SYMBOLS

The following standard symbols are used in Statistics Canada publications:

- . . figures not available.
- . . . figures not appropriate or not applicable.
- nil or zero.
- - amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

SIGNES CONVENTIONNELS

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- . . nombres indisponibles.
- . . . n'ayant pas lieu de figurer.
- néant ou zéro.
- - nombres infimes.
- p nombres provisoires.
- r nombres rectifiés.
- x confidentiels en vertu des dispositions de la Loi sur la Statistique relatives au secret.

| Année de calendrier 1975 | 156 |

METHOD OF COLLECTION

The new programme for the collection and processing of international travel statistics introduced in 1972 and outlined briefly below, has led to a more accurate count of the number of travellers entering and leaving Canada.

The direct involvement of all Customs officers across Canada in the collection of data has enabled the publication of statistics in this report. The close co-operation of officials in the Department of National Revenue, Customs and Excise, Manpower and Immigration and toll authorities across Canada is greatly appreciated.

The data in this publication are gathered from three source documents completed at all points of entry to Canada. All travellers who clear customs are recorded by category (i.e. returning residents, non-residents, etc.) the method of entry and country of residence. The documents listed below are sent directly to Statistics Canada for processing.

E62 Entry Tally – To record travellers by land and car ferry at ports of entry on the United States – Canadian border.

This count is normally on a full census basis, however at selected ports sampling techniques linked to total counts at toll points are used. A footnote appears in the port detail tables to identify these points of entry using sampling. The sample is a systematic 25% count by Customs officials of United States and Canadian automobile travellers; samples are weighted monthly by Statistics Canada to total traffic counts available from toll authorities or mechanical counters. All other travellers are counted on a full census basis.

E63 Private Craft and Passenger Arrivals – To record travellers entering Canada by private plane and boat. This form is also used to record travellers on commercial freighters, passenger ferries and excursion cruises.

E64 Referral Card – To record travellers entering Canada in commercial plane and boat including charter and cruise arrivals.

A 100% count of travellers at airports and seaports is undertaken through the use of this card which serves the needs of a number of other government departments, including Customs clearance. The cards, which are completed by Customs officials, contain information on the category of traveller and country of residence.

The presentation of the statistics has been revised to include monthly statistics to date over a two year period. The section on provincial data has been re-organized to show statistics for each province separately.

Due to the expanded size of the report to accommodate these changes, selected detailed tabulations on non-resident travellers by country have been condensed. If this information is required please contact Mr. Mike Valiquette, Chief, International Travel Section, Statistics Canada, Ottawa K1A 0Z8 (613-995-0847).

Definition of Terms

International Traveller – The term international traveller applies to all persons arriving in Canada who are cleared through Customs and Immigration points of entry. One person may cross into

MÉTHODE DE COLLECTE

Le nouveau programme de collecte et d'exploitation des statistiques sur les voyages internationaux instauré en 1972 et présenté brièvement ci-dessous permet un dénombrement plus exact des voyageurs qui entrent au Canada et qui en sortent.

La participation directe de tous les douaniers du Canada à la collecte des données a permis la publication des statistiques présentées ici. Nous apprécions grandement l'étroite collaboration des fonctionnaires du ministère du Revenu national, Douanes et accise, des représentants du ministère de la Main-d'oeuvre et de l'Immigration et des responsables des postes de péage dans tout le Canada.

Les renseignements de la présente publication proviennent de trois documents remplis à tous les points d'entrée au Canada. Tous les voyageurs qui passent à la douane sont inscrits par catégorie (c.-à-d. les résidents de retour, les non-résidents, etc.), selon le moyen de transport et le pays de résidence. Les documents décrits ci-après sont envoyés directement à Statistique Canada, où ils sont dépouillés.

E62 Feuille de pointage des arrivées, qui sert au dénombrement des voyageurs par terre et par traversier pour automobiles aux postes frontières États-Unis – Canada.

