HOSPITALS IN CANADA - 1958

All hospitals, including institutions for mental diseases and sanatoria for tuberculosis, which were in operation in Canada at any time in 1958 are listed in this publication. Lists were checked and revised by provincial health authorities and are complete as at December 31, 1958. The Dominion Bureau of Statistics gratefully acknowledges their assistance. The provinces are arranged from east to west, and the hospitals in each province are arranged alphabetically by location. Headings in the explanatory notes below correspond to columnar headings in subsequent pages.

Q U E B E C

In the List for this province certain institutions which provide, primarily, facilities for custodial or domiciliary care are included solely because they are defined and licensed as private hospitals under the Quebec Private Hospital Act (R.S. 1925, c.189A, S.I. and amendments). Such institutions are designated as "Cus" (Custodial) in the column headed "Type of service". It should be noted that were they not so defined and licensed, most or even all would be excluded from this List.
