6 % de plus que l'année dernière. La majorité des rentrées par automobile étaient du même jour et représentaient 75 % du total des rentrées par automobile en 1973, pourcentage semblable à celui d'il y a un an.

Il y a eu des augmentations en pourcentage du nombre des rentrées des voyageurs canadiens par automobile à chaque trimestre en 1973 pour les six premiers mois dans les catégories du même jour et de deux nuits ou plus. Toutefois, les deux derniers trimestres ont enregistré des diminutions d'une année à l'autre dans les catégories susmentionnées; en pourcentage, les baisses ont été plus fortes au troisième qu'au quatrième trimestre. Cette situation peut s'expliquer en partie par la pénurie d'essence. Sur une base mensuelle, les conséquences du problème de l'énergie sont plus difficiles à évaluer bien que les statistiques de décembre révèlent une importante diminution (17 %) des voyageurs automobile séjournant deux nuits ou plus aux États-Unis. La situation se précisera peut-être lorsque les statistiques de la première partie de 1974 seront disponibles.

Dans la catégorie autres moyens de transport, les résidents canadiens revenant des États-Unis par avion en 1973 représentent 1.3 million de voyageurs, soit 20.9 % de plus que l'année précédente et 4.4 % du total des rentrées. Les résidents canadiens rentrant au pays par autocar ont été au nombre de 1.4 million ou 4.6 % de l'agrégat, ce qui représente une diminution de 3.8 % par rapport à l'année précédente. Les rentrées par autocar le même jour représentent presque les deux tiers de toutes les rentrées par autocar.

En 1973, les résidents canadiens revenant de pays autres que les États-Unis étaient au nombre de 1.4 million, soit 19.0 % de plus que l'année précédente. Selon le moyen de transport, 97 % des rentrées ont eu lieu par avion; c'est là une proportion semblable à celle de l'année précédente. Les conséquences positives d'une économie canadienne soutenue en 1973 semblent avoir contrebalancé les conséquences négatives des réalignements monétaires et d'une inflation accrue dans certains pays d'outre-mer. La grève de CP Air en août et septembre ne semble pas avoir empêché l'augmentation du nombre de voyages effectués par des Canadiens à destination de pays autres que les États-Unis.

Estimates of One or More Nights Traffic:

Previously published statistics for 1973 have not provided a complete split between same day and one or more nights traffic, which normally becomes available upon analysis of the sample survey questionnaire. However, since the unknown segment of the travel flow is relatively small a preliminary estimate of one or more nights traffic is presented below because of its overriding importance in terms of expenditures.

On the basis of recorded counts, the following categories of United States resident travellers to Canada stayed one or more nights: automobile, 11,165,000; private plane, 93,000; bus, 781,000; and private boat, 120,000. The category "other methods" covering pedestrians as well as persons on motorcycles and bicycles are classified as entering and leaving on the same day. Train travellers, numbering 60,000, are classified as staying one or more nights.

The unknown segment of United States resident entries in 1973 totalled 1,910,000 or 5.1% of the aggregate. This segment consists of commercial plane and commercial boat travellers. Using the available sample data and past relationships, 1,196,000 were estimated to have stayed one or more nights. Thus a total of 13,416,000 United States resident travellers were estimated to have stayed one or more nights in Canada in 1973.

In estimate of non-resident travellers from countries other than the United States entering Canada and staying one or more nights is not yet available.

Canadian resident travellers returning from the United States by automobile and bus after a stay of one or more nights numbered 6,741,000 and 509,000 respectively. The "other methods" category is considered same day traffic and train travellers totaling 20,000 are classified as having stayed one or more nights.

The unknown segment consisting of Canadian travellers re-entering by plane or boat numbered 1,540,000 or 5.0% of the aggregate. Of this total, and using sample data and past relationships, 1,326,000 returning Canadian travellers are estimated to have stayed one or more nights. Thus in total, Canadian resident travellers staying one or more nights in the United States were estimated to have numbered 8,595,000 in 1973.

Canadian resident travellers to countries other than the United States can all be considered staying one or more nights abroad.

Estimations relatives aux voyageurs d'une nuit ou plus:

Les statistiques déjà publiées pour 1973 n'ont pas établi de distinction bien nette entre les voyageurs du même jour et ceux d'une nuit ou plus; cette distinction nous apparaît habituellement après analyse du questionnaire de l'enquête échantillon. Toutefois, comme la portion inconnue du trafic est relativement faible, on peut retrouver ci-après une estimation provisoire du nombre de voyageurs d'une nuit ou plus car son importance est primordiale en ce qui concerne les dépenses.

