## Introduction

This report provides a detailed list of hospitals and beds operating in Canada on April 1, 1992. Hospitals are listed by province, alphabetically according to municipality. For each hospital the name, address and postal code are recorded. Also listed are such variables as category, type of hospital, ownership, approved bed complement and approved bassinets complement. Definitions of these items may be found at the back of the report.

This report was prepared by the Health Care Section of the Canadian Centre for Health Information of Statistics Canada after the revision of last year's inventory of hospitals. Statistics Canada is grateful for the cooperation received from the provincial ministries of health for their assistance in reviewing and updating the list.

In past years the List of Hospitals and List of Residential Care Facilities were released as a single publication. For those users who require both lists a special package price is available, the details of which are available from the Canadian Centre for Health Information.

Beginning on April 1, 1990 there was a significant change in the method of reporting for Alberta auxiliary hospitals. At that date, in response to a Provincial move towards integration of nursing homes and auxiliary hospitals, these hospitals came under the Long Term Care Branch. The data for these facilities, as well as that for auxiliary beds formerly in public general hospitals, will now be included in the Residential Care Facilities Survey data file. This change results in a reduction of approximately 5,000 beds in the List of Hospitals, 1992 and a corresponding increase in the List of Residential Care Facilities for the same period.

Le présent rapport contient la liste détaillée des hôpitaux et des lits au Canada au 1<sup>er</sup> avril 1992. Les hôpitaux sont énumérés par province et par ordre alphabétique, selon la municipalité. Le nom, l'adresse et le code postal de chaque hôpital sont indiqués. Figurent aussi dans le bulletin les listes de variables telles que la catégorie, le genre et la propriété de hôpitaux, ainsi que le nombre total de lits et de berceaux approuvés. Le lecteur trouvera à la fin du rapport la définition des termes utilisés.

La Section des soins de santé du Centre canadien d'information sur la santé de Statistique Canada a établi le présent rapport après avoir révisé la liste de l'année dernière. Statistique Canada tient à remercier les ministères provinciaux de la Santé d'avoir aidé à la révision et à la mise à jour de la liste.

Par le passé, la liste des hôpitaux et celle des établissements de soins pour bénéficiaires internes paraissaient dans le même rapport. Les utilisateurs peuvent s'adresser au Centre canadien d'information sur la santé.

Le 1<sup>er</sup> avril 1990, une importante modification a été apportée à la méthode de déclaration utilisée pour les hôpitaux auxiliaires de l'Alberta. Depuis cette date, en raison du mouvement provincial d'intégration des foyers de soins infirmiers et des hôpitaux auxiliaires, ces derniers relèvent de la Direction des soins de longue durée. Les données concernant ces hôpitaux, ainsi que celles sur les lits auxiliaires se trouvant auparavant dans les hôpitaux généraux publics, seront dorénavant intégrées au fichier de données du Rapport des établissements de soins pour bénéficiaires internes. Cette modification entraîne la suppression de quelque 5,000 lits de la Liste des hôpitaux de 1992 et une hausse correspondante du nombre de lits dans la Liste des établissements de soins pour bénéficiaires internes pour la même période.

Data appearing in this report comprise only part of the information available on hospitals. A series of quarterly and annual tables is published by the section. Unpublished data are available in summary and indicator formats and can be tabulated by province and hospital type and size. Requests for data may be subject to a fee in order to recover any costs incurred. Release of unpublished data is subject to the confidentiality provisions of the Statistics Act.

Les données figurant dans le présent bulletin ne constituent qu'une partie des informations disponibles sur les hôpitaux. La section des soins de santé publique une série de tableaux trimestriels et annuels. Présentées sous forme de sommaires et d'indicateurs, les données non publiées peuvent faire l'objet de totalisations par province et selon le genre et la taille des hôpitaux. La Section pourra exiger des frais afin de couvrir toute dépense qu'elle aura engagée pour répondre à une demande de données. La diffusion des données non publiées est assujettie aux dispositions relatives à la confidentialité de la Loi sur la statistique.

