Statement outlining results, risks, and significant changes in operations, personnel, and programs

Introduction

This quarterly report has been prepared by management as required by section 65.1 of the *Financial Administration Act* and in the form and manner prescribed by the Treasury Board, and it should be read in conjunction with the Main Estimates and Supplementary Estimates. This quarterly report has not been subject to an external audit or review.

The Office of the Auditor General has one program activity: legislative auditing. The Office conducts independent audits and studies that provide objective information, advice, and assurance to Parliament, government, and Canadians.

Mandate

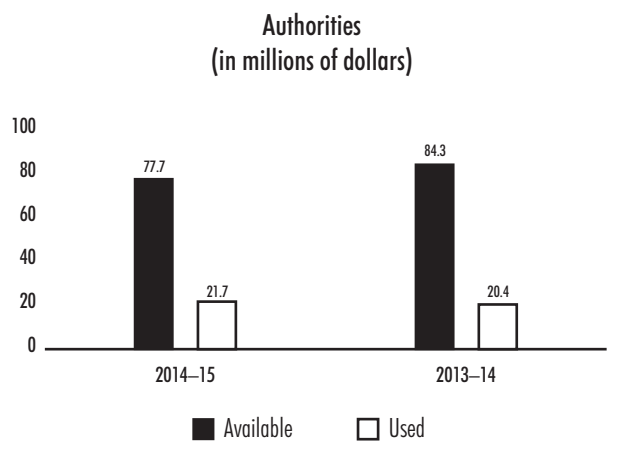

The Auditor General is an Officer of Parliament, who is independent from the government and reports directly to Parliament. The duties are set out in the *Auditor General Act*, the *Financial Administration Act*, and other acts and orders-in-council. These duties relate to legislative auditing and, in certain cases, to monitoring of federal departments and agencies, Crown corporations, territorial governments, and other entities.

Basis of presentation

This quarterly report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the Office's spending authorities granted by Parliament and those used by the Office consistent with the Main Estimates and Supplementary Estimates for the 2014–15 fiscal year. This quarterly report provides financial information on the use of spending authorities. The Office uses the full accrual method of accounting to prepare and present its annual financial statements that are part of the departmental performance reporting process. However, the spending authorities voted by Parliament remain on an expenditure basis.

Highlights of quarterly and year-to-date results

The authorities available decreased as a result of the implementation of the Office's Strategic Operating Review Proposal. The authorities used increased primarily due to the one-time transition payment of \$2.1 million made as a result of a change from pay in advance of work performed to pay in arrears.

Risks and uncertainties

There are no significant risks and uncertainties to report.

Budget 2012 implementation

The Office achieved its planned savings in fiscal year 2014–15 through efficiency measures and reductions that aligned resources to its core mandate and streamlined how the Office works.

Significant changes in operations, personnel, and programs

- A new Commissioner of the Environment and Sustainable Development was appointed on 5 February and assumed the position on 24 March 2014.
- A new Chief Financial Officer (CFO) was appointed and assumed the position on 1 April 2014.