D'après les relevés, les résidents américains des catégories suivantes en voyage au Canada ont séjourné une nuit ou plus: automobile, 11,165,000; avion particulier, 93,000; autocar, 781,000 et bateau particulier, 120,000. La catégorie "autres moyens" concerne les piétons de même que les personnes en motocyclette et bicyclette et ils sont classés comme entrant et sortant le même jour. Les voyageurs par chemin de fer (60,000) sont classés comme séjournant une nuit ou plus.

La portion inconnue des entrées de résidents américains en 1973 totalisait 1,910,000 ou 5.1 % de l'agrégat. Ce segment comprend les voyageurs par avion et bateau commerciaux. Grâce aux données fragmentaires disponibles et aux rapports précédents, on a estimé que 1,196,000 voyageurs ont séjourné une nuit ou plus. Ainsi, selon les estimations, un total de 13,416,000 voyageurs résidents des États-Unis ont séjourné une nuit ou plus au Canada en 1973.

Une estimation du nombre de voyageurs non résidents entrant au Canada en provenance de pays autres que les États-Unis et séjournant une nuit ou plus n'est pas encore disponible.

Les résidents canadiens revenant de voyage aux États-Unis par automobile et autocar après un séjour d'une nuit ou plus ont été respectivement au nombre de 6,741,000 et 509,000. Les voyageurs de la catégorie "autres moyens de transport" sont considérés comme entrant et sortant le même jour; les voyageurs par train ont totalisé 20,000 et ont été classés comme séjournant une nuit ou plus.

La portion inconnue du trafic se composait de voyageurs canadiens rentrant par avion ou bateau et groupait 1,540,000 personnes ou 5.0 % de l'agrégat. De ce total, et grâce aux données fragmentaires et aux rapports précédents, on estime que 1,326,000 voyageurs canadiens sont revenus après un séjour d'une nuit ou plus. Ainsi, dans l'ensemble, on estime à 8,595,000 les résidents canadiens qui ont séjourné une nuit ou plus aux États-Unis en 1973.

Les résidents canadiens en voyage dans des pays autres que les États-Unis peuvent tous être considérés comme ayant séjourné une nuit ou plus à l'étranger.

(1) Most vehicles destined to Newfoundland, Prince Edward Island and Nova Scotia enter Canada through ports in other provinces where they are recorded.

(2) Includes entries through Routes 9, 9A and 9B.

(3) Estimated on the basis of sample scheme.

(4) Includes entries through Douglas.

(1) La plupart des véhicules à destination de Terre-Neuve, de l'Île-du-Prince-Édouard et de la Nouvelle-Écosse arrivent au Canada par les bureaux situés dans d'autres provinces, où ils sont donc enregistrés.  
 (2) Comprend les véhicules entrés par les routes 9, 9A et 9B.  
 (3) Données estimatives tirées d'un échantillon.  
 (4) Comprend les véhicules déclarés par le bureau d'entrée de Douglas.

(1) Most vehicles destined to Newfoundland, Prince Edward Island and Nova Scotia enter Canada through ports in other provinces where they are recorded.  
(2) Includes entries through Routes 9, 9A and 9B.  
(3) Estimated on the basis of sample scheme.  
(4) Includes entries through Douglas.

(1) La plupart des véhicules à destination de Terre-Neuve, de l'Île-du-Prince-Édouard et de la Nouvelle-Écosse arrivent au Canada par les bureaux situés dans d'autres provinces, où ils sont donc enregistrés.

(2) Comprend les véhicules entrés par les routes 9, 9A et 9B.

(3) Données estimatives tirées d'un échantillon.

(4) Comprend les véhicules déclarés par le bureau d'entrée de Douglas.

### METHOD OF COLLECTION

The new programme for the collection and processing of international travel statistics introduced in 1972 and outlined briefly below, has led to a more accurate count of the number of travellers entering and leaving Canada.

The direct involvement of all Customs officers across Canada in the collection of data has enabled the publication of statistics in this report. The close co-operation of officials in the Department of National Revenue, Customs and Excise, Manpower and Immigration and toll authorities across Canada is greatly appreciated.

The data in this publication are gathered from three source documents completed at all points of entry to Canada. All travellers who clear customs are recorded by category (i.e. returning residents, non-residents, etc.) the method of entry and country of residence. The documents listed below are sent directly to Statistics Canada for processing.

E62 Entry Tally - To record travellers by land and car ferry at ports of entry on the United States - Canadian border.

This count is normally on a full census basis, however at selected ports sampling techniques linked to total counts at toll points are used. A footnote appears in the port detail tables to identify these points of entry using sampling. The sample is a systematic 25 per cent count by Customs officials of United States and Canadian automobile travellers; samples are weighted monthly by Statistics Canada to total traffic counts available from toll authorities or mechanical counters. All other travellers are counted on a full census basis.

E63 Private Craft and Passenger Arrivals - To record travellers entering Canada by private plane and boat. This form is also used to record travellers on commercial freighters, passenger ferries and excursion cruises.

