PREFACE

This is the initial publication on an important segment of the health delivery institutional setting known as Special Care Facilities. Excluded from these are the traditional hospital, mental institutions and tuberculosis sanatoria but included are institutions such as nursing homes, homes for the aged, physically handicapped, the blind, the deaf, the mentally handicapped, emotionally disturbed children, alcoholics and/or drug addicts, delinquents, unmarried mothers, etc., with a minimum of four beds. The institutions in this group provide nursing, custodial and/or counselling services as opposed to active medical treatment provided in the general and allied special hospitals.

The data, except for the province of Quebec, are based upon a survey conducted by Statistics Canada in mid-1974 which was designed to overcome the variations resulting from differences in provincial legislation, regulations, areas of responsibility and terminology.

This publication will be supplemented with the publication Catalogue 83-222 "Special Care Facilities - Institutional Facilities and Services" containing data on ownership, size, principal characteristics of the residents, levels of care received and in subsequent years, data on the operation and staffing of the facilities.

PETER G. KIRKHAM,
Chief Statistician of Canada.

PRÉFACE

Ceci est la première publication portant sur un segment important d'un ensemble d'établissements de soins de santé connus sous le nom d'établissements de soins spéciaux. Sont exclus de cet ensemble l'hôpital traditionnel, les institutions pour malades mentaux et les établissements pour les tuberculeux, mais en font partie les maisons de repos, les foyers pour les vieillards, et les établissements pour les handicapés physiques, les aveugles, les sourds, les handicapés mentaux, les enfants souffrant de troubles affectifs, les alcooliques et les toxicomanes, les délinquants, les mères célibataires, etc., qui comptent un minimum de quatre lits. Les établissements de ce groupe fournissent simplement des soins infirmiers et les services de surveillants et ou de conseillers, mais pas de traitements médicaux actifs comme dans les hôpitaux généraux et les hôpitaux spécialisés.

Les données, sauf celles de la province de Québec, sont basées sur une enquête menée par Statistique Canada au milieu de 1974 et conçue dans le but d'éliminer les divergences résultants des différences entre les lois, les règlements, les domaines de responsabilité et la terminologie des provinces.

La présente publication sera complétée par une autre intitulée "Établissements de soins spéciaux - Établissements et services" n° 83-222 au catalogue où figurent des données sur la propriété, la taille, les principales caractéristiques des résidents et les niveaux de soins reçus, et où figureront par la suite, des données sur l'exploitation et la dotation en personnel des établissements.

Le statisticien en chef du Canada,
PETER G. KIRKHAM.

GLOSSARY

SPECIAL CARE FACILITY - A facility which provides a measure of care.

In this document only RESIDENTIAL Special Care Facilities are included which maintain four or more beds for residents other than members of staff and which provide care to at least one resident. These facilities are, in general, maintained for residents who are chronically ill or disabled in contrast to, for example, a hospital where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services.

RESIDENTS - A resident is a person who has been formally admitted but not discharged.

MAXIMUM NUMBER OF BEDS - The number of beds that could be set up in the existing space and regularly maintained for residents.

OWNERSHIP - The owner of the facility is the person, group of persons, agency or body responsible for the financial status of the operation.

Prop - Proprietary - Private individual, partnership or corporation regardless of financial aid received by owner or residents and operated for a profit.

Rel - Religious - Religious group.

Le présent document ne tient compte que des Établissements RÉSIDENTIELS de soins spéciaux comprenant au moins quatre lits pour les résidents autres que les membres du personnel et où des soins sont prodigués à au moins un résident. Ces établissements sont habituellement destinées à des malades ou à des invalides chroniques qui y séjournent de façon plus ou moins permanente, par opposition, par exemple, à l'hôpital où les patients sont admis en fonction de leurs besoins médicaux et reçoivent des soins médicaux continus ainsi que des services diagnostiques et thérapeutiques.

RÉSIDENTS - Personne officiellement admise mais non sortie.

NOMBRE MAXIMUM DE LITS - Nombre de lits qui pourraient être dressés dans l'espace actuel et tenus en état régulièrement pour les résidents.

PROPRIÉTÉ - Le propriétaire de l'établissement est la personne, le groupe de personnes, l'organisme ou la personne morale responsable de l'établissement sur le plan financier.

Prop - Propriété privée - Particulier, association ou société constituée en corporation, quelque soit l'aide financière accordée au propriétaire ou aux résidents, qui exploite l'établissement en vue d'un profit.

Rel - Religieux - Groupe religieux.

L - Laïque - Associations, sociétés ou fraternités bénévoles, sans but lucratif.

Mun - Municipalité - Ville, village, comté, district ou autre personne morale autorisée à percevoir des impôts dans une province.

Prov - Administration provinciale - Direction, division ou ministère d'un gouvernement provincial ou territorial, ou une institution relevant de la province, une université par exemple.

Fed - Administration fédérale - Ministère, société de la Couronne ou autre organisme du Gouvernement du Canada.
