## Review of International Travel

Preliminary estimates for the first quarter, 1973 show that Canada earned \$122 million from international travel, up from \$107 million a year earlier. This year's receipts comprise \$96 million earned from the United States and \$26 million from all other countries.

The increase in receipts from the United States in the first quarter results from increased long-term (one or more nights) automobile and plane visitors. The trend growth in receipts from the latter category is difficult to ascertain as an eleven day air strike occurring in January 1972 hampers comparisons. Changes in receipts between the first quarter of 1972 and 1973 are also affected by Easter (when United States travellers entered) in the first quarter last year and second quarter this year. The growth in receipts from all other countries parallels the growth in the number of travellers.

Canadian resident spending abroad in the first quarter, 1973 was estimated at \$419 million, \$279 million spent in the United States and \$142 million in all other countries. The growth in payments to the United States results primarily from increased spending by long term automobile and plane travellers.

Further analysis showed that since 1968 first quarter payments in addition to being much larger than receipts have grown at twice the rate of the latter. Overall, Canada recorded a \$297 million deficit on travel account for the first quarter, 1973.

Cumulative statistics for the first 3 months of 1973 show that 4,865,300 non-resident travellers entered Canada, up 6.9 percent from last year. This year's aggregate comprises 4,773,300 visitors from the United States and 92,000 from all other countries. Canadian residents returning from travel to the United States numbered 5,975,200, up 8.8 percent from last year. The growth in resident re-entries from the United States this year is primarily attributable to increased automobile re-entries, which accounted for about 84 percent of this year's increase. Canadian residents returning from visits to countries other than the United States numbered 370,800, up from 273,000 the previous year.

## Non-resident travellers Entering Canada

In March, 1973, 1,822,600 United States travellers entered Canada, up 6.7 percent from last year. Of this total 1,639,400 visitors entered by automobile; 1,279,400 of which entered and left on the same day.

Province of entry statistics show that 58 percent of total United States automobile travellers entered in Ontario, followed by New Brunswick, 14 percent; Quebec, 12 percent; and British Columbia, 11 percent. In March the absolute growth in automobile entries through ports in Ontario accounted for about one half the Canada increase. British Columbia recorded 10,000 fewer automobile entries in March this year.

Port of entry statistics show that 88 percent of the Ontario total entered through the ports of Fort Erie, Niagara Falls, Sarnia and Windsor, with the latter accounting for 40 percent of the Ontario total. In Quebec 28 percent entered at Laclede, followed by Rock Island, 16 percent and Phillipsburg, 15 percent. In British Columbia, 53 percent entered through Pacific Highway.

## Revue des voyages internationaux

Les estimations provisoires du premier trimestre de 1973 indiquent que le Canada a réalisé des recettes de 122 millions de dollars au titre des voyages internationaux comparativement à 107 millions il y a un an. Les recettes de cette année comprennent 96 millions de dollars provenant des États-Unis et 26 millions de l'ensemble des autres pays.

L'augmentation des recettes en provenance des États-Unis au premier trimestre provient d'un plus grand nombre de visiteurs en automobile et en avion faisant un séjour prolongé (une nuit ou plus). Il est difficile d'évaluer la tendance de l'accroissement des recettes dans ce cas car une grève de onze jours des transporteurs aériens nuit aux comparaisons. Les différences de recettes entre le trimestre de 1972 et celui de 1973 sont dues en partie à Pâques (arrivée de voyageurs des États-Unis) qui l'an dernier tombait au premier semestre, mais cette année au deuxième. L'accroissement des recettes de l'ensemble des autres pays va avec l'accroissement du nombre des voyageurs.

Les résidents canadiens, selon les estimations, ont dépensé à l'extérieur du pays au cours du premier trimestre de 1973, la somme 419 millions de dollars dont 279 millions aux États-Unis et 142 millions dans tous les autres pays. L'accroissement du montant dépensé aux États-Unis est dû surtout à un plus grand nombre de dépenses de la part des voyageurs en automobile ou en avion faisant un séjour prolongé.

Une analyse plus poussée indique que, depuis le premier trimestre de 1968, les dépenses, en plus de surpasser les recettes, ont progressé à un rythme deux fois supérieur à ces dernières. Dans l'ensemble, le Canada a enregistré un déficit de 297 millions de dollars au compte des voyages au premier trimestre de 1973.