Il s'agit habituellement d'un dénombrement intégral; toutefois, à certains endroits, on utilise des techniques d'échantillonnage que l'on combine à un dénombrement total effectué aux postes de péage. Un renvoi est donné au bas des tableaux en cause afin d'identifier les points d'entrée qui utilisent l'échantillonnage. L'échantillon représente un dénombrement systématique de 25% effectué par les douaniers pour les personnes des États-Unis et du Canada qui voyagent en automobile. Statistique Canada pondère chaque mois les échantillons avec le nombre total de voyageurs fourni par les responsables des postes de péage ou établi par compteur automatique. Tous les autres voyageurs font l'objet d'un dénombrement intégral.

E63 Arrivées d'aéronefs et de navires particuliers et de leurs passagers, qui sert au dénombrement des voyageurs arrivant en avion ou en bateau particulier. Cette formule sert aussi au dénombrement des personnes voyageant à bord de cargos, de traversiers et des navires de croisière.

E64 Referral Card, qui sert au dénombrement de voyageurs arrivant au Canada par avion et bateau commercial, y compris par vol nolisé et de croisière.

On procède à un dénombrement intégral des voyageurs aux aéroports et aux ports de mer grâce à cette carte qui répond aux besoins d'un certain nombre d'autres ministères, notamment en ce qui concerne le dédouanement. Les cartes, que remplissent les douaniers, renferment des renseignements sur la catégorie de voyageur et le pays de résidence.

On a modifié la présentation des statistiques de manière à y inclure les données mensuelles depuis deux ans. La partie concernant les données provinciales a été restructurée et donne maintenant les statistiques pour chacune des provinces séparément.

En raison de l'expansion de la publication qu'ont entraîné ces modifications, il a fallu condenser certains tableaux détaillés indiquant les voyageurs non résidents selon le pays. On peut obtenir ces renseignements en s'adressant à M. Mike Valiquette, Chef de la Section des voyages internationaux, Statistique Canada, Ottawa K1A 0Z8 (613-995-0847).

Définitions des termes

Voyageur international – Les voyageurs internationaux sont toutes les personnes qui arrivent au Canada par un point d'entrée des Douanes ou de l'Immigration. Au cours d'un même voyage, il se peut qu'une personne

Canada several times on one trip away from home. The method of collection counts each crossing or visit made. The term international traveller is divided into three groups; non-resident traveller, resident traveller and other traveller. If all "same day" travellers are excluded from non-resident and resident categories, the numbers remaining approximate the international definition of "tourist".

Non-resident traveller — An international traveller resident of a country other than Canada who passes through Canada Customs and is entering Canada for the following reasons:

- Business, commuting to work, seasonal or temporary employment.
- Pleasure, holiday, vacation, health and shopping.
- Visiting friends or relatives.
- Attending a convention, conference or seminar.
- Study, summer resident.
- Travelling in transit who do clear Canada Customs.

Resident Traveller — An international traveller resident of Canada who has travelled outside of Canada for the same reasons as given above and who is returning to Canada through Canada Customs.

Other Travellers — A group consisting of the following types of international travellers:

- Immigrants and former residents returning to establish residence.
- Military personnel and dependents.
- Diplomats and dependents.
- Persons engaged in the operation of a transport.

Land — Automobile, bus and rail traffic as well as "other methods" entering by land and ferry.

Air — Commercial and charter services and private plane.

Marine — Commercial and cruise ship, passenger ferries and private or rented boat, and passengers on freighters.

Other Methods — Pedestrians, bicycle, motorcycle, etc.

Direct to Canada — Non-residents entering from countries other than the U.S.A. or Canadian residents returning from countries other than the U.S.A. directly to Canada. It should be noted that statistics are not provided on this basis for travellers leaving Canada.

Via the United States — Non-residents entering from countries other than the U.S.A. or Canadian residents returning to Canada from countries other than the U.S.A. through or by way of the United States. The length of stay in the U.S. has no bearing on the classification; a person could be in transit through the U.S. or could have stayed several days. Examples: a non-resident entering direct to Canada who visits the United States during his trip would be counted twice; direct on his first entry and via the U.S. on his second entry. A returning resident vacationing in The Southern United States who travels to the Caribbean would be counted as returning via the United States.