E64 Referral Card - To record travellers entering Canada in commercial plane and boat including charter and cruise arrivals.

A 100 per cent count of travellers at airports and seaports is undertaken through the use of this card which serves the needs of a number of other government departments, including Customs clearance. The cards, which are completed by Customs officials, contain information on the category of traveller and country of residence.

The presentation of the statistics has been revised to include monthly statistics to date over a two year period. The section on provincial data has been re-organized to show statistics for each province separately.

Due to the expanded size of the report to accommodate these changes, selected detailed tabulations on non-resident travellers by country have been condensed. If this information is required please contact Mr. Mike Valiquette, Chief, International Travel Section, Statistics Canada, Ottawa K1A 0Z8 (613-992-5507).

### MÉTHODE DE COLLECTE

Le nouveau programme de collecte et d'exploitation des statistiques sur les voyages internationaux instauré en 1972 et présenté brièvement ci-dessous permet un dénombrement plus exact des voyageurs qui entrent au Canada et qui en sortent.

La participation directe de tous les douaniers du Canada à la collecte des données a permis la publication des statistiques présentées ici. Nous apprécions grandement l'étroite collaboration des fonctionnaires du ministère du Revenu national, Douanes et accise, des représentants du ministère de la Main-d'oeuvre et de l'Immigration et des responsables des postes de péage dans tout le Canada.

Les renseignements de la présente publication proviennent de trois documents remplis à tous les points d'entrée au Canada. Tous les voyageurs qui passent à la douane sont inscrits par catégorie (c.-à-d. les résidents de retour, les non-résidents, etc.), selon le moyen de transport et le pays de résidence. Les documents décrits ci-après sont envoyés directement à Statistique Canada, où ils sont dépouillés.

E62 Feuille de pointage des arrivés, qui sert au dénombrement des voyageurs par terre et par traversier pour automobiles aux postes frontières États-Unis - Canada.

Il s'agit habituellement d'un dénombrement intégral; toutefois, à certains endroits, on utilise des techniques d'échantillonnage que l'on combine à un dénombrement total effectué aux postes de péage. Un renvoi est donné au bas des tableaux en cause afin d'identifier les points d'entrée qui utilisent l'échantillonnage. L'échantillon représente un dénombrement systématique de 25 % effectué par les douaniers pour les personnes des États-Unis et du Canada qui voyagent en automobile. Statistique Canada pondère chaque mois les échantillons avec le nombre total de voyageurs fourni par les responsables des postes de péage ou établi par compteur automatique. Tous les autres voyageurs font l'objet d'un dénombrement intégral.

E63 Arrivées d'aéronefs et de navires particuliers et de leurs passagers, qui sert au dénombrement des voyageurs arrivant en avion ou en bateau particulier. Cette formule sert aussi au dénombrement des personnes voyageant à bord de cargos, de traversiers et des navires de croisière.

E64 Referral Card, qui sert au dénombrement de voyageurs arrivant au Canada par avion et bateau commercial, y compris par vol nolisé et de croisière.

On procède à un dénombrement intégral des voyageurs aux aéroports et aux ports de mer grâce à cette carte qui répond aux besoins d'un certain nombre d'autres ministères, notamment en ce qui concerne le dédouanement. Les cartes, que remplissent les douaniers, renferment des renseignements sur la catégorie de voyageur et le pays de résidence.

On a modifié la présentation des statistiques de manière à y inclure les données mensuelles depuis deux ans. La partie concernant les données provinciales a été restructurée et donne maintenant les statistiques pour chacune des provinces séparément.

En raison de l'expansion de la publication qu'ont entraîné ces modifications, il a fallu condenser certains tableaux détaillés indiquant les voyageurs non résidents selon le pays. On peut obtenir ces renseignements en s'adressant à M. Mike Valiquette, Chef de la Section des voyages internationaux, Statistique Canada, Ottawa K1A 0Z8 (613-992-5507).

### Definition of Terms

**International Traveller.** - The term international traveller applies to all persons arriving in Canada who are cleared through Customs and Immigration points of entry. One person may cross into Canada several times on one trip away from home. The method of collection counts each crossing or visit made. The term international traveller is divided into three groups; non-resident traveller, resident traveller and other traveller. If all "same day" travellers are excluded from non-resident and resident categories, the numbers remaining approximate the international definition of "tourist".

**Non-resident traveller.** - An international traveller resident of a country other than Canada who passes through Canada Customs and is entering Canada for the following reasons:

- Business, commuting to work, seasonal or temporary employment.
- Pleasure, holiday, vacation, health and shopping.
- Visiting friends or relatives.
- Attending a convention, conference or seminar.
- Study, summer resident.
- Travelling in transit who do clear Canada Customs.

**Resident Traveller.** - An international traveller resident of Canada who has travelled outside of Canada for the same reasons as given above and who is returning to Canada through Canada Customs.

