Note of Appreciation

Canada owes the success of its statistical system to a long-standing cooperation involving Statistics Canada, the citizens of Canada, its businesses and governments. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises et les administrations canadiennes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

INTRODUCTION

The Canadian Centre for Health Information, formerly the Health Division of Statistics Canada, began collecting information on residential care facilities in 1974 using an address list from Health and Welfare Canada based facilities receiving benefits from the Canada Assistance Plan (CAP). Statistics Canada has expanded this inventory. It now includes as the target universe, all residential care facilities in Canada. Annually, provinces and territories are requested to update the inventory of residential care facilities held at Statistics Canada. This inventory is produced annually as the "List of Residential Care Facilities".

The term "residential care facilities" refers to facilities which are approved, funded or licensed by provincial/territorial departments of health and/or social services. Among the facilities included are homes for the aged (including nursing homes), physically handicapped, developmentally delayed, psychiatrically disabled, facilities for clients with alcohol and drug problems, for emotionally disturbed children, transients, delinquents, and others.

Le Centre canadien d'information sur la santé de Statistique Canada, anciennement appelé Division de la santé, a commencé un répertoire sur les établissements de soins pour bénéficiaires internes en 1974 à l'aide d'une liste d'adresses établie par Santé et Bien-être social Canada, sur laquelle figuraient les coordonnées des établissements recevant des indemnités du Régime d'assistance publique du Canada (RAPC). Statistique Canada a élargi ce répertoire dont l'univers cible comprend maintenant tous les établissements de soins pour bénéficiaires internes du Canada. Chaque année, les provinces et les territoires sont invités à mettre à jour le répertoire des établissements de soins pour bénéficiaires internes dont Statistique Canada assure la tenue. Il s'agit là d'un répertoire annuel intitulé "Liste des établissements de soins pour bénéficiaires internes".

On entend par "établissements de soins pour bénéficiaires internes" les établissements agréés, subventionnés ou titulaires d'un permis délivré par les ministères provinciaux ou territoriaux de la Santé ou des Services sociaux. Ces établissements regroupent les résidences (maisons de repos comprises) pour les personnes âgées, les personnes souffrant d'un handicap physique, les handicapés développementaux, les personnes souffrant de troubles psychiques, les alcooliques et les toxicomanes, les enfants souffrant de troubles émotifs, les personnes itinérantes, les délinquants, ainsi que d'autres bénéficiaires.

Some of these facilities (homes for the aged, most facilities for the physically handicapped, developmentally delayed and psychiatrically disabled) generally are maintained for people chronically ill or disabled who reside there more or less permanently, in contrast to, for example, a hospital where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services. Generally residential care facilities provide a level of care that is below hospitals, although there is some overlap. Some psychiatric institutions are included in the inventory of residential care facilities. The remainder are included in the inventory of hospitals and complete the Annual Return of Health Care Facilities - Hospitals.

The remainder of residential care facilities (emotionally disturbed children, alcohol and drug problems, delinquents, transients and others provide shelter for a shorter period of time often providing a program of service.

Residential care facilities in this List are listed alphabetically according to municipality. In this document, only RESIDENTIAL Care Facilities are included which maintain four or more beds for residents and which provide care (including counselling) to at least one resident.

Certains établissements (les foyers pour les personnes âgées et la plupart des établissements pour les personnes souffrant d'un handicap physique, les handicapés développementaux et les personnes atteintes de troubles psychiques) s'adressent en général à des malades chroniques ou à des personnes handicapées qui y résident plus ou moins en permanence, par opposition par exemple aux hôpitaux où les patients sont accueillis pour des raisons de santé et reçoivent en permanence des soins médicaux et des services diagnostiques et thérapeutiques à l'appui. En général, les soins dispensés par les établissements pour bénéficiaires internes se situent à un niveau inférieur à celui des services offerts par les hôpitaux, bien qu'il y ait un certain chevauchement. Certains établissements psychiatriques figurent dans le répertoire des établissements de soins pour bénéficiaires internes. Les autres établissements sont inscrits dans le répertoire des hôpitaux et ils remplissent le Rapport annuel des établissements de santé - hôpitaux.

Quant aux autres établissements de soins pour bénéficiaires internes (enfants souffrant de troubles émotifs, alcooliques et toxicomanes, délinquants, personnes itinérantes et autres, ils accueillent les bénéficiaires pendant une période plus courte et dispensent souvent d'un programme de services.