Les statistiques cumulatives des trois premiers mois de 1973 indiquent que 4,865,300 voyageurs non résidents sont entrés au Canada, soit 6.9% de plus que l'an dernier. Le chiffre de cette année comprend 4,773,300 visiteurs des États-Unis et 92,000 de l'ensemble des autres pays. Les résidents canadiens revenant de voyages aux États-Unis étaient au nombre 5,975,200, soit 8.8% de plus que l'an dernier. L'accroissement cette année des résidents de retour des États-Unis est surtout attribuable à une augmentation des retours en automobile, qui représentent environ 84% de l'augmentation. Les résidents canadiens revenant de visites dans des pays autres que les États-Unis étaient au nombre de 370,800 comparativement à 273,000 l'année précédente.

## Non-résidents entrant au Canada

En mars 1973, 1,822,600 voyageurs des États-Unis sont entrés au Canada, soit 6.7% de plus que l'an dernier. De ce total, 1,639,400 visiteurs sont entrés en automobile, dont 1,279,400 sont arrivés et repartis le même jour.

La statistique sur la province d'entrée indique que 58% des voyageurs en automobile en provenance des États-Unis sont entrés en Ontario, suivi du Nouveau-Brunswick, 14%, du Québec, 12% et de la Colombie-Britannique, 11%. L'accroissement absolu en mars des entrées en automobile par des postes de l'Ontario représente environ la moitié de l'augmentation canadienne. La Colombie-Britannique a enregistré 10,000 entrées de moins en automobile en mars de cette année.

La statistique sur les ports d'entrée révèle que 88% du total de l'Ontario sont des entrées par les postes de Fort Érié, Niagara Falls, Sarnia et Windsor avec 40% du total de l'Ontario pour cette dernière ville. Au Québec, 28% sont entrés à Laclede, suivi de Rock Island, 16% et de Phillipsburg, 15%. En Colombie-Britannique, 53% des entrées se sont faites par la route du Pacifique.

#### Non-resident travellers Entering Canada — Concluded

In the non-automobile category United States visitors entering by plane numbered 84,100, up 6.1 percent from the previous year. In the bus category 73,500 travellers were recorded; with an even split between same day and one or more nights traffic.

Province of entry statistics show that about one half of the United States plane visitors entered in Ontario; with four-fifths of this total entering at Toronto International Airport. United States plane travellers entering in Quebec numbered 23,800, nearly all of whom entered at Montreal (Dorval) airport.

Non-resident travellers entering Canada from countries other than the United States numbered 36,960, up 18.8 percent from last year; over half represented direct entries. An area breakdown shows that the two main traveller generating areas, Europe and Asia, accounted for 66.6 and 13.7 percent of total visitor entries, respectively. Country of residence statistics show that 8,800 visitors entered from the United Kingdom; Germany, 3,500; France, 2,700; and Italy, 2,000. Of the above noted only France showed no appreciable gain from the previous year.

Province/port of entry statistics show that travellers from countries other than the United-States entering in Ontario numbered 18,800; 58.2 percent of whom entered at Toronto International Airport. Those entering in Quebec numbered 11,400; 90.5 percent of whom entered at Montreal (Dorval) airport.

#### Resident travellers returning to Canada

In March, 2,330,862 Canadian residents re-entered from the United States, up 11.1 percent from the previous year. Canadian residents returning by automobile numbered 2,019,200, up 11.4 percent from last year. The proportion of automobile entries to total entries at 86 percent remains unchanged from a year earlier.

Province of re-entry statistics show that 893,900 Canadian automobile travellers re-entered in Ontario; representing 44.3 percent of the Canada total, and proportionally decreasing from 46.1 percent the previous year. The province of Quebec, though ranking fourth in total automobile re-entries, recorded the largest proportion of one or more night entries, 28.6 percent of the province total. The province of New Brunswick recorded 420,000 automobile re-entries, 92.6 percent being same day, the largest proportion of any province.

