Note: The figures shown represent the number of registrations filed in provincial vital statistics offices during the period under review, regardless of when the events actually occurred but exclude "delayed" registrations (events more than 12 months old). They will thus differ slightly from the final figures which will be tabulated in due course according to the actual month of occurrence and the province of residence.

Note: Ces chiffres représentent le nombre d'enregistrements déposé aux bureaux provinciaux de l'état civil durant la période observée, indépendamment du mois de l'événement mais, à l'exclusion des enregistrements "différés" (événements datant de plus de 12 mois). Pour cette raison, ils différeront dans une certaine mesure des chiffres définitifs qui seront établis en temps et lieu selon le mois de l'événement et la province de domicile.