Les établissements de soins pour bénéficiaires internes de la Liste sont en ordre alphabétique selon la municipalité. Dans le document, on retrouve uniquement les établissements de soins pour BÉNÉFICIAIRES INTERNES qui ont quatre lits ou plus pour ce type de bénéficiaires et qui offrent des soins (y compris des services d'assistance socio-psychologique) à au moins un bénéficiaire.

This list of facilities is used as the survey frame for the Survey of Residential Care Facilities. This survey collects data related to the residents, personnel and finances of these facilities. The data are compiled by province, principal characteristics of the predominant group of resident, type of care and bed size of the facility.

Definitions

Ownership refers to the person, group of persons, agency or corporate body who is the registered owner according to the deed.

1. **Proprietary (prop)** applies to a facility owned by an individual. It also applies to private organizations and/or corporations operating for a profit.
2. **Religious (rel)** applies to a facility owned and operated by a religious organization on a non-profit basis.

La Liste des établissements sert de base de sondage à l'enquête sur les établissements de soins pour bénéficiaires internes. Cette enquête permet de réunir des données sur les bénéficiaires, les employés et les finances des établissements concernés. Les données sont réunies selon la province, les principales caractéristiques du groupe prédominant de bénéficiaires, le type de soins et le nombre de lits de l'établissement.

Changes in Concepts and Methodology over Time

The inventory was begun in 1974 is updated annually for reference date April 1.

In 1985/86 in consultation with the National Clearing House on Family Violence it was decided to add transition homes to the inventory of residential care facilities. These were already included in most provinces where there was a requirement for these kinds of facilities to be licensed with the provincial department of social services. The inventory from Health and Welfare Canada was used to complete the inventory at Statistics Canada. In the 1985/86 Return a category "families in crisis" was added to Section G. "Principal characteristics of

Enfants souffrant de troubles émotifs - enfants qui ont des troubles de comportement nécessitant un traitement spécialisé.

Alcooliques/toxicomanes - bénéficiaires ayant besoin d'un traitement pour surmonter des problèmes d'alcoolisme ou de toxicomanie.

Délinquants/jeunes contrevenants - jeunes personnes dont la conduite est contraire à la loi. L'accent est mis sur la mésadaptation sociale plutôt que sur l'intention de commettre un délit.

Autres - comprend les bénéficiaires qui n'entrent dans aucune autre catégorie, p. ex. les mères célibataires, les enfants ayant besoin d'un gîte qui ne sont inclus dans aucune autre catégorie, etc.

Changements relatifs aux concepts et à la méthodologie

On a commencé à dresser le répertoire en 1974; il est mis à jour tous les ans et la date de référence en est le 1^{er} avril.

En 1985-1986, en collaboration avec le Centre national d'information sur la violence dans la famille, il a été convenu d'inscrire les maisons de transition dans le répertoire des établissements de soins pour bénéficiaires internes. Ces établissements étaient déjà pris en considération dans la plupart des provinces où il était obligatoire que ce type d'établissement soit autorisé par le ministère provincial des Services sociaux. Le répertoire de Santé et Bien-être social Canada a servi à dresser le répertoire de Statistique Canada. Dans le rapport de 1985-1986,

residents". This cell was removed for 1988/89 and to "Others" was added "(including families in crisis)".

la catégorie "victimes de violence familiale" a été ajoutée à la section G, "Caractéristiques principales des bénéficiaires". Cette cellule a été supprimée du questionnaire de 1988-1989 et la catégorie "Autres" (y compris les victimes de violence familiale) a été ajoutée.

As of April 1, 1991 transition homes are no longer included with Residential Care Facilities but are listed separately and will include facilities of any bed size.

Depuis le 1er avril 1991, les maisons de transition ne sont plus incluses dans les établissements de soins pour bénéficiaires internes mais elles sont énumérées sur une liste séparée et inclueront les établissements de tout nombre de lits.

PICK A TOPIC... ANY TOPIC

The 1992 Statistics Canada Catalogue is your guide to the most complete collection of facts and figures on Canada's changing business, social and economic environment. No matter what you need to know, the Catalogue will point you in the right direction.

From the most popular topics of the day — like employment, income, trade, and education — to specific research studies — like mineral products shipped from Canadian ports and criminal victimization in urban areas — you'll find it all here. We've even included a selection of key statistics from recent publications.

... the 1992 Statistics Canada Catalogue will help you get your bearings...

The Catalogue puts all this information at your fingertips. With the expanded index, you can search by subject, author or title — even periodical articles are indexed.