**Other Travellers.** - A group consisting of the following types of international travellers:

- Immigrants and former residents returning to establish residence.
- Military personnel and dependents.
- Diplomats and dependents.
- Persons engaged in the operation of a transport.

**Land.** - Automobile, bus and rail traffic as well as "other methods" entering by land and ferry.

**Air.** - Commercial and charter services and private plane.

**Marine.** - Commercial and cruise ship, passenger ferries and private or rented boat, and passengers on freighters.

**Other Methods.** - Pedestrians, bicycle, motorcycle, etc.

**Direct to Canada.** - Non-residents entering from countries other than the U.S.A. or Canadian residents returning from countries other than the U.S.A. directly to Canada. It should be noted that statistics are not provided on this basis for travellers leaving Canada.

**Via the United States.** - Non-residents entering from countries other than the U.S.A. or Canadian residents returning to Canada from countries other than the U.S.A. through or by way of the United States. The length of stay in the U.S. has no bearing on the classification; a person could be in transit through the U.S. or could have stayed several days. Examples: a non-resident entering direct to Canada who visits the United States during his trip would be counted twice; direct on his first entry and via the U.S. on his second entry. A returning resident vacationing in the Southern United States who travels to the Caribbean would be counted as returning via the United States.

**Countries Other than the United States.** - In the case of non-residents, this designation includes all countries other than Continental United States, Alaska and Hawaii. In the case of Canadian resident travellers, this designation includes Hawaii and all countries other than Continental United States and Alaska.

### Définitions des termes

**Voyageur international.** - Les voyageurs internationaux sont toutes les personnes qui arrivent au Canada par un point d'entrée des Douanes ou de l'Immigration. Au cours d'un même voyage, il se peut qu'une personne entre au Canada plusieurs fois. La méthode de collecte prend en compte chaque passage à la frontière ou chaque visite effectuée. Les voyageurs internationaux se divisent en trois groupes: voyageurs non résidents, voyageurs résidents et les autres voyageurs. Si tous les voyageurs "pour la journée" sont exclus des catégories "voyageurs non résidents" et "voyageurs résidents", les autres répondent à peu près à la définition internationale de "touriste".

**Voyageur non résident.** - Voyageur international, résident d'un pays autre que le Canada, qui passe par les Douanes canadiennes et qui entre au Canada pour une des raisons suivantes:

- Affaires, migration quotidienne, emploi saisonnier ou temporaire;
- Voyage d'agrément, congé, vacances, voyage pour motifs de santé ou emplettes.
- Visite à des amis ou des parents.
- Représentation à un congrès, une conférence ou un colloque.
- Études, résidence d'été.
- Voyage en transit en passant par les Douanes canadiennes.

**Voyageur résident.** - Voyageur international, résident du Canada, qui a voyagé à l'extérieur du Canada pour les mêmes raisons qui ci-dessus et qui revient au pays en passant par les Douanes canadiennes.

**Autres voyageurs.** - Groupe constitué des genres suivants de voyageurs internationaux:

- Les immigrants et les anciens résidents revenant fixer leur demeure;
- Les militaires et les personnes à leur charge.
- Les diplomates et les personnes à leur charge.
- Les personnes travaillant dans les transports.

**Par terre.** - En automobile, en autocar, par chemin de fer de même que par les "autres moyens de transport" (arrivée par terre et par traversier).

**Par air.** - Services commerciaux, vols nolisés et avions particuliers.

**Par eau.** - Bateaux commerciaux et de croisière, traversiers pour voyageurs, bateaux particuliers ou loués et cargos.

**Autres moyens.** - À pied, à bicyclette, en motocyclette, etc.

**Directement au Canada.** - Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant de pays autres que les États-Unis et arrivant directement au Canada. À remarquer qu'il n'y a pas de statistiques correspondantes pour les voyageurs qui sortent du Canada.

**Via les États-Unis.** - Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant au Canada en provenance de pays autres que les États-Unis mais en passant par les États-Unis. La durée du séjour aux États-Unis n'a aucune importance: il peut s'agir d'un simple passage aux États-Unis ou d'un séjour de plusieurs jours. Exemples: un non-résident entrant directement au Canada et qui visite les États-Unis au cours de son voyage serait dénombré deux fois: comme entré directement lors de sa première entrée et comme entré via les États-Unis lors de la seconde. Un résident revenant au pays après avoir visité le sud des États-Unis et s'être rendu dans les Caraïbes serait dénombré comme un résident revenant via les États-Unis.

**Pays autres que les États-Unis.** - Pour les non-résidents, cette catégorie comprend tous les pays autres que les États-Unis (partie continentale), l'Alaska et Hawaii. Pour les voyageurs résidents du Canada, cette catégorie comprend Hawaii et tous les pays autres que les États-Unis (partie continentale) et l'Alaska.
