PREFACE

An extensive array of hospital statistics relating to facilities available, services provided, personnel employed, educational facilities and finances of general and allied special hospitals and mental institutions operating in Canada is prepared by the Institutional Statistics Section of the Health Division of Statistics Canada.

Statistics Canada wishes to express its indebtedness to the individual hospitals across the nation which have prepared and submitted data for inclusion in this national statistical program; to the provincial hospital plan authorities for the collection of the data and; to the provincial hospital associations and the Canadian Hospital Association in their promotion of uniform accounting and recording practices.

Statistics on hospitals have been compiled by Statistics Canada since 1931 and have since been published in varying degrees of detail. The reader's attention is drawn to the fact that, beginning with the reporting year 1973, Volumes I, II and III have been condensed and combined into one volume: *Hospital Statistics, Volume I – Beds, Services and Personnel*, Catalogue 83-227. In a similar manner, Volumes IV, V and VI have become: *Hospital Statistics, Volume II – Expenditures, Revenues and Balance Sheet*, Catalogue 83-228 and Volume VII has become: *Hospital Statistics, Volume III – Indicators*, Catalogue 83-229.

PETER G. KIRKHAM,

Chief Statistician of Canada.

PRÉFACE

La Section de la Statistique des établissements de la Division de la santé de Statistique Canada prépare un grand nombre de statistiques sur les installations disponibles, les services fournis, le personnel employé, l'équipement didactique et la situation financière des hôpitaux généraux et spéciaux divers et des hôpitaux pour malades mentaux du Canada.

Statistique Canada remercie les hôpitaux canadiens qui ont préparé et présenté les données pour qu'on puisse les intégrer dans le cadre du programme national de statistique; les administrateurs provinciaux de l'assurance-hospitalisation pour la collecte des données; les associations hospitalières provinciales et l'Association canadienne des hôpitaux pour leur effort d'uniformisation de la comptabilité et de la tenue des registres.

Depuis 1931, Statistique Canada recueille les statistiques sur les hôpitaux et les présente dans des publications plus ou moins détaillées. Nous attirons l'attention du lecteur sur le fait qu'à partir de 1973, les volumes I, II et III ont été condensés et fusionnés en un volume: *La statistique hospitalière, volume I – Lits d'hôpitaux, services et personnel*, n° 83-227 au catalogue. De même les volumes IV, V et VI deviennent: *La statistique hospitalière, volume II – Dépenses, revenus, bilans hospitaliers*, n° 83-228 au catalogue. Le volume VII devient: *La statistique hospitalière, volume III – Indicateurs*, n° 83-229 au catalogue.

Le statisticien en chef du Canada,

PETER G. KIRKHAM.

EXPLANATORY NOTES AND GLOSSARY

This publication was prepared by the Institutional Statistics Section of the Health Division of Statistics Canada. Statistics Canada is grateful for the co-operation received from the provincial hospital authorities for their assistance in the annual scrutiny and revision of this list. The list includes hospitals in operation as of April 1, 1978.

Hospitals and related facilities are listed alphabetically according to location.

Facilities for the provision of out of hospital insured services — A list of the "facilities for the provision of out of hospital insured services" as approved by the Hospital Insurance and Diagnostic Services Act.

A hospital — Is defined as an institution where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada. This definition includes mental institutions.

Location — Postal address — Street address is shown in the larger cities. Hospitals in distinct municipalities which make up large metropolitan areas are shown with the metropolitan area according to the boundaries of the 1971 Census of Canada. The abbreviation M.A. is for Metropolitan Area.

Name — Official name of institution — Definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference; special facilities available in the institution indicated in parenthesis thus:

PsU — Psychiatric unit

TBU — Tuberculosis unit

NS — Approved school of nursing

EDU — Emotionally disturbed children's unit.

NOTES EXPLICATIVES ET TERMINOLOGIE

La présente publication a été rédigée par la Section de la Statistique des établissements de la Division de la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1^{er} avril 1978.

Les hôpitaux et les établissements connexes sont inscrits par ordre alphabétique selon l'emplacement.

Établissements dispensant aux assurés des soins à l'extérieur de l'hôpital — Un répertoire des établissements qui dispensent aux assurés des soins à l'extérieur de l'hôpital en vertu de la Loi sur l'assurance-hospitalisation et les services diagnostiques.

Hôpital — Par définition, un hôpital est un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada. Cette définition englobe les établissements psychiatriques.