And for 1992, a separate index has been added for all our electronic products.

The Catalogue has everything you need to access all Statistics Canada's products:

- descriptions of over 80 new titles, plus succinct abstracts of the over 800 titles and 11 map series already produced;
- a preview of upcoming 1991 census products;
- easy ordering information to avoid delays;
- electronic products in a variety of media, and advice on getting expert assistance and on-line searches;
- tabs to each section — so you can immediately flip to the information you need.

... time and time again

To make sure that the Catalogue stands up to frequent use, we used a specially coated cover to prevent broken spines, tattered edges and dog-eared corners.

Order today — you'll be lost without it.

CHOISISSEZ UN SUJET... N'IMPORTE LEQUEL

Le Catalogue de Statistique Canada 1992 est votre guide pour la collection la plus complète de faits et de chiffres sur le monde, en constante évolution, du commerce, du milieu social et de l'économie. Peu importe ce que vous voulez savoir, il vous mettra sur la bonne piste.

Des sujets actuels les plus populaires — comme l'emploi, le revenu, le commerce et l'éducation, à des études de recherche particulières, comme les produits minéraux expédiés des ports canadiens et la victimisation dans les régions urbaines — vous trouverez tout dans ce document. Nous avons même inclus une sélection des plus importantes statistiques provenant des plus récentes publications.

... le Catalogue de Statistique Canada 1992 vous aidera à vous orienter...

Le Catalogue vous met tous ces renseignements sous la main.

L'index augmenté vous permet de chercher par sujet, auteur ou titre — les articles de périodiques sont même indexés. Et pour 1992, on a ajouté un index séparé pour tous nos produits électroniques.

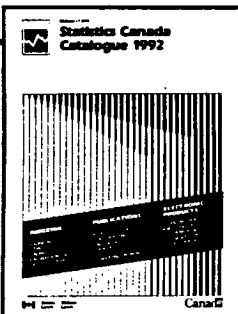

Le Catalogue a tout ce qu'il vous faut pour vous procurer les produits de Statistique Canada :

- descriptions de plus de 80 nouveaux titres et courts résumés des 800 titres et plus et des 11 séries de cartes déjà disponibles;
- premier aperçu des futurs produits du recensement de 1991;
- renseignements clairs pour passer les commandes afin d'éviter les délais;
- produits électroniques sur supports divers et conseils sur l'obtention d'aide d'experts pour les produits électroniques et les recherches en direct;
- systèmes d'onglets pour chaque section sur la couverture arrière — pour que vous puissiez immédiatement repérer les renseignements qui vous intéressent.

... maintes et maintes fois

Pour garantir que le Catalogue puisse résister à une utilisation fréquente, nous avons utilisé une couverture avec un revêtement spécial conçue pour éviter les dos cassés, les bords abîmés et les coins de page pliés.

Commandez aujourd'hui — vous ne pourrez plus vous passer de lui.

Don't start your week without it

Get a jump on your work week by making sure you have the most current economic and social information in Canada. Travelling by first class mail or courier, Statistics Canada's digest, Infomat, arrives at the beginning of each week to help you monitor key economic indicators and keep up with the most current data releases from Canada's national statistical agency.

In eight fact-filled pages, Infomat highlights the findings of Statistics Canada surveys and brings them to your desk each week, often long before detailed reports are published. Throughout the year you'll get the first results of over 100 ongoing surveys and many special surveys—from manufacturing shipments to the health of Canadians or post graduate employment to part-time workers.

Each week, Infomat presents you with,

- concise summaries of fresh facts from over 100 ongoing surveys
- charts and graphs that let you instantly scan the trends
- Overview - an outline of the subjects covered in each issue that you can scan in 30 seconds
- guidance on how to obtain special reports to assist you in your more detailed research.
- Current Trends and Latest Monthly Statistics sections that bring you up to date on the Consumer Price Index, Gross Domestic Product and 21 other key monthly series

Managers, analysts and researchers who are responsible for keeping up to date on changes in Canada's economic and social climate can count on Infomat — as a quick overview of the latest trends and as a weekly reminder of key indicators and data releases. Many subscribers use Infomat's highlights to add authority to their industry analyses, investment plans or corporate reports.

To order Infomat (11-002E), 50 issues annually for \$125 in Canada, US\$150 in the U.S. and US\$175 in other countries, write to Publications Sales and Service, Statistics Canada, Ottawa, Canada, K1A 0T6. For faster service, use your VISA or MasterCard and call toll-free in Canada, 1-800-267-6677.