In the non-automobile category, Canadian residents returning from the United States by plane numbered 161,800, up 21.2 percent from last year. Province of re-entry statistics show that 87,200 Canadian plane travellers re-entered in Ontario, up from 68,100 a year earlier. Total plane re-entries in Ontario in March thus represent 53.9 percent of the Canada total, up from 51.0 percent last year. Plane re-entries in Quebec numbered 43,600, up 22.9 percent from the previous year. The proportion of re-entries through Quebec at about 27 percent remains unchanged from last year.

Canadian residents returning by bus numbered 109,500, down from 120,500 last year; this year's total comprises 66,200 same day and 43,300 one or more night re-entries. Bus travellers re-entering in Ontario represented 68.5 percent of the Canada total, down from 73.7 percent last year. Port of re-entry statistics show that over half the Ontario total re-entered at Windsor tunnel.

#### Non-résidents entrant au Canada — fin

Dans la catégorie "autre que l'automobile", 84,100 visiteurs sont arrivés des États-Unis en avion, soit 6.1% de plus que l'année précédente. Dans la catégorie autobus, on a enregistré 73,500 voyageurs avec répartition égale entre les voyageurs d'une journée et ceux d'une nuit ou plus.

La statistique des provinces d'entrée indique qu'environ la moitié des visiteurs en avion en provenance des États-Unis sont entrés en Ontario, dont les 4/5 à l'aéroport international de Toronto. Ceux qui sont entrés au Québec étaient au nombre de 23,800, dont la presque totalité est arrivée à l'aéroport de Montréal (Dorval).

Les voyageurs non résidents entrant au Canada en provenance de pays autres que les États-Unis étaient au nombre de 36,960, soit 18.8% de plus que l'an dernier; plus de la moitié étaient des entrées directes. Une ventilation des régions révèle que les deux principales régions-sources de voyageurs, l'Europe et l'Asie, représentaient respectivement 66.6% et 13.7% des entrées totales des visiteurs. La statistique sur les pays de résidence démontre que 8,800 visiteurs sont entrés du Royaume-Uni, 3,500 de l'Allemagne, 2,700 de la France et 2,000 de l'Italie. Parmi les pays précédents, seulement la France n'a pas connu d'augmentations sensibles par rapport à l'année précédente.

La statistique sur la province ou le port d'entrée indique que les voyageurs des pays autres que les États-Unis arrivant en Ontario ont été au nombre de 18,800 dont 58.2% sont entrés par l'aéroport international de Toronto. Les entrées au Québec étaient au nombre de 11,400, dont 90.5% à l'aéroport de Montréal (Dorval).

#### Résidents revenant au Canada

En mars, 2,330,862 résidents canadiens sont revenus des États-Unis, soit 11.1% de plus que l'année précédente. Les résidents canadiens revenant en automobile ont été au nombre de 2,019,200, soit 11.4% de plus que l'année dernière. La proportion des entrées en automobile par rapport aux entrées totales (86%), est demeurée la même qu'il y a un an.

La statistique sur la province de retour révèle que 893,900 voyageurs canadiens sont revenus en automobile en Ontario, ce qui représente 44.3% du total canadien dont la proportion a diminué par rapport à l'année précédente (46.1%). La province de Québec, même si elle vient au quatrième rang pour le total des rentrées en automobile, a enregistré la plus forte proportion des entrées pour une nuit ou plus, soit 28.6% du total de la province. Le Nouveau-Brunswick a enregistré 420,000 retours, dont 92.6% le même jour; c'est là la plus forte proportion de toutes les provinces.

Dans la catégorie "autre que l'automobile", 161,800 résidents canadiens sont revenus des États-Unis en avion, soit 21.2% de plus que l'année dernière. La statistique sur la province de rentrée indique que 87,200 Canadiens voyageant en avion sont rentrés en Ontario, comparativement à 68,100 un an auparavant. Le total des rentrées en avion en Ontario en mars représente ainsi 53.9% du total du Canada contre 51.0% l'année dernière. Les rentrées en avion au Québec (43,600) représente une augmentation de 22.9% par rapport à l'année précédente. La proportion des rentrées au Québec (environ 27%) n'a pas varié depuis l'année dernière.

Le nombre de résidents canadiens revenant en autocar (109,500) a diminué depuis l'année dernière (120,500); le total de cette année comprend 66,200 rentrées le même jour et 43,300 après une nuit ou plus. Les rentrées en Ontario de voyageurs en autocar représentent 68.5% du total du Canada, ce qui est une diminution par rapport aux 73.7% de l'année dernière. La statistique sur les postes de rentrées indique que plus de la moitié des rentrées totales en Ontario se sont faites par le tunnel de Windsor.

