HOSPITALS IN CANADA

1952

This is the seventeenth such publication issued by the Dominion Bureau of Statistics and presents a list of hospitals, sanatoria for tuberculosis and institutions for mental diseases which were in operation in Canada during the year 1952. Hospitals and related institutions are listed by provinces, alphabetically according to location, with the Type and Nature of service, Ownership, and Bed capacity in individual columns. Selected special services are shown, in parentheses, immediately following the name of the hospital or institution.

Hospitals are divided into three main types, Public, Private and Dominion. In column 1, Type of hospital, the word Public has been abbreviated to 'Pub' in order to permit the inclusion of of the Type of service. Private and Dominion are written in full, as it has been found to be impracticable to show the varied types of services rendered in these hospitals.

The Nature of service rendered by Public Hospitals is indicated as follows :

Convalescent	-	Conv	Incurable diseases	-	Inc	Maternity	-	Mat