Countries Other than the United States — In the case of non-residents, this designation includes all countries other than Continental United States, Alaska and Hawaii. In the case of Canadian resident travellers, this designation includes Hawaii and all countries other than Continental United States and Alaska.

entre au Canada plusieurs fois. La méthode de collecte prend en compte chaque passage à la frontière ou chaque visite effectuée. Les voyageurs internationaux se divisent en trois groupes: voyageurs non résidents, voyageurs résidents et les autres voyageurs. Si tous les voyageurs "pour la journée" sont exclus des catégories voyageurs non résidents et voyageurs résidents les autres répondent à peu près à la définition internationale de "touriste".

Voyageur non résident — Voyageur international, résident d'un pays autre que le Canada, qui passe par les Douanes canadiennes et qui entre au Canada pour une des raisons suivantes:

- Affaires, migration quotidienne, emploi saisonnier ou temporaire.
- Voyage d'agrément, congé, vacances, voyage pour motifs de santé ou emplettes.
- Visite à des amis ou des parents.
- Représentation à un congrès, une conférence ou un colloque.
- Études, résidence d'été.
- Voyage en transit en passant par les Douanes canadiennes.

Voyageur résident — Voyageur international, résident du Canada, qui a voyagé à l'extérieur du Canada pour les mêmes raisons qui ci-dessus et qui revient au pays en passant par les Douanes canadiennes.

Autres voyageurs — Groupe constitué des genres suivants de voyageurs internationaux:

- Les immigrants et les anciens résidents revenant fixer leur demeure.
- Les militaires et les personnes à leur charge.
- Les diplomates et les personnes à leur charge.
- Les personnes travaillant dans les transports.

Par terre — En automobile, en autocar, par chemin de fer de même que par les "autres moyens de transport" (arrivée par terre et par traversier).

Par air — Services commerciaux, vols nolisés et avions particuliers.

Par eau — Bateaux commerciaux et de croisière, traversiers pour voyageurs, bateaux particuliers ou loués et cargos.

Autres moyens — À pied, à bicyclette, en motocyclette, etc.

Directement au Canada — Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant de pays autres que les États-Unis et arrivant directement au Canada. À remarquer qu'il n'y a pas de statistiques correspondantes pour les voyageurs qui sortent du Canada.

Via les États-Unis — Non-résidents arrivant de pays autres que les États-Unis ou résidents du Canada revenant au Canada en provenance de pays autres que les États-Unis mais en passant par les États-Unis. La durée du séjour aux États-Unis n'a aucune importance; il peut s'agir d'un simple passage aux États-Unis ou d'un séjour de plusieurs jours. Exemples: un non-résident entrant directement au Canada et qui visite les États-Unis au cours de son voyage serait dénombré deux fois; comme entré directement lors de sa première entrée et comme entré via les États-Unis lors de la seconde. Un résident revenant aux pays après avoir visité le sud des États-Unis et s'être rendu dans les Caraïbes serait dénombré comme un résident revenant via les États-Unis.

Pays autres que les États-Unis — Pour les non-résidents, cette catégorie comprend tous les pays autres que les États-Unis (partie continentale), l'Alaska et Hawaii. Pour les voyageurs résidents du Canada, cette catégorie comprend Hawaii et tous les pays autres que les États-Unis (partie continentale) et l'Alaska.

Preliminary estimates for the year 1975 show that Canada recorded a travel account deficit of \$706 million with all countries compared to a deficit of \$284 million in the previous year. Total receipts of \$1,805 million for international travel were more than offset by the spending of \$2,511 million abroad. These estimates include transportation costs paid to Canadian carriers by non-residents entering Canada and fares paid to foreign carriers by residents of Canada.

Receipts on travel account comprised \$1,324 million earned from the United States travellers entering Canada and \$481 million earned from residents from other countries.