Resident travellers returning to Canada - Concluded

In March, Canadian residents returning from countries other than the United States numbered 154,500, as compared to 110,600 re-entries a year earlier. Canadian residents returning direct by air accounted for 88 percent of total re-entries, a proportion similar to last year.

Province of re-entry statistics show that 55.9 percent of Canadian residents re-entered in Ontario, which was twice the proportion recorded for Quebec. Canadian travellers re-entering at Montreal (Dorval) Airport and Toronto International Airport represented 80 percent of the Canada total, but with the latter accounting for twice as many re-entries.

Résidents revenant au Canada - fin

En mars, 154,500 résidents canadiens sont revenus de pays autres que les États-Unis comparativement à 110,600 un an plus tôt. Les résidents canadiens revenant directement par avion représentent 88% des rentrées totales, proportion semblable à celle de l'année dernière.

La statistique sur les provinces de rentrées montre que 55.9% des résidents canadiens sont rentrés en Ontario, ce qui représente deux fois la proportion du Québec. Les voyageurs canadiens revenant à l'aéroport de Montréal (Dorval) et à l'aéroport international de Toronto représentent 80% du total du Canada mais le dernier aéroport a enregistré à lui seul le double des rentrées.

(1) La plupart des véhicules à destination de Terre-Neuve, de l'Île-du-Prince-Édouard et de la Nouvelle-Écosse arrivent au Canada par les bureaux situés dans d'autres provinces, où ils sont donc enregistrés.

(2) Comprend les véhicules entrés par les routes 9, 9A et 9B.

(3) Données estimatives tirées d'un échantillon.

(4) Comprend les véhicules déclarés par le bureau d'entrée de Douglas.

METHOD OF COLLECTION

The new programme for the collection and processing of international travel statistics introduced in 1972 and outlined briefly below, has led to a more accurate count of the number of travellers entering and leaving Canada.

The direct involvement of all Customs officers across Canada in the collection of data has enabled the publication of statistics in this report. The close co-operation of officials in the Department of National Revenue, Customs and Excise, Manpower and Immigration and toll authorities across Canada is greatly appreciated.

The data in this publication are gathered from three source documents completed at all points of entry to Canada. All travellers who clear customs are recorded by category (i.e. returning residents, non-residents, etc.) the method of entry and country of residence. The documents listed below are sent directly to Statistics Canada for processing.

E62 Entry Tally — To record travellers by land and car ferry at ports of entry on the United States – Canadian border.

This count is normally on a full census basis, however at selected ports sampling techniques linked to total counts at toll points are used. A footnote appears in the port detail tables to identify these points of entry using sampling. The sample is a systematic 25 per cent count by Customs officials of United States and Canadian automobile travellers; samples are weighted monthly by Statistics Canada to total traffic counts available from toll authorities or mechanical counters. All other travellers are counted on a full census basis.

E63 Private Craft and Passenger Arrivals — To record travellers entering Canada by private plane and boat. This form is also used to record travellers on commercial freighters, passenger ferries and excursion cruises.

E64 Referral Card — To record travellers entering Canada in commercial plane and boat including charter and cruise arrivals.

A 100 per cent count of travellers at airports and seaports is undertaken through the use of this card which serves the needs of a number of other government departments, including Customs clearance. The cards, which are completed by Customs officials, contain information on the category of traveller and country of residence.

The presentation of the statistics has been revised to include monthly statistics to date over a two year period. The section on provincial data has been re-organized to show statistics for each province separately.

Due to the expanded size of the report to accommodate these changes, selected detailed tabulations on non-resident travellers by country have been condensed. If this information is required please contact Mr. Mike Valiquette, Chief, International Travel Section, Statistics Canada, Ottawa K1A 0Z8 (613-992-5507).

MÉTHODE DE COLLECTE

Le nouveau programme de collecte et d'exploitation des statistiques sur les voyages internationaux instauré en 1972 et présenté brièvement ci-dessous permet un dénombrement plus exact des voyageurs qui entrent au Canada et qui en sortent.

