Ottawa, November 14th 1919.

The Dominion Bureau of Statistics, Internal Trade Division, published to-day a report showing the stocks of meats, produce and fish in cold storage and in process of cure on November 1st.

The creamery butter in storage amounts to 22,150,552 lbs. and dairy butter amounts to 1,323,117 lbs. The total 23,473,469 lbs. is 18.32% more than what was in store one year ago but is 11.64% less than the stocks of last month. The decline in stocks of butter at this time of year, owing to the fact that we are now using cold storage supplies, is usual. However, the movement out of storage this year is very much lighter than that of the same season last year.

Oleomargarine stocks amount to 539,889 lbs. 20.65% more than last month, but 21.17% less than last year.

Cheese stocks, amount to the very large total of 28,283,928 lbs. This is 366.48% more than last year.

Egg stocks include 8,369,828 doz. in cold storage 878,531 doz. on hand other than in cold storage and 397,281 lbs. frozen. The total amounts to 6.28% more than last year and 29.12% less than last month.

Pork stocks in storage and in process of cure total 39,222,333 lbs. This is 20.42% more than last year, but 3.78% less than last month. These stocks include 1,945,673 lbs. frozen fresh; 2,598,614 lbs. fresh unfrozen; 1,933,782 lbs. dry salted; 12,181,469 lbs. sweet pickled; and 20,562,795 lbs. in process of cure - not yet in cold storage.

Beef stocks in storage and in process of cure total 29,096,364 lbs. This is 8.55% less than last year and 18.75% more than last month. These stocks include 22,212,990 lbs. of frozen beef, 8,857,206 lbs. of unfrozen fresh beef, 638,115 lbs. cured and 388,053 lbs. in process of cure.

The mutton and lamb in store amounts to 4,062,724 lbs. This is 14.88% less than last year but 38.46% more than last month. The stock include 3,433,173 lbs. frozen and 629,551 lbs. unfrozen.

The poultry stocks amount to 1,291,958 lbs. This is 1.60% more than last year and 93.51% more than last month. The stocks include 161,669 lbs. of broilers, 405,611 lbs. of chickens, 417,735 lbs. of fowl, 27,151 lbs. of ducks, 22,919 lbs. of geese, 64,711 lbs. of turkeys and 192,162 lbs. of unclassified poultry.

The fish in cold storage is 25,508,608 lbs. which is 16.46% more than last month. The fish on hand other than in cold storage is 2,784,866 lbs.

READER

It is well known that the average person is easily influenced by the ideas of others. This is particularly true in the field of politics, where people are often swayed by the words of their political leaders. However, it is important to remember that not all political leaders are created equal. Some leaders are more effective than others in communicating their ideas and inspiring their followers. In this article, we will explore some of the key factors that contribute to the success of political leaders.

First and foremost, a successful political leader must have a clear vision of what they want to achieve. This vision should be communicated effectively to their supporters, so that they can work together towards a common goal. A leader who lacks a clear vision is likely to be ineffective, as they will be unable to inspire their followers or make informed decisions.

Secondly, a successful political leader must be able to communicate their ideas effectively. This means being able to speak clearly and concisely, as well as being able to listen to the concerns of their supporters. A leader who is unable to communicate effectively is likely to be seen as不懂 or irrelevant, which can damage their credibility and support base.

Thirdly, a successful political leader must be able to build strong relationships with their supporters. This means being approachable, responsive, and empathetic. A leader who is unable to build relationships is likely to be seen as aloof or unapproachable, which can damage their credibility and support base.

Fourthly, a successful political leader must be able to adapt to changing circumstances. This means being flexible, open-minded, and willing to learn from mistakes. A leader who is unable to adapt is likely to be seen as rigid or inflexible, which can damage their credibility and support base.

Finally, a successful political leader must be able to lead by example. This means demonstrating the values and principles that they preach, through their actions and behavior. A leader who is unable to lead by example is likely to be seen as hypocritical or self-serving, which can damage their credibility and support base.

The following firms have not reported November 1st 1919.

