The following books, which deal with foreign direct investment in Canada, include much of the technical vocabulary used in the subject field of international enterprises.

Annual Report of the Minister of Industry, Trade and Commerce under the Corporations and Labour Unions Returns Act. (Part I. Corporations) 1969/ Rapport annuel du Ministre de l'Industrie et du Commerce présenté conformément à la Loi sur les déclarations des corporations et des syndicats ouvriers (Partie I. The text of this report has English and French versions side by side. In the tables, column headings and stubs are in both languages.

BOOKS

The following books, which deal with foreign direct investment in Canada, include much of the technical vocabulary used in the subject field of international enterprises.

Annual Report of the Minister of Industry, Trade and Commerce under the Corporations and Labour Unions Returns Act. (Part I. Corporations) 1969/ Rapport annuel du Ministre de l'Industrie et du Commerce présenté conformément à la Loi sur les déclarations des corporations et des syndicats ouvriers (Partie I. Corporations) 1969. Ottawa, Statistics Canada, 1972.

The text of this report has English and French versions side by side. In the tables, column headings and stubs are in both languages.

Canada. Department of Industry, Trade and Commerce. Foreign-owned subsidiaries in Canada 1964-1969. Ottawa, Information Canada, 1972. 80p.

Canada. Ministère de l'Industrie et du Commerce. Les Filiales canadiennes de Sociétés étrangères 1964-1969. Ottawa, Information Canada, 1972. 84p. (French translation of the text above).

Canada. Ministère de l'Industrie et du Commerce. Supplément statistique à la publication intitulée: "Les Filiales canadiennes de sociétés étrangères 1964-1969." Ottawa, Information Canada, 1972. 71p. (French translation of the text above).

The following working paper, which is in English only, includes 65 pages of extracts from laws and regulations. These deal with a number of matters relevant to the subject field of international enterprises. Each extract is accompanied by a detailed reference to its source. On consulting the original source, the reader will find the French text printed alongside the English one. The working paper can thus be used as an aid to the location of French terminology in a number of specialized fields relevant to study of the international enterprise.

Canada. Department of Industry, Trade and Commerce. Foreign Investment Division. Selected Readings in Laws and Regulations Affecting Foreign Investment in Canada, March 1972. Ottawa, March 1972. As amended by Amendments Number 1 and 2, 66p.

The following reports of a task force and of a working group cover the field of foreign direct investment in Canada. Consequently, much of the vocabulary is relevant to the field of international enterprises in general. In both cases, the report was written in English and translated into French.

Canada. Task Force on the Structure of Canadian Industry. Foreign Ownership and the Structure of Canadian Industry. Report. January 1968. Ottawa, Queen's Printer, 1968. 427p.