La participation directe de tous les douaniers du Canada à la collecte des données a permis la publication des statistiques présentées ici. Nous apprécions grandement l'étroite collaboration des fonctionnaires du ministère du Revenu national, Douanes et accise, des représentants du ministère de la Main-d'œuvre et de l'Immigration et des responsables des postes de péage dans tout le Canada.

Les renseignements de la présente publication proviennent de trois documents remplis à tous les points d'entrée au Canada. Tous les voyageurs qui passent à la douane sont inscrits par catégorie (c.-à-d. les résidents de retour, les non-résidents, etc.), selon le moyen de transport et le pays de résidence. Les documents décrits ci-après sont envoyés directement à Statistique Canada, où ils sont dépouillés.

E62 Feuille de pointage des arrivés, qui sert au dénombrement des voyageurs par terre et par traversier pour automobiles aux postes frontières États-Unis – Canada.

Il s'agit habituellement d'un dénombrement intégral; toutefois, à certains endroits, on utilise des techniques d'échantillonnage que l'on combine à un dénombrement total effectué aux postes de péage. Un renvoi est donné au bas des tableaux en cause afin d'identifier les points d'entrée qui utilisent l'échantillonnage. L'échantillon représente un dénombrement systématique de 25 % effectué par les douaniers pour les personnes des États-Unis et du Canada qui voyagent en automobile. Statistique Canada pondère chaque mois les échantillons avec le nombre total de voyageurs fourni par les responsables des postes de péage ou établi par compteur automatique. Tous les autres voyageurs font l'objet d'un dénombrement intégral.

E63 Arrivées d'aéronefs et de navires particuliers et de leurs passagers, qui sert au dénombrement des voyageurs arrivant en avion ou en bateau particulier. Cette formule sert aussi au dénombrement des personnes voyageant à bord de cargos, de traversiers et des navires de croisière.

E64 Referral Card, qui sert au dénombrement de voyageurs arrivant au Canada par avion et bateau commercial, y compris par vol nolisé et de croisière.

On procède à un dénombrement intégral des voyageurs aux aéroports et aux ports de mer grâce à cette carte qui répond aux besoins d'un certain nombre d'autres ministères, notamment en ce qui concerne le dédouanement. Les cartes, qui remplissent les douaniers, renferment des renseignements sur la catégorie de voyageur et le pays de résidence.

On a modifié la présentation des statistiques de manière à y inclure les données mensuelles depuis deux ans. La partie concernant les données provinciales a été restructurée et donne maintenant les statistiques pour chacune des provinces séparément.

En raison de l'expansion de la publication qu'ont entraînées ces modifications, il a fallu condenser certains tableaux détaillés indiquant les voyageurs non résidents selon le pays. On peut obtenir ces renseignements en s'adressant à M. Mike Valiquette, Chef de la Section des voyages internationaux, Statistique Canada, Ottawa K1A 0Z8 (613-992-5507).

Definition of Terms

International Traveller. — The term international traveller applies to all persons arriving in Canada who are cleared through Customs and Immigration points of entry. One person may cross into Canada several times on one trip away from home. The method of collection counts each crossing or visit made. The term international traveller is divided into three groups; non-resident traveller, resident traveller and other traveller. If all "same day" travellers are excluded from non-resident and resident categories, the numbers remaining approximate the international definition of "tourist".

Non-resident traveller. — An international traveller resident of a country other than Canada who passes through Canada Customs and is entering Canada for the following reasons:

- Business, commuting to work, seasonal or temporary employment.
- Pleasure, holiday, vacation, health and shopping.
- Visiting friends or relatives.
- Attending a convention, conference or seminar.
- Study, summer resident.
- Travelling in transit who do clear Canada Customs.

Resident Traveller. — An international traveller resident of Canada who has travelled outside of Canada for the same reasons as given above and who is returning to Canada through Canada Customs.

Other Travellers. — A group consisting of the following types of international travellers:

- Immigrants and former residents returning to establish residence.
- Military personnel and dependents.
- Diplomats and dependents.
- Persons engaged in the operation of a transport.

Land. — Automobile, bus and rail traffic as well as "other methods" entering by land and ferry.

Air. — Commercial and charter services and private plane.

Marine. — Commercial and cruise ship, passenger ferries and private or rented boat, and passengers on freighters.