Payments on travel account to the United States in 1975 totalled \$1,558 million, up 30.3% from the previous year. Consequently, the Canadian travel balance with the United States showed a deficit for the first time since 1961. Travel payments to all other countries increased by 21.9%, reaching \$953 million.

In 1975, international travellers entering Canada numbered 73.9 million, an increase of 3.5% from a year earlier, and a return to the level of 1973. This aggregate comprised 35.9 million non-resident travellers (down 1.3% from last year and 6.2% below the 1973 level), 34.5 million returning Canadian residents (an increase of 9.5% over 1974 and well above the 1973 level) and 3.5 million in the "other travellers" category which includes immigrants, military personnel and carrier crews.

Non-resident Travellers Entering Canada

United States visitors entering Canada in 1975 numbered 34.6 million, down 1.7% from last year and 7.0% lower than the 1973 level. Visitors from countries other than the United States totalled 1.3 million, an increase of 8.9% over 1974 and 20.2% higher than the 1973 level.

Further disaggregation shows that United States visitors entering Canada by automobile numbered 30.0 million, a decrease of 1.5% compared to 1974. Same day automobile travellers numbered 20.0 million, a decrease of 1.4%, while those staying one or more nights declined by 1.5% to 10.0 million. 1.5 million United States travellers entered by plane, a decrease of 4.8% over 1974, but still 7.0% above the 1973 level. Although total bus traffic by United States residents decreased by 1.0% to 1.5 million in comparison with 1974, bus traffic was still 1.6% above 1973.

In 1975, of the 1.3 million visitors from countries other than the United States, 67.2% came from Europe continuing the downward trend noticed since 1973. Travellers from Asia rose to 14.8% of the aggregate, continuing the upward trend started in the last few years. The largest traveller flows were from the United Kingdom, 379,700; West Germany, 138,000; Japan, 90,400; France, 82,500; the Netherlands, 65,300; Italy, 45,400 and Australia 41,500.

Resident Travellers Returning to Canada

Canadian residents returning from the United States numbered 33.0 million in 1975, an increase of 9.5% over 1974 and 7.2% higher than 1973.

A further breakdown shows that 29.0 million residents returned from the United States by automobile, an increase of 10.2%

Les estimations préliminaires pour 1975 révèlent un déficit de \$706 millions au compte des voyages entre le Canada et les autres pays, comparativement à un déficit de \$284 millions l'année précédente. Les recettes totales au titre des voyages internationaux se sont élevées à \$1,805 millions mais ont été plus que contrebalancées par des dépenses de \$2,511 millions à l'étranger. Ces estimations comprennent les frais de transport payés aux transporteurs canadiens par des non résidents entrant au Canada et ceux payés à des transporteurs étrangers par des résidents canadiens.

Les recettes au compte des voyages comprennent \$1,324 millions provenant de voyageurs américains entrant au Canada et \$481 millions provenant de voyageurs non résidents venant d'autres pays.

Les paiements au compte des voyages vers les États-Unis en 1975 se sont chiffrés à \$1,558 millions, soit une augmentation de 30.3% comparativement au montant de l'année précédente. Conséquemment, la balance du Canada au compte des voyages avec les États-Unis a accusé un déficit pour la première fois depuis 1961. Les paiements au compte des voyages vers les autres pays ont augmenté de 21.9%, atteignant \$953 millions.

En 1975, le nombre de voyageurs internationaux entrant au Canada a été de 73.9 millions, ce qui représente une augmentation de 3.5% par rapport à l'année précédente et un retour au niveau de 1973. Ce total comprend 35.9 millions de voyageurs non résidents (1.3% de moins que l'an dernier et 6.2% inférieur au niveau de 1973), 34.5 millions de résidents canadiens revenant au Canada, (augmentation de 9.5% par rapport à 1974 et bien supérieur au niveau de 1973) et 3.5 millions d'"autres voyageurs", catégorie qui comprend les immigrants, les militaires et les équipages.

