## Explanatory Notes and Glossary

This publication was prepared by the Health Care Section of the Health Division of Statistics Canada. Statistics Canada is grateful for the cooperation received from the provincial hospital authorities for their assistance in the annual scrutiny and revision of this list. The list includes hospitals in operation as of April 1, 1987.

Hospitals and facilities for the provision of out-of-hospital insured services are listed alphabetically according to municipality.

**A hospital.** Is defined as a health care institution where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada.

**A facility for the provision of out-of-hospital insured services.** Is a facility where patients are provided with diagnostic and therapeutic services and which is licensed or approved by a provincial government. Such a facility does not normally provide inpatient accommodation. This category also includes the Red Cross Blood depots.

**Name.** Official name of institution. Definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference.

### Category

**Public (including voluntary, provincial and municipal).** Applies to a hospital recognized by the province as a "public hospital". Such a hospital generally is not operated for profit.

**Proprietary.** Applies to a hospital owned by an individual or by a private organization, operated for a profit and recognized by the provinces as a "proprietary hospital".

**Federal.** Applies to a hospital owned by a department or agency of the Government of Canada and operated on a non-profit basis.

## Notes explicatives et glossaire

La présente publication a été rédigée par la Section des soins de santé de la Division de la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1<sup>er</sup> avril 1987.

Les hôpitaux et les établissements dispensant aux assurés des soins à l'extérieur de l'hôpital sont inscrits par ordre alphabétique selon la municipalité.

**Hôpital.** Se définit comme un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada.

**Établissement dispensant aux assurés des soins à l'extérieur de l'hôpital.** Établissement qui dispense aux malades des services diagnostiques et thérapeutiques et qui est enregistré ou reconnu par le gouvernement provincial. Ce genre d'établissement n'assure pas normalement de services d'hospitalisation. Cette catégorie englobe également les banques de sang de la Croix Rouge.

**Nom.** Nom officiel de l'établissement. L'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches.

### Catégorie

**Public (s'applique aux hôpitaux sans but lucratif, aux hôpitaux provinciaux et aux hôpitaux municipaux).** Hôpital reconnu par la province comme "public". Un tel hôpital ne vise ordinairement pas à réaliser des bénéfices.

**Privé à but lucratif.** S'applique aux hôpitaux reconnus par la province comme "privés à but lucratif", il s'agit d'un hôpital qu'un particulier ou un organisme privé possède et exploite en vue de réaliser des bénéfices.

**Hôpital fédéral.** Hôpital appartenant à un ministère ou à un organisme du gouvernement du Canada et ne visant pas à réaliser des bénéfices.
