SPRING 1978

INTRODUCTION

The Office of Information and Public Relations has up-dated its list of publications designed for the Canadian public and the business sector.

All the Department's publications that are most likely to be of interest to the Canadian public have been listed. These publications include: Incentive Programs, Doing Business in Canada series, Market for Canadian Exporters Series and books of interest to the industry sector.

Another list entitled "Taking Stock" contains a collection of departmental brochures designed to promote Canadian products and services for export markets. This collection is not intended for the Canadian markets. It has been published to assist our Trade Commissioners abroad in their efforts to advertise and market Canada's products, services and advanced technology in many fields.

Further information may be obtained from the Printing and Distribution Section, Office of Information and Public Relations, Department of Industry, Trade and Commerce, 235 Queen Street, 2nd Floor East, Ottawa, Ontario, K1A 0H5 or your nearest Regional Office. (See list at the centrefold of this brochure.)

PROGRAMS

The Branch responsible for the administration of a program is indicated by an asterix.

- (EDP) Enterprise Development Program
To enhance the growth in the manufacturing and processing sectors of the Canadian economy by providing assistance to selected firms to make them more viable and internationally competitive.
* Enterprise Development Branch
- (DIP) Defence Industry Productivity Program
Aids Canadian industrial participation in the development and production of defence equipment and associated components with high technological content, through financial assistance.
* Enterprise Development Branch
- (PEMD) Program for Export Market Development
Assists in bringing about a sustained increase in the export of Canadian products by providing incentives in the form of repayable contributions to approved expenses.
* Enterprise Development Branch

(GOMI) Grains and Oilseeds Marketing Incentives Programs
Helps achieve a sustained expansion of the total effective market for Canadian grains and oilseeds through contributions and risk insurance.
* Grains Marketing Office

(AGMAP) Agricultural and Food Products Market Development Assistance Program
Encourages sustained growth for the sale of Canadian agricultural and food products in export and domestic markets through financial assistance.
* Agriculture, Fisheries and Food Products Branch - ITC or Marketing Services, Food Production and Marketing Branch - Agriculture Canada

(PPP) Promotional Projects Program
Promotes the export of Canadian products and services through the use of trade fairs, incoming and outgoing trade missions and promotional literature.
* Promotional Projects Branch

(FDAP) Fashion Design Assistance Program
Increases the international competitiveness of the Canadian apparel, textile, leather and footwear industries through encouraging design and designers and promoting Canada as a source of creative fashion.
* Fashion Canada - Textiles and Consumer Products Branch

(MACH) Machinery Program
Through remission of import duty, permits users of machinery to acquire capital equipment at the lowest possible cost and, at the same time, enables machinery producers to derive the maximum incentive and encouragement from the tariff.
* Machinery Branch

- (SIAP) Shipbuilding Industry Assistance
Financial assistance by grants or contributions to
improve the competitive positions of the Canadian
shipbuilding and repairing industries.
* Ships and Components Division, Transportation
Industries Branch

RESOURCE INDUSTRY