## Explanatory Notes and Glossary

This report was prepared by the Health Care Section of the Canadian Centre for Health Information of Statistics Canada. Statistics Canada is grateful for the cooperation received from the provincial hospital authorities for their assistance in the annual scrutiny and revision of this list. The list includes hospitals in operation as of April 1<sup>st</sup>, 1991.

Hospitals are listed alphabetically according to municipality.

**A Hospital.** Is defined as a health care institution where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada.

**Name.** Official name of institution. Definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference.

### Category

**Public (including voluntary, provincial and municipal).** Applies to a hospital recognized as a "public hospital". Such a hospital generally is not operated for profit.

**Proprietary.** Applies to a hospital owned by an individual or by a private organization, operated for a profit and recognized by the provinces as a "proprietary hospital".

**Federal.** Applies to a hospital owned by a department or agency of the Government of Canada and operated on a non-profit basis.

## Notes explicatives et glossaire

Le présent rapport a été rédigé par la Section des soins de santé du Centre canadien d'information sur la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1<sup>er</sup> avril 1991.

Les hôpitaux sont inscrits par ordre alphabétique selon la municipalité.

**Hôpital.** Se définit comme un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada.

**Nom.** Nom officiel de l'établissement. L'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches.

Le Canada est un pays qui défie l'imagination.  
Imaginez un pays où les Terre-Neuviens vivent plus près  
des Africains que de leurs compatriotes de la Colombie-  
Britannique. Un pays où se trouve une île sur laquelle  
s'étend un glacier plus grand que l'Irlande. Imaginez un  
pays qui compte 2 millions de lacs et le plus long littoral  
du monde, et pourtant un seul voisin.

Statistique Canada a créé la 54<sup>e</sup> édition d'**Un  
portrait du Canada** pour célébrer la grandeur de  
notre pays. C'est à partir du riche éven-  
tail de données nationales de Statistique  
Canada que l'on a brossé ce  
tableau de notre situation sociale,  
économique, culturelle et politique.

Plus de 60 magnifiques photos,  
mariées à un texte vivant, offrent  
une vision claire et détaillée de ce  
qu'est le Canada d'aujourd'hui.

Découvrez les splendides régions  
naturelles de ce pays, de même que  
son paysage humain des plus diversifiés,  
à travers six chapitres intitulés :

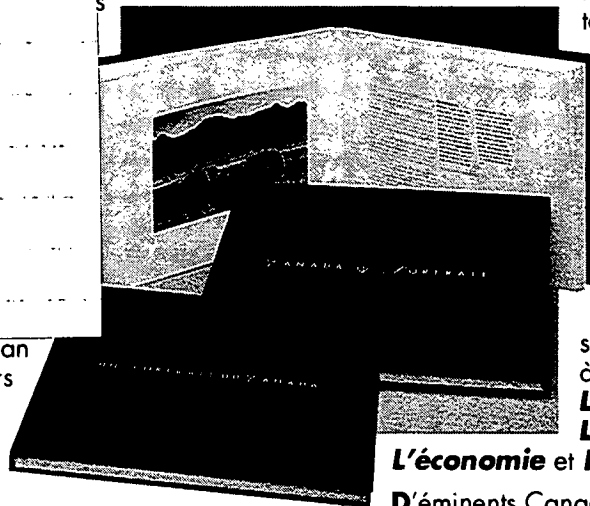

**Le territoire, La population,  
La société, Les arts et les loisirs,  
L'économie et Le Canada dans le monde.**

D'éminents Canadiens, tels Roberta Bondar, astronaute,  
Jean Béliveau, ancienne vedette de hockey, et  
W.O. Mitchell, écrivain, y font part de leur vision  
personnelle du Canada.

**Un portrait du Canada...** un magnifique ouvrage  
de collection qui décrit admirablement bien le Canada  
d'aujourd'hui.

Présenté dans un format de 30 cm sur 23 cm  
(12,25 po X 9 po), dans une couverture rigide de luxe  
et en plus de 200 pages, **Un portrait du Canada**  
(N° 11-403F au catalogue) coûte 38 \$ plus TPS au  
Canada, 41,95 \$ US aux États-Unis et 48,95 \$ US  
dans les autres pays.

Pour commander, écrivez à **Statistique Canada, Vente  
des publications, Ottawa (Ontario), K1A 0T6** ou
