Memorandum

Published by Authority of

HOSPITALS IN CANADA - 1953

This is the eighteenth such publication issued by the Dominion Bureau of Statistics and presents a list of hospitals, sanatoria for tuberculosis and institutions for mental diseases which were in operation in Canada during the year 1953. Hospitals and related institutions are listed by provinces, alphabetically according to location, with the Type and Nature of service, Ownership and Bed capacity in individual columns. Selected special services are shown, in parentheses, immediately following the name of the hospital or institution.

Hospitals are divided into three main types, Public Private and Dominion. In column 1, the word public has been abbreviated in order to permit inclusion of the type of service. Private and Dominion are written in full as it was found to be impracticable to show the varied types of service rendered in these hospitals.

The Nature of Service rendered by Public Hospitals is indicated as follows :-

General	- Gen	Chronic Diseases	- Chr	Communicable diseases	- CD
Convalescent	- Conv	Incurable diseases	- Inc	Maternity	- Mat
Mental diseases	- Ment	Orthopaedic	- Orth	Tuberculosis	- TB