Other Methods. — Pedestrians, bicycle, motorcycle, etc.

Direct to Canada. — Non-residents entering from countries other than the U.S.A. or Canadian residents returning from countries other than the U.S.A. directly to Canada. It should be noted that statistics are not provided on this basis for travellers leaving Canada.

Via the United States. — Non-residents entering from countries other than the U.S.A. or Canadian residents returning to Canada from countries other than the U.S.A. through or by way of the United States. The length of stay in the U.S. has no bearing on the classification; a person could be in transit through the U.S. or could have stayed several days. Examples: a non-resident entering direct to Canada who visits the United States during his trip would be counted twice; direct on his first entry and via the U.S. on his second entry. A returning resident vacationing in The Southern United States who travels to the Caribbean would be counted as returning via the United States.

Countries Other than the United States. — In the case of non-residents, this designation includes all countries other than Continental United States, Alaska and Hawaii. In the case of Canadian resident travellers, this designation includes Hawaii and all countries other than Continental United States and Alaska.

Définitions des termes

Voyageur international. — Les voyageurs internationaux sont toutes les personnes qui arrivent au Canada par un point d'entrée des Douanes ou de l'Immigration. Au cours d'un même voyage, il se peut qu'une personne entre au Canada plusieurs fois. La méthode de collecte prend en compte chaque passage à la frontière ou chaque visite effectuée. Les voyageurs internationaux se divisent en trois groupes: voyageurs non résidents, voyageurs résidents et les autres voyageurs. Si tous les voyageurs "pour la journée" sont exclus des catégories "voyageurs non résidents" et "voyageurs résidents", les autres répondent à peu près à la définition internationale de "touriste".

Voyageur non résident. — Voyageur international, résident d'un pays autre que le Canada, qui passe par les Douanes canadiennes et qui entre au Canada pour une des raisons suivantes:

- Affaires, migration quotidienne, emploi saisonnier ou temporaire;
- Voyage d'agrément, congé, vacances, voyage pour motifs de santé ou emplettes.
- Visite à des amis ou des parents.
- Représentation à un congrès, une conférence ou un colloque.
- Études, résidence d'été.
- Voyage en transit en passant par les Douanes canadiennes.

Voyageur résident. — Voyageur international, résident du Canada, qui a voyagé à l'extérieur du Canada pour les mêmes raisons qui ci-dessus et qui revient au pays en passant par les Douanes canadiennes.

Autres voyageurs. — Groupe constitué des genres suivants de voyageurs internationaux:

- Les immigrants et les anciens résidents revenant fixer leur demeure;
- Les militaires et les personnes à leur charge.
- Les diplomates et les personnes à leur charge.
- Les personnes travaillant dans les transports.

Par terre. — En automobile, en autocar, par chemin de fer de même que par les "autres moyens de transport" (arrivée par terre et par traversier).

Par air. — Services commerciaux, vols nolisés et avions particuliers.

Par eau. — Bateaux commerciaux et de croisière, traversiers pour voyageurs, bateaux particuliers ou loués et cargos.

Autres moyens. — À pied, à bicyclette, en motocyclette, etc.

Directement au Canada. — Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant de pays autres que les États-Unis et arrivant directement au Canada. À remarquer qu'il n'y a pas de statistiques correspondantes pour les voyageurs qui sortent du Canada.

Via les États-Unis. — Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant au Canada en provenance de pays autres que les États-Unis mais en passant par les États-Unis. La durée du séjour aux États-Unis n'a aucune importance: il peut s'agir d'un simple passage aux États-Unis ou d'un séjour de plusieurs jours. Exemples: un non-résident entrant directement au Canada et qui visite les États-Unis au cours de son voyage serait dénombré deux fois: comme entré directement lors de sa première entrée et comme entré via les États-Unis lors de la seconde. Un résident revenant au pays après avoir visité le sud des États-Unis et s'être rendu dans les Caraïbes serait dénombré comme un résident revenant via les États-Unis.

Pays autres que les États-Unis. — Pour les non-résidents, cette catégorie comprend tous les pays autres que les États-Unis (partie continentale), l'Alaska et Hawaii. Pour les voyageurs résidents du Canada, cette catégorie comprend Hawaii et tous les pays autres que les États-Unis (partie continentale) et l'Alaska.