Emplacement — Adresse postale — Le nom de la rue est indiqué lorsqu'il s'agit d'une grande ville. Dans le cas de municipalités distinctes formant une grande zone métropolitaine, l'adresse de l'hôpital est celle de la zone métropolitaine suivant les limites fixées par le recensement du Canada de 1971. L'abréviation M.A. est utilisée pour "zone métropolitaine".

Nom — Nom officiel de l'établissement — L'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches; les installations spéciales dont dispose l'établissement sont indiquées entre parenthèses de la manière suivante:

PsU — Quartier de psychiatrie

TBU — Quartier pour les soins aux tuberculeux

NS — École reconnue d'enseignement infirmier

EDU — Quartier pour le traitement des enfants affectivement perturbés.

Category

Public (including voluntary, provincial and municipal) – Applies to a hospital recognized by the province as a “public hospital”. Such a hospital generally is not operated for profit.

Proprietary – Applies to a hospital owned by an individual or by a private organization, operated for a profit and recognized by the province as a “proprietary hospital”.

Federal – Applies to a hospital owned by a department or agency of the Government of Canada and operated on a non-profit basis.

Type of Service

Classification is according to the predominant type of treatment and care provided by the institution.

A hospital classified as “General” provides primarily for the diagnosis and short-term treatment of patients for a wide range of diseases or injuries and is not restricted to a specific age-group or sex.

Allied special hospitals include “Pediatric”, “Rehabilitation” (including convalescent), “Extended care” (including chronic) and “Miscellaneous” (e.g., cancer, cardiology, neurology, outpost hospitals and nursing stations).

In the province of Quebec, some institutions are designated as *Centres d'accueil* (réception centres).

There are four classes of *Centres d'accueil*:

- (a) day-care centres that shall admit persons and provide them during part of the day with care and activities designed to promote their physical, intellectual and social development;
- (b) transition centres that shall admit persons deprived of their usual family surroundings who are obliged to seek temporary protective help;
- (c) rehabilitation centres that shall admit persons suffering from a major physical, intellectual, psychological or social handicap who require intensive rehabilitation or orientation for a limited period of time; and
- (d) home care centres that shall admit persons who, because of a lessening in their physical or mental capacity, are obliged to sojourn in protective residence.

Catégorie

Public (s'applique aux hôpitaux privés sans but lucratif, aux hôpitaux provinciaux et aux hôpitaux municipaux) – Hôpital reconnu par la province comme “public”. Un tel hôpital ne vise ordinairement pas à réaliser des bénéfices.

Privé à but lucratif – S'applique aux hôpitaux reconnus par la province comme “privés à but lucratif”; il s'agit d'un hôpital qu'un particulier ou un organisme privé possède et exploite en vue de réaliser des bénéfices.

Hôpital fédéral – Hôpital appartenant à un ministère où à un organisme du gouvernement du Canada et ne visant pas à réaliser des bénéfices.

Genre de service

Les hôpitaux sont classés suivant le genre principal de traitement et de soins dispensés par l'établissement.

Un hôpital “général” offre principalement des soins de courte durée (diagnostic et traitement) pour une grande variété d'affections et de blessures ou traumatismes, sans distinction d'âge et de sexe.

Les hôpitaux spécialisés comprennent les hôpitaux “pédiatriques”, “de réadaptation” (comprend la convalescence), “de soins prolongés” (comprend les malades chroniques) et divers (par ex., les hôpitaux anticancéreux, de cardiologie, neurologiques, les hôpitaux éloignés et les postes infirmiers).

Dans la province de Québec certains établissements sont reconnus comme centres d'accueil.

Il y a quatre classes de centres d'accueil:

- a) les centres de garderie, qui reçoivent des personnes à qui ils offrent pendant une partie de la journée, des soins et un programme d'activités visant à promouvoir leur développement physique, intellectuel et social;
- b) les centres de transition, qui reçoivent des personnes qui, privées de leur milieu familial habituel, doivent recourir provisoirement à une ressource, de protection;
- c) les centres de réadaptation, qui reçoivent des personnes qui, à cause d'inadaptation majeure sur le plan physique, intellectuel, psychologique ou social, doivent bénéficier de services intensifs de réadaptation ou d'orientation pour une période définie; et
- d) les centres d'hébergement, qui reçoivent des personnes qui, en raison d'une diminution de leur autonomie physique ou psychique, doivent séjourner en résidence protégée.

This list shows those *Centres d'accueil* which are part of another institution.