R. H. Ashton, Morrisburg, Ont.

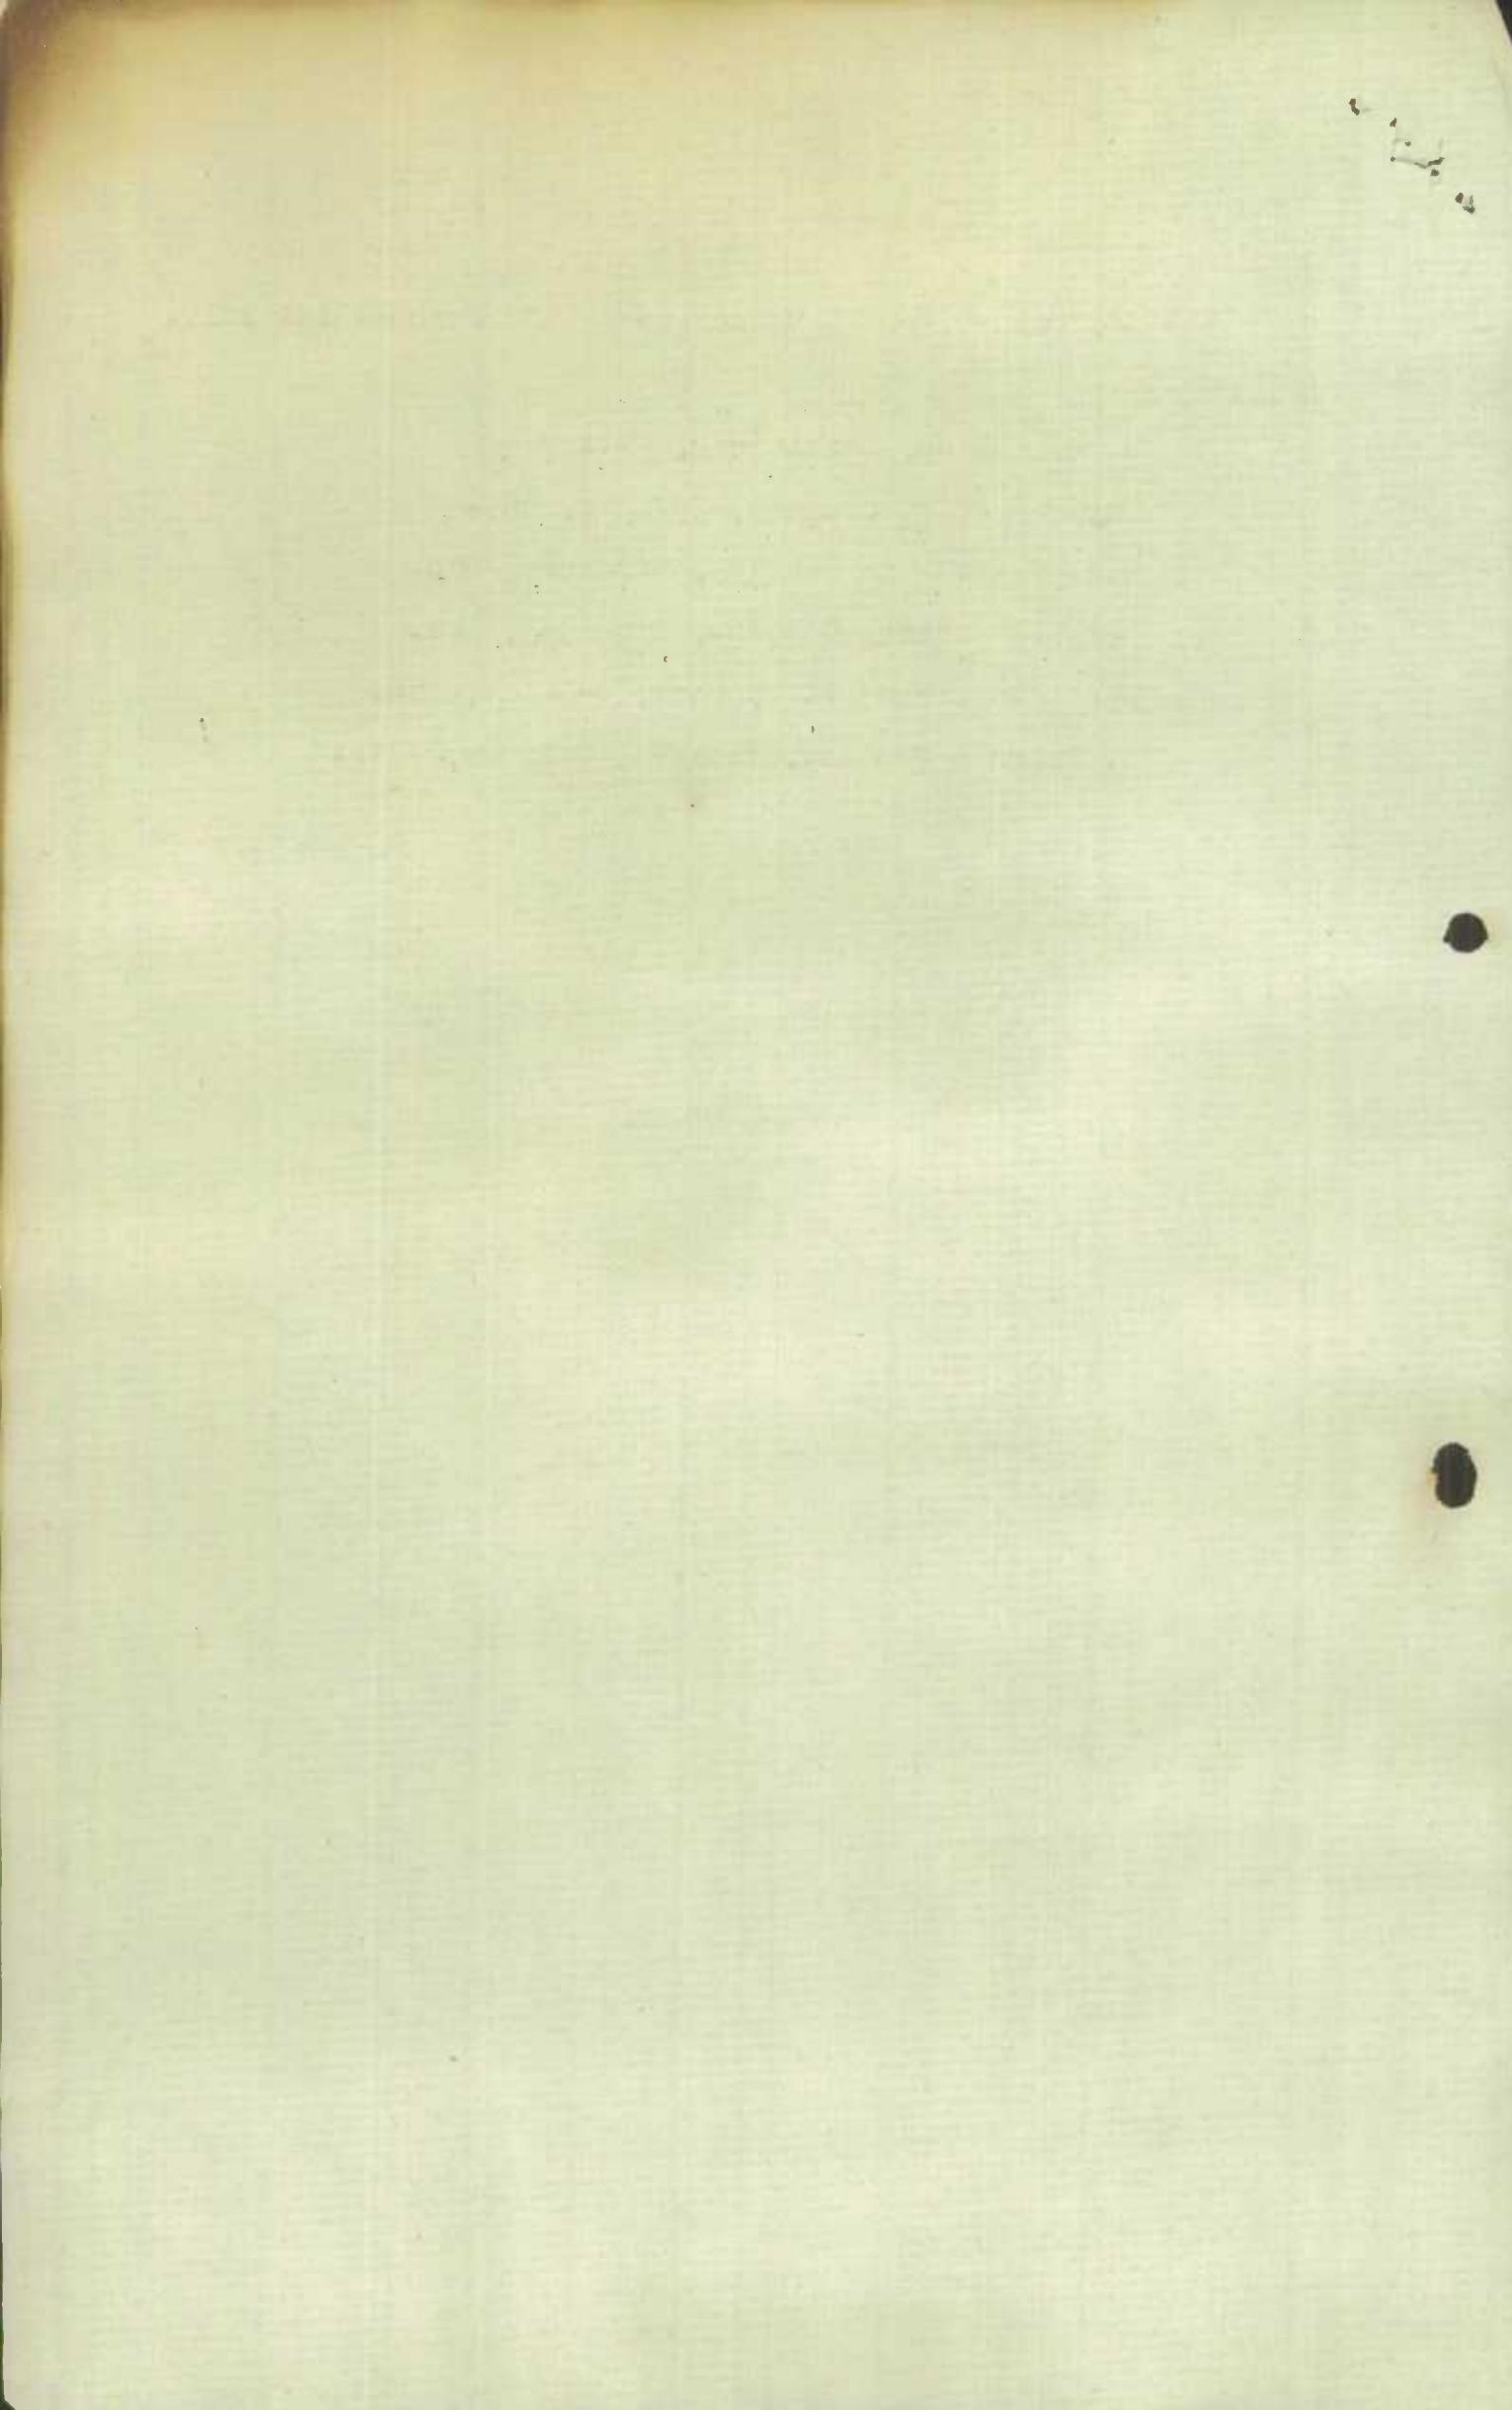

Whyte Packing Company, Toronto, Ont.

W.J. Guest Fish Company, Winnipeg, Man.

Western Packing Company, Winnipeg, Man.

Manitoba Transport Company, Selkirk, Man.

P. Burns & Company, Limited, Calgary, Alta.
