EXPLANATORY NOTES AND GLOSSARY

This publication was prepared in the Institutions Section of the Health and Welfare Division at the Dominion Bureau of Statistics. The Bureau is grateful for the co-operation received from the provincial hospital and welfare authorities for their assistance in the annual scrutiny and revision of this List. The List reflects hospitals and related institutions in operation as at January 1, 1970.

A hospital is defined as an institution which is operated for the medical, surgical and/or obstetrical care of in-patients, and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada. This definition includes mental institutions as well as tuberculosis sanatoria. Hospitals are listed in this publication alphabetically according to location.

Related institutions are shown in a separate section. They include infirmaries, nursing homes, rest homes, homes for the aged, the blind or the senile. They also are listed alphabetically according to location.

Facilities are presented in one single list and may be found on page 72. These facilities provide out-of-hospital insured services according to the Hospital Insurance and Diagnostic Services Act.

**LOCATION** - Postal address: street address is shown in the larger cities. Hospitals in distinct municipalities which make up large metropolitan areas are shown with the metropolitan area according to the boundaries of the 1961 Census of Canada. The abbreviation M.A. is sometimes used for Metropolitan Area.

**NAME** - Official name of institution; definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference; special facilities available in the institution indicated in parentheses thus:

ChrU	Chronic unit
GenU	General unit
GerU	Geriatric unit
PsU	Psychiatric unit
RehabU	Rehabilitation unit
TBU	Tuberculosis unit
NS	Approved school of nursing
RU	Residential units in Ontario mental hospitals

**CATEGORY** - Public (Pub) - hospitals recognized by the province as a "public hospital". Such a hospital generally is not operated for profit, and accepts all patients regardless of their ability to pay.

- Private (Pte) - hospitals recognized by the province as a "private hospital". Such a hospital generally restricts its admissions to patients paying for the care provided at rates determined by the management. Some of these are owned by religious or other bodies and provide service exclusively to their members or adherents.

- Federal (Fed) - those hospitals which are administered by certain federal government departments (National Health and Welfare, Veterans Affairs, and National Defence) for the benefit of persons whose hospital care

NOTES EXPLICATIVES ET TERMINOLOGIE

La présente publication a été rédigée par la Section des institutions de la Division de la Santé nationale et du Bien-être social du Bureau fédéral de la statistique. Le Bureau remercie les autorités hospitalières et du bien-être social des provinces d'avoir aidé à la vérification et à la révision annuelle de cette liste qui donne le nombre d'hôpitaux et d'établissements connexes en activité au 1er janvier 1970.

Par définition, un hôpital est un établissement où des soins médicaux, chirurgicaux et (ou) d'obstétrique sont donnés aux malades hospitalisés, enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada. Cette définition englobe les établissements psychiatriques et les sanatoriums pour tuberculeux. La liste des hôpitaux figurant dans la présente publication est donnée par ordre alphabétique suivant l'emplacement géographique.

Les établissements connexes se trouvent dans une section distincte. Ils comprennent les infirmeries, les foyers, les maisons de repos, et les hospices pour les personnes âgées, les aveugles et les vieillards. Ils figurent aussi en ordre alphabétique suivant l'emplacement géographique.

Les installations sont groupées dans une même liste à la page 72. Il s'agit des installations qui dispensent aux assurés des soins à l'extérieur de l'hôpital en vertu de la loi sur l'assurance-hospitalisation et les services diagnostiques.

L'abréviation M.A. est quelquefois utilisée pour "Zone Métropolitaine".

**NOM** - Nom officiel de l'établissement; l'article défini précédent le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches; les installations spéciales de l'établissement sont indiquées entre parenthèses de la manière suivante:

ChrU	quartier des maladies chroniques
GenU	quartier pour les soins généraux
GerU	quartier de gériatrie
PsU	quartier de psychiatrie
