LIST OF CANADIAN HOSPITALS
and Related Health Facilities
1959

Published by Authority of
The Honourable Gordon Churchill, Minister of Trade and Commerce

HOSPITALS IN CANADA - 1959

Prepared by the Dominion Bureau of Statistics with the assistance of provincial health authorities, the List of Hospitals and Related Health Facilities covers all recognized Canadian hospitals which were in operation at any time during 1959. In addition to federal hospitals and institutions recognized as hospitals by provincial authorities, it includes (separately, by province) the names and addresses of related health facilities designated as "hospitals"^{1/} and providing insured services under the Federal-Provincial hospital insurance programme. Explanatory notes on columnar headings and classification definitions follow.

LOCATION - postal address; street address also shown in the case of larger cities.

NAME - official name of hospital; special facilities available in the institution indicated in parentheses thus:

CDU	Communicable diseases unit
ChrU	Chronic unit
NS	Approved school of nursing
PsU	Psychiatric unit
TBU	Tuberculosis unit

CATEGORY - Federal (Fed) - those hospitals which are administered by certain federal government departments (National Health and Welfare, Veterans Affairs, and National Defence) for the benefit of persons whose hospital care is the responsibility of the central government (e.g. veterans, Indians, sick mariners, servicemen).

- Private (Pte) - those hospitals which are established as profit-making enterprises and are not obligated to accept indigents; also some hospitals which are owned by religious or other bodies, and provide service exclusively to their members or adherents.

- Public (Pub) - those hospitals which depend, in part at least, on public funds for support, are obligated to accept medically indigent patients, and are recognized as "public hospitals" by the provinces in which they are located.

TYPE OF SERVICE - for the most part, hospitals are classified according to the predominant type of treatment and care provided by the institution; however, any hospital with a general unit (i.e., a unit in which a wide range of diseases or conditions is treated) is classified as "general"; if a hospital comprises two or more units, none of which significantly predominates, the hospital is classified as "miscellaneous". The following abbreviations have been used:

CD	Communicable diseases hospital
Chr	Chronic diseases hospital
Conv	Convalescent hospital
Cus	Custodial hospital (Quebec only)
Gen	General hospital
Mat	Maternity hospital
Ment	Mental hospital
Misc	Miscellaneous hospital (not otherwise classifiable)
Orth	Orthopaedic hospital
TB	Tuberculosis hospital

OWNERSHIP - as determined by registration of deed or lease. The following abbreviations have been used:

Ang	Anglican
DND	Department of National Defence
DNH	Department of National Health and Welfare
DVA	Department of Veterans Affairs
Lay	Lay corporation or individual(s)
Mun	Municipal (including county, hospital district, and union of municipalities)
OR	Other religious denomination (not shown elsewhere)
Prov	Provincial
RC	Roman Catholic
SA	Salvation Army
Terr	Territorial
UC	United Church

CAPACITY - as determined by application of standards, under provincial responsibility; suggested minimum standards are circulated by the Dominion Bureau of Statistics, but where a provincial standard provides more square feet per bed than the federal standard, the provincial standard applies.

^{1/} As at November 1, 1959.

In the List for this province certain institutions which provide, primarily, facilities for custodial or domiciliary care are included solely because they are defined and licensed as private hospitals under the Quebec Private Hospital Act (R.S. 1925, c.189A, S.I. and amendments). Such institutions are designated as "Cus" (Custodial) in the column headed "Type of service". It should be noted that were they not so defined and licensed, most or even all would be excluded from this List.