Voyageurs non résidents entrant au Canada

En 1975, le nombre de visiteurs venant des États-Unis et entrant au Canada a été de 34.6 millions, soit une diminution de 1.7% par rapport à l'an dernier et 7.0% moindre que le niveau de 1973. Le nombre de visiteurs en provenance de pays autres que les États-Unis s'est élevé à 1.3 million, soit une augmentation de 8.9% comparativement à 1974 et 20.2% de plus qu'en 1973.

Une ventilation plus poussée révèle que le nombre de voyageurs américains entrant au Canada en automobile a été de 30.0 millions, ce qui représente une diminution de 1.5% par rapport à 1974. Les voyageurs du même jour utilisant l'automobile se sont établis à 20.0 millions, soit une baisse de 1.4%, alors que ceux séjournant une nuit ou plus ont baissé de 1.5% pour atteindre 10.0 millions. Il y a eu 1.5 million de voyageurs des États-Unis qui sont entrés au Canada par avion, soit une diminution de 4.8% par rapport à 1974, mais de 7.0% supérieur au niveau de 1973. Même si le trafic par autobus a diminué de 1.0%, atteignant 1.5 million comparativement à 1974, celui-ci était toutefois de 1.6% supérieur à celui de 1973.

En 1975, des 1.3 million de visiteurs en provenance de pays autres que les États-Unis, 67.2% venaient d'Europe, continuant ainsi la tendance à la baisse observée depuis 1973. Les voyageurs en provenance d'Asie ont représenté 14.8% du total, perpétuant la tendance à la hausse amorcée au cours des dernières années. Le Royaume-Uni avec 379,700, l'Allemagne de l'Ouest avec 138,000, le Japon avec 90,400, la France avec 82,500, les Pays-Bas avec 65,300, l'Italie avec 45,400 et l'Australie avec 41,500 ont été les pays qui ont le plus contribué à ces visites.

Voyageurs résidents revenant au Canada

En 1975, le nombre de résidents canadiens revenant des États-Unis s'est chiffré à 33.0 millions de voyageurs, soit une augmentation de 9.5% par rapport à 1974 et de 7.2% comparativement à 1973.

Une analyse plus poussée révèle que 29.0 millions de résidents canadiens sont revenus des États-Unis en automobile, soit une augmenta-

over 1974. Same day automobile travellers totalled 21.6 million, up 8.0%, and one or more nights automobile travellers numbered 7.4 million, up 17.2% over 1974. Plane traffic showed an 11.3% increase reaching 1.8 million users while bus traffic declined by 2.8% to 1.4 million.

In 1975, Canadian residents returning from countries other than the United States increased by 8.4% to 1.6 million, compared to 1974; this represents a 14.3% rise in comparison with 1973. Of this total, 1,386,653 or 89.2% re-entered directly by plane.

Estimates of One or More Nights Traffic

Previously published statistics for 1975 have not provided a complete split between same day and one or more nights traffic, which normally becomes available upon analysis of the sample survey questionnaire. However, since the unknown segment of the travel flow is relatively small, a preliminary estimate of one or more nights traffic is presented below because of its overriding importance in terms of expenditures.

United States visitors remaining in Canada one or more nights entered by the following means of transport: automobile 10,013,700; bus 765,000; private plane, 95,200 and private boat, 124,900. 87,000 United States travellers entering by train are also considered to have stayed one or more nights. United States residents entering Canada by commercial plane or boat are not recorded by length of stay and it is necessary to estimate this split from past relationships. Of the 1,955,200 visitors entering in 1975, 1,375,800 were estimated to have remained in Canada one or more nights. In total, it was estimated that 12,461,600 United States residents remained one or more nights in Canada, a decrease of 2.1% from last year.

Canadian residents returning from the United States after a stay of one or more nights included 7,353,900 travelling by automobile, 539,000 by bus and 34,800 by train. Based on past proportions, residents returning after a stay outside the country of one or more nights by plane and boat were estimated at 1,733,300 for 1975. Thus, in total, Canadian resident travellers staying one or more nights in the United States were estimated to have numbered 9,661,000 in 1975, an increase of 14.6% from 1974.

