The reader's attention is drawn to the fact that not all of the collected and tabulated data appear in published form. Inquiries with respect to data of this nature or to data contained in this publication are invited and should be forwarded to the Hospitals Section of the Health Division of Statistics Canada.

EXPLANATORY NOTES AND GLOSSARY

This publication was prepared in the Hospitals Section of the Health Division of Statistics Canada. Statistics Canada is grateful for the co-operation received from the provincial hospital authorities for their assistance in the annual scrutiny and revision of this List. The List includes hospitals in operation as at January 1, 1975.

A HOSPITAL — is defined as an institution where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services, and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada. This definition includes mental institutions as well as tuberculosis sanatoria.

RELATED FACILITIES — are presented in two lists on pages 61 and 65. The first list shows "Facilities for the treatment of emotionally disturbed children" and the second list shows "Facilities for the provision of out-of-hospital insured services" as approved by the Hospital Insurance and Diagnostic Services Act.

Hospitals and Related Facilities are listed alphabetically according to location.

LOCATION — Postal address: street address is shown in the larger cities. Hospitals in distinct municipalities which make up large metropolitan areas are shown with the metropolitan area according to the boundaries of the 1971 Census of Canada. The abbreviation M.A. is for Metropolitan Area.

NAME — Official name of institution: definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference; special facilities available in the institution indicated in parenthesis thus:

PsU Psychiatric unit  
TBU Tuberculosis unit  
NS Approved school of nursing  
RU Residential units in Ontario mental hospitals

CATEGORY — Public (Pub. incl. Voluntary, Provincial and Municipal) — Hospitals recognized by the province as a "public hospital". Such a hospital generally is not operated for profit.

— Proprietary (Prop.) — Hospitals recognized by the province as a "proprietary hospital". These hospitals are owned by an individual or by a private organization and operated for a profit.

— Federal (Fed.) — Hospitals owned by a department or agency of the Government of Canada and operated on a non-profit basis. Operation will generally be the responsibility of one of the departments or agencies, e.g. Veterans Affairs, Health and Welfare Canada, National Defence or Atomic Energy of Canada.

NOTES EXPLICATIVES ET TERMINOLOGIE

La présente publication a été rédigée par la Section des hôpitaux de la Division de la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1<sup>er</sup> janvier 1975.

HÔPITAL — Par définition, un hôpital est un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint, et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada. Cette définition englobe les établissements psychiatriques et les sanatoriums pour tuberculeux.

LES INSTALLATIONS CONNEXES — sont réparties en deux listes (pages 61 et 65). La première liste indique les installations pour le traitement des enfants souffrant de troubles émotifs et la seconde liste énumère les installations qui dispensent aux assurés des soins à l'extérieur de l'hôpital en vertu de la Loi sur l'assurance-hospitalisation et les services diagnostiques.

Les hôpitaux et les installations connexes sont inscrits par ordre alphabétique selon l'emplacement.

EMPLACEMENT — Adresse postale: le nom de la rue est indiqué lorsqu'il s'agit d'une grande ville. Dans le cas de municipalités distinctes formant une grande zone métropolitaine, l'adresse de l'hôpital est celle de la zone métropolitaine suivant les limites fixées par le recensement du Canada de 1971. L'abréviation M.A. est utilisée pour "zone métropolitaine".

NOM — Nom officiel de l'établissement; l'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches; les installations spéciales dont dispose l'établissement sont indiquées entre parenthèses de la manière suivante:

PsU quartier de psychiatrie  
TBU quartier pour les soins aux tuberculeux  
NS école reconnue d'enseignement infirmier  
RU quartier résidentiel dans les établissements psychiatriques de l'Ontario

CATÉGORIE — Public (Pub. — comprend les hôpitaux provinciaux, municipaux et les hôpitaux privés sans but lucratif) — Désigne les hôpitaux reconnus par la province comme "hôpitaux publics". En règle générale ces hôpitaux n'ont aucun but lucratif.

— Privé, à but lucratif (Prop.) — Désigne les hôpitaux reconnus par la province comme hôpitaux privés à but lucratif. Ces hôpitaux appartiennent à un particulier ou à un organisme privé et sont exploités en vue de bénéfices. Certains de ces hôpitaux appartiennent à des communautés religieuses ou à d'autres organismes et ne dispensent des soins qu'à leurs membres ou adhérents.

— Fédéral (Fed.) — Hôpitaux, sans but lucratif, appartenant à un ministère ou à un organisme du gouvernement fédéral. En général les activités de ces hôpitaux sont soumises au contrôle d'un ministère ou d'un organisme (par exemple: les Affaires des anciens combattants, Santé et bien-être social Canada, la Défense nationale, ou l'Énergie atomique du Canada).

TYPE OF SERVICE - Classification is according to the predominant type of treatment and care provided by the institution.

A hospital, classified as "General", provides primarily for the diagnosis and short-term treatment of patients for a wide range of diseases, or injuries, and is not restricted to a specific age-group or sex.

Allied special hospitals include "Pediatric", "Rehabilitation" (incl. convalescent), "Extended care" (incl. chronic), and "Other" (e.g. cancer, maternity, cardiology, orthopedic hospitals).

Nursing Stations, Outpost hospitals and those Nursing Homes temporarily listed in Schedule A of the Hospital Insurance Agreement are classified as "Miscellaneous".

In the Province of Quebec, some institutions are designated as "Centres d'accueil". (Reception Centres).

There are 4 classes of "Centres d'accueil":

- (a) day-care centres that shall admit persons and provide them during part of the day with care and activities designed to promote their physical, intellectual and social development;
- (b) transition centres that shall admit persons deprived of their usual family surroundings who are obliged to seek temporary protective help;
- (c) rehabilitation centres that shall admit persons suffering from a major physical, intellectual, psychological or social handicap who require intensive rehabilitation or orientation for a limited period of time; and
- (d) home care centres that shall admit persons who, because of a lessening in their physical or mental capacity, are obliged to sojourn in protective residence.

This List shows those "Centres d'accueil" which are part of another institution.

The following abbreviations have been used for designating the "type of service":

Les hôpitaux spécialisés comprennent les hôpitaux "pédiatrique" "de réadaptation" (et de convalescence), "de soins prolongés" (et pour malades chroniques) et "autres" (par exemple: les hôpitaux anticancéreux, les maternités, les hôpitaux de cardiologie ou orthopédiques).

Sont classés sous la catégorie "divers", les postes infirmiers, les hôpitaux éloignés, et les foyers temporairement inclus dans le tableau A des Accords sur l'assurance-hospitalisation.

De plus, dans la province de Québec il y a quatre classes de centres d'accueil:

- (a) les centres de garderie, qui reçoivent des personnes à qui ils offrent pendant une partie de la journée, des soins et un programme d'activités visant à promouvoir leur développement physique, intellectuel et social;
- (b) les centres de transition, qui reçoivent des personnes qui, privées de leur milieu familial habituel, doivent recourir provisoirement à une ressource, de protection;
- (c) les centres de réadaptation, qui reçoivent des personnes qui, à cause d'inadaptation majeure sur le plan physique, intellectuel, psychologique ou social, doivent bénéficier de services intensifs de réadaptation ou d'orientation pour une période définie; et
- (d) les centres d'hébergement, qui reçoivent des personnes qui, en raison d'une diminution de leur autonomie physique ou psychique, doivent séjourner en résidence protégée.