Canadian resident travellers to countries other than the United States can all be considered as staying one or more nights abroad and numbered 1,554,100 in 1975.

Non-resident visitors from countries other than the United States totalled 1,327,600 in 1975. Although the current reporting system only provides statistics on length of stay for overseas visitors by land via the United States (164,200 same day travellers), the remaining 1,163,400 are assumed to be mostly one or more nights travellers.

tion de 10.2% par rapport à 1974. Les voyageurs du "même jour" utilisant l'automobile ont été de 21.6 millions, soit 8.0% de plus qu'en 1974, et ceux ayant séjourné une nuit ou plus se sont chiffrés à 7.4 millions, soit 17.2% de plus par rapport à 1974. Le trafic par avion a augmenté de 11.3% en s'établissant à 1.8 million d'usagers alors que le trafic par autobus a diminué de 2.8% pour atteindre 1.4 million.

En 1975, 1.6 million de résidents canadiens sont revenus de pays autres que les États-Unis, soit une augmentation de 8.4% comparativement à 1974. Ceci représente une augmentation de 14.3% par rapport à 1973. De ce total, 1,386,653 résidents canadiens sont revenus directement par avion.

Estimations des chiffres de la catégorie "une nuit ou plus"

Les statistiques publiées antérieurement pour l'année 1975 n'ont pas encore été réparties de façon complète entre les voyageurs qui rentrent au Canada après avoir passé d'une part une journée, et de l'autre une nuit ou plus à l'étranger. Généralement, on obtient cette ventilation seulement après l'analyse des questionnaires de l'enquête faite par sondage. Toutefois, comme le segment inconnu est relativement petit, une estimation préliminaire de la catégorie "une nuit ou plus" est présentée ci-dessous en raison de son importance primordiale au chapitre des dépenses.

Les visiteurs venus des États-Unis et restant au pays une ou plusieurs nuits ont utilisé les moyens de transport suivant: automobile 10,013,700; autobus 765,000; avion particulier 95,200 et bateau particulier 124,900. Les 87,000 résidents américains qui sont entrés au Canada en train sont considérés comme ayant séjourné une nuit ou plus. Les résidents des États-Unis qui ont utilisé les lignes commerciales aériennes et maritimes ne sont pas comptés selon la durée du séjour, et on doit avoir recours à des estimations basées sur les données des années précédentes pour évaluer le nombre de voyageurs qui ont passé une ou plusieurs nuits au pays. Des 1,955,200 visiteurs entrés au Canada par mer et par air en 1975, on évalue à 1,375,800 le nombre de ceux qui ont effectué un séjour d'une ou plusieurs nuits. Au total, on estime à 12,461,600 le nombre de résidents des États-Unis qui sont restés une ou plusieurs nuits au pays, ce qui représente une baisse de 2.1% par rapport à l'an dernier.

Les résidents canadiens qui sont revenus des États-Unis après un séjour d'une ou plusieurs nuits comprenaient 7,353,900 qui avaient voyagé en automobile, 539,000 en autobus et 34,800 en train. D'après les proportions des années précédentes, on estime à 1,733,300 le nombre de voyageurs par avion ou bateau revenus des États-Unis après un séjour d'une ou plusieurs nuits. Ainsi, au total, on évalue à 9,661,000 le nombre de résidents canadiens qui ont séjourné une nuit ou plus aux États-Unis en 1975, ce qui représente une augmentation de 14.6% par rapport à 1974.

Les résidents canadiens qui ont voyagé dans d'autres pays que les États-Unis sont tous classés dans la catégorie "une nuit ou plus" et ont totalisé 1,554,100 en 1975.

Il y a eu 1,327,600 résidents de pays autres que les États-Unis qui sont entrés au Canada en 1975. Bien que le système actuel de déclaration ne fournisse des données sur la durée du séjour que dans le cas des visiteurs venant d'outre-mer par voie de terre via les États-Unis (164,200 voyageurs du même jour), on prend pour acquis que les 1,163,400 autres sont en grande partie des visiteurs dont le séjour a duré une ou plusieurs nuits.
